

ESOL NIGHT

NORTHSIDE ELEMENTARY

SCHOOL

Mrs. Bridget Eads

Purpose of the ESOL Program

- Northside Elementary School currently has 38 active students and 6 monitored students in the ESOL program
- Since English is not their first language, English Language Learners (ELLs) require special instruction for better command of the English Language.
- The ESOL Teacher instructs ELL students in four domains: listening, speaking, reading, and writing.

How can you help at home?

- Encourage your child to read each day for 20 minutes
- Help them practice their sight words
- Check to make sure they have completed their homework
- Utilize the free community resources like the local library and the Lindsey Support Center
- Use the school app to communicate with your child's ESOL support teacher and homeroom teacher regularly for specific areas of focus

NES ESOL

The screenshot displays the NES ESOL app interface. At the top, there is a navigation bar with four tabs: 'Feed', 'Materials' (which is highlighted in purple), 'Info', and 'Settings'. Below the navigation bar, there is a search bar labeled 'Search materials...' with a magnifying glass icon. To the right of the search bar are two buttons: 'Create folder' and 'Add' with a dropdown arrow. Below the search bar, there is a 'Sort' dropdown menu set to 'Custom'. The main content area displays a grid of five material folders, each with a folder icon, a title, a count of items, and a date. The folders are: 'Alphabet' (3 item(s), Added: Aug 29, 2026), 'High Frequency Words' (5 item(s), Last modified: Aug 29, 2026), 'Counting' (1 item(s), Added: Aug 29, 2026), 'Shapes' (2 item(s), Added: Aug 29, 2026), and 'Kindergarten Math' (1 item(s), Last modified: Aug 29, 2026). Each folder has a three-dot menu icon to its right.

LISTENING

ACCESS SCORES

WRITING

SPEAKING

READING

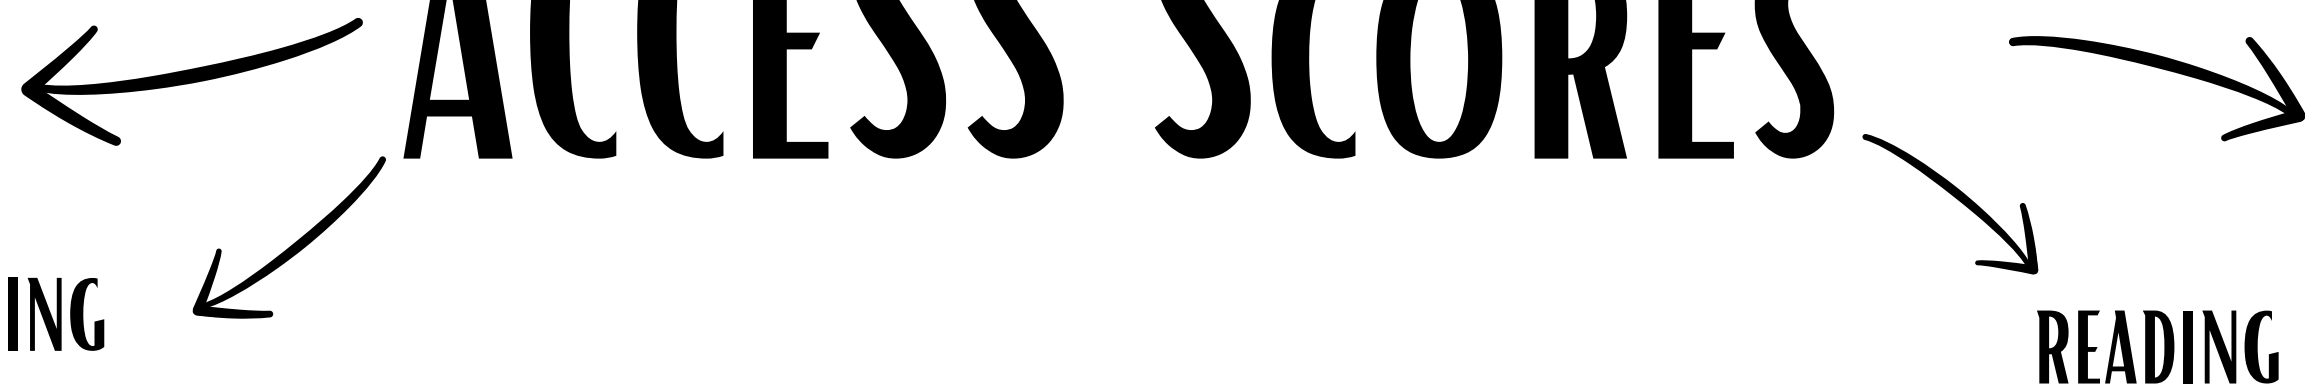

- The ACCESS test assesses comprehension and communication in English for English Language Learners. Your student will be measured yearly with ACCESS for ELLs.
 - The ACCESS assessment helps determine growth in the areas of listening, speaking, reading, and writing.
 - This test helps teachers and administrators determine the level of support an EL student needs. It is also used to help determine when a student no longer requires ESOL services.
 - Assesses the four domains: Listening, Speaking, Reading, and Writing
- 

LISTENING

SPEAKING

ACCESS SCORES

Six Levels of Language Proficiency

Entering
Emerging
Developing
Expanding
Bridging
Reaching

- ACCESS is administered during the months of January and February and will typically take 4 days to complete.
 - One domain (listening, speaking, reading, writing) is assessed each day.
 - Parent reports will be sent home in late spring when we receive the results.

Hello Families!
Attached you will find the Read with Me Workshop Flyer. This is a great workshop to learn ways that you can support your child with reading at home. A translator will be available at the workshop. The flyer states that there will be free dinner, free childcare and free books as well as additional prizes. Hope you are able to attend on October 27th at 5:00pm.
