APPROVALS & SIGNATURES

Assurance of Quality and Accountability

Assurance of Quality and Accountability

The Building Administrator, Superintendent/Chief Executive Officer and President of the School Board will affirm the following statements.

We affirm that our school has developed a School Improvement Plan based upon a thorough review of the essential practices to advance educational programs and processes and improve student achievement.

We affirm that the action plans that we will be implementing address our specific school needs, include strategies that provide educational opportunities and instructional strategies for all students and each of the student groups, increases the amount and quality of learning time, and provides equity in the curriculum which may include programs, activities, and courses necessary to provide a well-rounded education. These plans address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards.

We, the undersigned, hereby certify that the school level plan has been duly reviewed by the Building Administrator, Superintendent of Schools and formally approved by the district's Board of Education, per guidelines required by the Pennsylvania Department of Education.

We hereby affirm and assure that the school level plan:

- Addresses all the **required components** prescribed by the Pennsylvania Department of Education
- Meets **ESSA requirements**
- Reflects **evidence-based strategies that meet the three highest levels of evidence outlined in ESSA**
- Has a **high probability of improving student achievement**
- Has sufficient **LEA leadership and support to ensure successful implementation**

With this Assurance of Quality & Accountability, we, therefore, request the Pennsylvania Department of Education grant formal approval to implement this school level plan.

ADDENDUM A: BACKGROUND INFORMATION TO INFORM PLAN

Strengths

All student group is showing growth in ELA.

All student group is exceeding the attendance standard.

Focused assistance for students with need from teachers in certain grade levels as identified by PVAAS.

3 year rolling averages show additional growth that exceeds what is seen from year over year growth measurement.

Updated math curriculum and textbook series that is fully aligned to Common Core standards.

Additional professional development for staff and focus on instructional strategies.

Grant achievements have increased and allowed for expansion of STEM at the elementary level.

Partnership with Carnegie Mellon University to bring robotics into the school.

Elementary Guidance Counselor has adopted the Career programs and offers a full K-5 program.

Challenges

All student group is performing below the interim standard in ELA.

All student group is not showing the standard to demonstrate growth in Math.

Subgroups continue to struggle in growth, at times in particular the economically disadvantaged subgroup.

Availability of resources to update our ELA curriculum is a struggle and must be addressed.

Subgroups continue to struggle in areas of achievement and growth.

Support outside of school for students to continue building upon skill growth and development.

Time allotment to focus on STEM while ELA and Math often take more time.

Professional development is needed to work to combine STEM, ELA, and Math so they work in unison.

Further integration of the career standards into our curriculum

Strengths

Significant community support to promote career readiness in our Elementary school.

Economically Disadvantaged subgroups has show growth in ELA over time.

Economically Disadvantaged subgroup improved in achievement year over year.

Significant partnerships with outside agencies to support our students and their families and assist in meeting their needs.

Teachers excel at identifying student needs and working to meet them where they are in their learning, provide support and push further.

Challenges

areas so they are not stand alone activities.

Additional outside resources to help manage the career program so it is not a conglomeration of individual programs working alone. So far it works well, but it will need refined over time.

Economically Disadvantaged subgroup does not meet the standard for achievement in ELA.

Economically Disadvantaged subgroup did not meet the standard for achievement in Math.

The availability of resources both within the school and the community is often a challenge in meeting our student's needs.

The ability to provide programs and supports that our families will engage in and participate within.

Most Notable Observations/Patterns

The connection between school and community is strong and there are many partners, but all seem to often struggle with availability of resources and engagement of families once the resources are discovered.

Challenges	Discussion Point	Priority for Planning
The availability of resources both within the school and the community is often a challenge in meeting our student's needs.	Many resources exist but are we using them in a purposeful fashion and are students/families participating.	
The ability to provide programs and supports that our families will engage in and participate within.		
Availability of resources to update our ELA curriculum is a struggle and must be addressed.	ELA learning series is outdated and not aligned to current standards.
