Character Trait of the Month: Confidence

As we begin SC Ready Testing, approach each test with confidence in the skills you have learned and the knowledge you have gained this year. Speak positively to yourself and don't compare yourself to others. Everyone has strengths and weaknesses. Focus on your strengths and the things that make you unique!

Put forth your best effort in everything that you do, so at the end of the school year you can look back and be proud of the work that you did. Show off your confidence by being the best version of yourself in school and at home!

Health & Wellness

Physical Activity:

Use Sun Protection Outside

While the sun provides many benefits for our physical and emotional wellbeing, we need to protect ourselves from its strong ultra-violet rays known as UV light. Too much UV light can be harmful for skin and cause sunburn. Ultraviolet light is highest during the spring and summer months and during the middle of the day. You can protect your family from harmful UV rays by practicing sun safety which includes using sunscreen, wearing protective clothing, hats and sunglasses.
