Mr. Jack Gaham, Superintendent
Joseph Duncan, Technology Director

Dear Parent,

As part of our commitment to your child's online safety, we want to let you know about an important update. Beecher 200U has partnered with Qustodio, a provider of online safety solutions.

As devices play an increasing role in children's education it is crucial that we put safeguards in place. Your child already benefits from internet filtering technology which blocks inappropriate web content on their school-owned device. This is also mandated by US legislation. Beecher200U is going one step further. We are granting every parent a free Qustodio Parental App account. Qustodio will give you important insights into your child's online activity on their school device. You can use it to review and manage activities on other devices in your home too.

With Qustodio, you'll be able to:

- Manage your child's screen time
- Supervise your child's online activity
- Add up to one free personal device per student
- One dashboard to view, track, and limit access to web and other apps
- Access expert advice via our Online Safety Hub: <https://beecher200u.onlinesafetyhub.io/>

Register your account today: <https://www.qustodio.com/my-school>. Please be sure to use the same email address that has parental access to Powerschool when registering to connect to your child's device.

Please note: Only parents with data access for grades and attendance can set up this account. If you cannot login to your parental account (needed for Qustodio) via PowerSchool, please contact your school office or Mr. Duncan, contact info below:

Let's build a safer online environment for our students together!

Joseph Duncan
Technology Director, Beecher200U

TEAMWORK MADE EASY

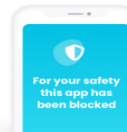

App for Parents & Families

Technology makes a direct impact on children, their families, and their learning environment. For children to learn and grow as digital citizens in our increasingly connected world, we must first lay out the foundations of online safety, digital literacy, and wellbeing.

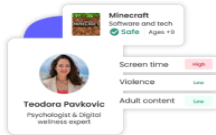

Through our partnership with Linewize, our online safety and wellbeing provider, we are able to extend visibility and safeguarding controls on to parents and guardians.

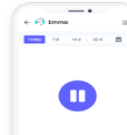

Visibility on student activity and device insights

Security coverage for in and out-of-school hours

Expert advice and guidance on digital threats and trends

Rules to regulate digital activity

Parents and guardians can also extend protection to personal devices with family-focused digital wellbeing features that adapt to different needs as their child grows:

Filter and block feature for content and apps

Location tracking and panic button feature

Visibility on browsing history, social media, and screen time

Calls & messages tracking to monitor suspicious activity

Time limits and screen-free schedules

Tailored reports and alerts for inappropriate content

Works on the following devices:

Windows

Mac

Chromebook

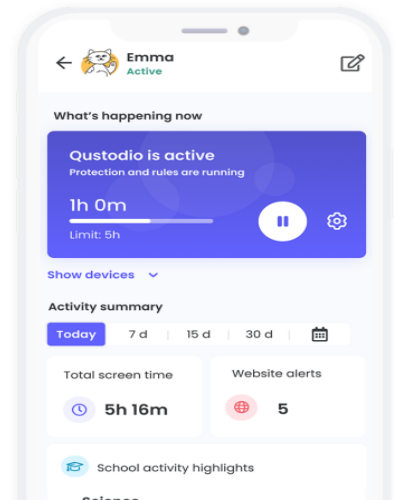

Android

iPhone/iPad

Kindle

Multi-parent access and management available

Qustodio is COPPA compliant and does not share personal data with third parties.

How to get started

1. Scan the QR code or visit qustodio.com/my-school
2. Create your account using the email address your school has on file
3. Connect with your child's school account
