

## Home Sweet Homecoming!

By: Annalee Chance

On October 8, 2021, PCES presented their annual homecoming court. This event consists of a parade, a pep rally, and a ceremony. Each grade level has a boy and a girl attendant. There were 2 separate ceremonies. Pre-k- 3rd grade and 4th grade-6<sup>th</sup> grade. Even though Pre-K through 5<sup>th</sup> grade only has one attendant, 6<sup>th</sup> grade has 3 attendants. One boy and one Girl. Out of the 3 attendants one is crowned king and queen. Here is our pre-k-5<sup>th</sup> grade attendants.  
Pre-k- Zaire Redmon, Arianna Foster  
Kindergarten- Kaden Jackson, Arie'l Marion  
1st Grade- Kingston Griffin, Ivy Stephens  
2nd Grade- Kandarius Rogers, Sa'Myra Sigler

3rd Grade- Leo Mitchell, Emma Cateeuw  
4th grade- Cobian Stewart-Barrow, Macy Waugh  
5th Grade- Bentley Lucas, Eniya Condrey  
6th Grade- Jacorey, Knox, Hailey Pittman  
Dustin Stanley, Yareida Neri-Gomez

Finally, we have our 6th Grade king & queen, this year the 6th Graders elected Dezyah Carlton as our queen, and Daniel Collins as our king. Congratulations you two! We know you will represent PCES well!

# A Salute to Mr. Charlie Harris of District 5

By: Annalee Chance

Mr. Charlie Harris spent 28 years of his life serving District 5 in Brundidge, AL. starting in 1993. Unfortunately, he passed away in January of 2021. He was a loving husband, father, friend, coworker, officer., and community support. He supported the Bulldog Beat and PCES relentlessly.

## Being Respectful Pays Off!

By: Noelle Richburg

This year Mr. Drish started a new reward system called “Bulldog Bucks”. The legist of the Bulldog Bucks system is that when a student is being good or does something for a teacher/faculty member that faculty member can reward the student with a bulldog buck. The Bulldog Buck has the student’s name, homeroom, and faculty members signature on it so they know who gave it to the student. Then, the student can put it in the box for their classroom, so it can be entered into a drawing. Then, on the last day of the month Mr. Drish will draw one buck from the bucket, and the winner from each home-room will get a prize from the Bulldog Buck Store. Then, at the end of the year, they will put all of the names into one bucket, and he will draw from that for big prizes!

# Extra Curricular Activities

By: Noelle Richburg

This year PCES is in a position to offer more programs for students. Some of the new programs are beginner band, and S.T.E.M. To ensure that students chose the instrument best suited for them, students get tested. Then they learn how to read music, play notes, and songs. As the students develop their skills, they will perform concerts to display their accomplishments to parents, students, and the community. The new S.T.E.M. Classroom is where students learn more about science, engineering, technology, and mathematics. Students learn how to code and print 3-D figures.

STEM Lab at Pike County Elementary School.

# The Band Has Another “Chance”

By: Annalee Chance

This week, Annalee Chance interviewed Mr. Chance, the band director at PCHS, to find out more about how Covid affected the band.

“How did Covid-19 affect the band? Did it encourage or discourage you?” Annalee asked as her first question.

“It really didn't affect the band too badly. We had to make adjustments and do our lessons virtually for a little while, but I was very proud of how the band students overcame the obstacles and put on some great performances. It really made us work harder. After being virtual for a little while, we had to make up that lost time, so we all had to work harder to achieve our goals that we had set.” Mr. Chance responded

“When did you decide you wanted to be a band director? Why?” Annalee questioned.

“I was in the 8th grade, sitting in the trumpet section of my high school band. I remember thinking, this is what I want to do, I want to be like Mr. Coggin, who was my high school director. I enjoyed music and I enjoyed playing my instrument. That's when I started asking questions about colleges and what I needed to do to be a band director.” Answered Mr. Chance as he reflected on that moment.

“Where were you before you came to PCHS? How long were you there?” Asked Annalee.

“I graduated from Troy State University in 2004, and I went straight to Luverne High School to start teaching. I stayed at Luverne for 17 years. Two years ago, the opportunity came for me to move to Pike County High School and build the band program back. I also would be with my family, so it was an easy decision!” Mr. Chance answered.

“What do you think your students learn the most from you?” Annalee asked.

“They learn not only how to be a musician and play their instruments, but they also learn how to be a leader and be a productive student. Playing an instrument requires focus, concentration, and being responsible.” Mr. Chance answered.

We would like to Thank Mr. Chance for bringing back our band, and letting us get to know him better!!

## From The Banks to The Hills By Malasiaa Caffie

This year Mr. Drish was promoted from Asst. Principal to Principal, so Pike County Elementary School was in need of an assistant. We would like to welcome our new Assistant Principal Mrs. Rochelle McKenny. She transferred from Banks Primary School. Bulldog Beat Reporter Malasiaa Caffie interviewed Mrs. McKenny.

“What do you enjoy doing in your free time?” Malasiaa asked.

“I love running, working outside, and reading. Running has always been one of my favorite things to do. I love to do yard work and take care of the animals we have and reading lets me escape into someone else’s story.” She answered.

“How was the transfer from Banks School to Pike County Elementary School?” Malasiaa questioned.

“Honestly, it has been a great transition. PCES is a much larger school than Banks, with twice as many children it seems. The teachers and students have been very welcoming and nice to me.” Mrs. McKenny responded.

“Do you support all the changes that Mr. Drish is making to the school? Malasiaa asked..

“I am not sure how things were before, but I do support Mr. Drish. I think the Campus Beautification Project has been a huge success. I love how everyone is working to make our campus cleaner and more beautiful. I also like the Bulldog Bucks in that we are focusing more on positive behavior and rewarding the resourceful, responsible, and respectful acts we see.” Answered Mrs. McKenny.

“Is it complicated to balance your personal life with your professional life? Why?” Malasiaa inquired

“That has been a bit of a challenge. We are at school by 6:20 a.m. every morning and don’t leave until after 5 most days. Some days we are here twelve hours a day. I think our family is slowly but surely learning to adjust, although they might not like having to spend summers up here.” She counterclaimed.

“What advice would you give to your students? Why? Malasiaa sought.

“Always believe in yourself and know that God has a purpose for your life. You can do all things through Him who gives you strength (Philippians 4:13). Dream big, and try to achieve your dreams. Strive to be better than you were yesterday, and be positive. Kindness goes a long way...so in a world where you can be anything, be kind. Shoot for the moon. Even if you miss you will still land among the stars. Its okay if you aren’t successful the first time. Keep trying. Failure is not an option for you!” She remarked.

# Principal's Corner: A Word with Mr. Drish

By Annalee Chance

This year PCES received a new principal, but his face is not unfamiliar around here. Our very own Mr. Drish was promoted from vice principal to principal. Here's what he thinks of the change.

“What do you enjoy doing in your free time? Why?” Annalee asked.

“Cooking and spending time with my family, this relaxes me.” He answered.

“In your own words, how would you describe the transition from vice principal to principal.” Annalee questioned

“Humbling and exciting! Humbling, because I have been given opportunity to lead a great school. Exciting, because I genuinely love working with teachers to help students grow and improve socially and academically.” He replied

“What changes are you making to the school? Why?” Asked Annalee

“Building school pride. This must be the foundation of having a successful school. Beautifying the campus on the inside as well as the outside. The academics must look as good or better than the exterior of the school. This will be carried out by school employees, students, parents, and the community working together daily.” He responded

“Do you think these changes will lead to a positive school environment? Why?” Annalee queried.

“:Absolutely! All students want to attend a school that is clean and looks good. All students want to attend a school that knows everyone cares about their well-being and acknowledges how respectful, responsible, and resourceful they are.” He counterclaimed

“Do you think that the Bulldog Buck system will improve student's behavior?” Annalee sought.

“Absolutely! Students must know that good behavior is one of the key ingredients of being successful. Teachers and administration are willing to go that extra mile for good behavior. We want that to be the standard and spread throughout the entire school. Bulldog Bucks reward students from each grade level once a month for good behavior. This has helped decreased student discipline and allowed teachers to spend even more time improving academic success.” He explained

“What advice would you give to students that pass through these hallways? Why?” Annalee inquired

“Show your Bulldog Pride daily by being respectful to others, responsible for doing your work daily and resourceful on keeping our campus beautiful and helping others who are in need.” He remarked

# Appreciation for Mr. Ramage

By: Noelle Richburg

Brundidge owes a big thank you to Mr. Jimmy Ramage for all he does for the community. Not only has he donated a generous amount of money to the city, but he has helped out Pike County

Elementary and Pike County High by donating money. Another unique thing he has done for PCES is donating white button-down dress shirts, bow-ties for the boys, and collar ties for the girls so on Thursday we can all show our

Bulldog Pride by being classy and dapper dogs. Thank you for everything you have done for Brundidge and the schools.

## Bulldogs 11-12 Rec Football Championship

Vs.

This year the Bulldog Rec team worked and played hard all season to make it to the championship game. They ended up making it to the championships and played against Charles Henderson Trojans to win the Wiregrass Youth Football Championship. The Bulldogs and the Trojans both played persistently all throughout the game, but the Bulldogs ended up beating the Trojans in a final score of 30-12. It was anyone's game, and the Trojans got close to tying with the Bulldog's score many times throughout the game. It is this persistence that helped the Bulldogs win every game adding up to this one. Good effort Charles Henderson, but there is no beating the Pike County Bulldogs! Go Dogs!

# Getting to Know our New Teachers

By: Noelle Richburg

This year at Pike County Elementary School, we have several new teachers. The Bulldog Beat Editor-in-Chief Noelle Richburg interviewed Ms. Elizabeth Fioré, a new Kindergarten teacher, to get to know more about her.

“Where were you before you were hired at PCES?” Noelle asked.

“I was at Troy University, and I interned at Goshen elementary.” She answered.

“When did you know you wanted to be a teacher? Why did you want to be a teacher?” Noelle questioned.

“I have always wanted to be a teacher, but I really knew that I wanted to be one when I started interning.” Answered Mrs. Fioré.

“What are things you enjoy doing in your free time?” Asked Noelle.

“I like to spend time with friends, watch dateline, and go thrift-shopping?” responded Ms. Fioré.

“If you were to give your students a piece of advice, what advice would it be?” Questioned Noelle.

“Listen to the adults in your life, they will lead you places.” Ms. Fioré answered.

We would like to thank Ms. Fioré for setting aside some time for this interview, and we would like to welcome you to the PCES staff.

A thousand take-offs  
and landings.

A soaring goal.

One bank.

We like the way you think. No goal or dream is too big, with some work and support.  
More locations in more local communities allows us to better help you reach for the stars.  
Rely on Troy Bank today, tomorrow and always. [troybankandtrust.com](http://troybankandtrust.com)

**THE ONLY BANK YOU'LL EVER NEED**

# Liberty's Legacy Lives On

By: Annalee Chance & Yareida Neri-Gomez

This year on Dec. 10, 2021, Pike County Elementary's second and third graders honored citizens that they felt made an impact in the community and exemplified characteristics of good citizens. Usually, they would gather with the kids from Banks and Goshen at Troy University, but things have changed due to Covid-19 protocol. Each grade selected two citizens to present a special Citizenship Book and it was signed by every student. A second or third grade student read why each recipient was a Super Citizen.

Caleb Johnson from 2nd Grade honored his grandfather- Mr. Alvin Johnson

Bryson Wentland from 2nd Grade honored his father - Sargent A.J. Wentland

Brylee Chance from 3rd Grade honored Pike County Elementary's Reading Coach - Mrs. Ashley Johnston

Jordan Tillman from 3rd Grade honored another familiar face from PCES - Mrs. Lee Allen

All of their reactions were so pure and tugged at everyone's heart There were a bunch of happy tears this year when we honored our super citizens!

Thank you for all that you do for your school and community!

# Teacher of the Year 20-21

By: Malasiaa Caffie

Where were you before you came to PCES? Malasiaa questioned.

Before coming to PCES, I worked with Ozark City Schools. I taught Pre-k and Kindergarten. I attended Pike County Elementary and graduated from Pike County High School. When Pike County Elementary opened their Pre-K class, I knew I wanted to return to my Alma mater. I have been here since the Pre-k program began in 2016. This is my sixth year.

When did you decide you wanted to become a teacher? Why did you want to become a teacher?  
Asked Malasiaa

I realized that I wanted to become a teacher after having children of my own. I enjoyed watching my children learn and grow and I liked teaching them.

What are things you enjoy doing in your free time? Malasiaa asked

I love spending time with my family. I enjoy going to the beach and traveling. I also love taking trips to the Lake. I enjoy fishing and watching movies.

What one piece of advice would you give students that pass through your classroom? Questioned Malasiaa

Always try your best and never give up.

Is this the first year being Teacher of the Year? Do you enjoy it? Malasiaa wondered.
