# Retail Convenient Care Clinics

---

Some Network S pharmacies have health clinics you can go to when your doctor isn't available or it's after business hours. These clinics are quick and conveniently located, and they're less expensive than a hospital ER.

These clinics are usually staffed by nurse practitioners and physicians' assistants. They give fast care for common conditions like sinus infections, sore throats, urinary tract infections and minor illnesses or injuries.

# Physicians and Health Professionals

(Listed alphabetically by county. Specialties are listed alphabetically under each county.)

---

For ear and throat care, see Otolaryngology. For family doctor services, see General Practice, Family Practice and Internal Medicine.

We list the doctor's specialty to help you find the right care. However, we don't endorse a doctor's education, skill or experience in a special area of medical practice.

Network doctors have agreed to give their patients services 24 hours a day, seven days a week. Many doctors' offices use an answering service after hours. Leave a number where the doctor can call you back. If you call the office and your doctor is out, he or she will have another doctor available to care for you.

Some doctors will have "extended hours available" listed after their names. This shows whose offices are open past normal business hours. Please check with the doctor's office for details.

## Remember

A provider's status may change at any time. This list is as correct as possible at the time of publication. Please keep in mind you won't be able to change your enrollment mid-year if there are changes to your network.

### **To make sure a doctor or facility is in Network S:**

- › Call us at **1-800-558-6213**.
- › Visit **bcbst.com/tn\_state** and log in. Choose **Find Care**, then **Find a Doctor**. You can search for providers by name, specialty or procedure. You can also browse providers by category.
- › Download the **BCBSTN<sup>SM</sup>** app on your smartphone from the **Apple<sup>®</sup> App Store** or **Google Play<sup>®</sup>**, then enter the information from your **BlueCross BlueShield of Tennessee Member ID card**.

Doctors join and leave the network from time to time. Also, hospital-based doctors aren't in this directory because of their internal non-credentialed status. Credentialing of hospital-based doctors is the duty of the facility where they practice. Be sure to check to see if the doctors and facilities are still in the network when you call the office to get care.
