HQIM

- HQIM - High Quality Instructional Materials
- Meetings with school and district leaders from across the state.
- Meeting 1: Focus on setting a shared vision across all stakeholders.
- Meeting 2: Strengthening PLCs to support teachers with HQIM implementation.
- Meeting 3: Exploring and using observation tools to strengthen implementation.

FSD5 Literacy Vision Statement

All students in Florence School District Five deserve access to meaningful, standards-aligned, grade-level, high-quality curriculum that builds confident, capable readers, writers, and communicators.

Students will strengthen their literacy skills through intentional instruction, foundational skill development, and meaningful engagement with complex texts. Teachers will deliver rigorous Tier I instruction using high-quality instructional materials, along with personalized interventions and targeted supports, to ensure all learners are prepared for grade-level content while families remain actively engaged in the learning process.

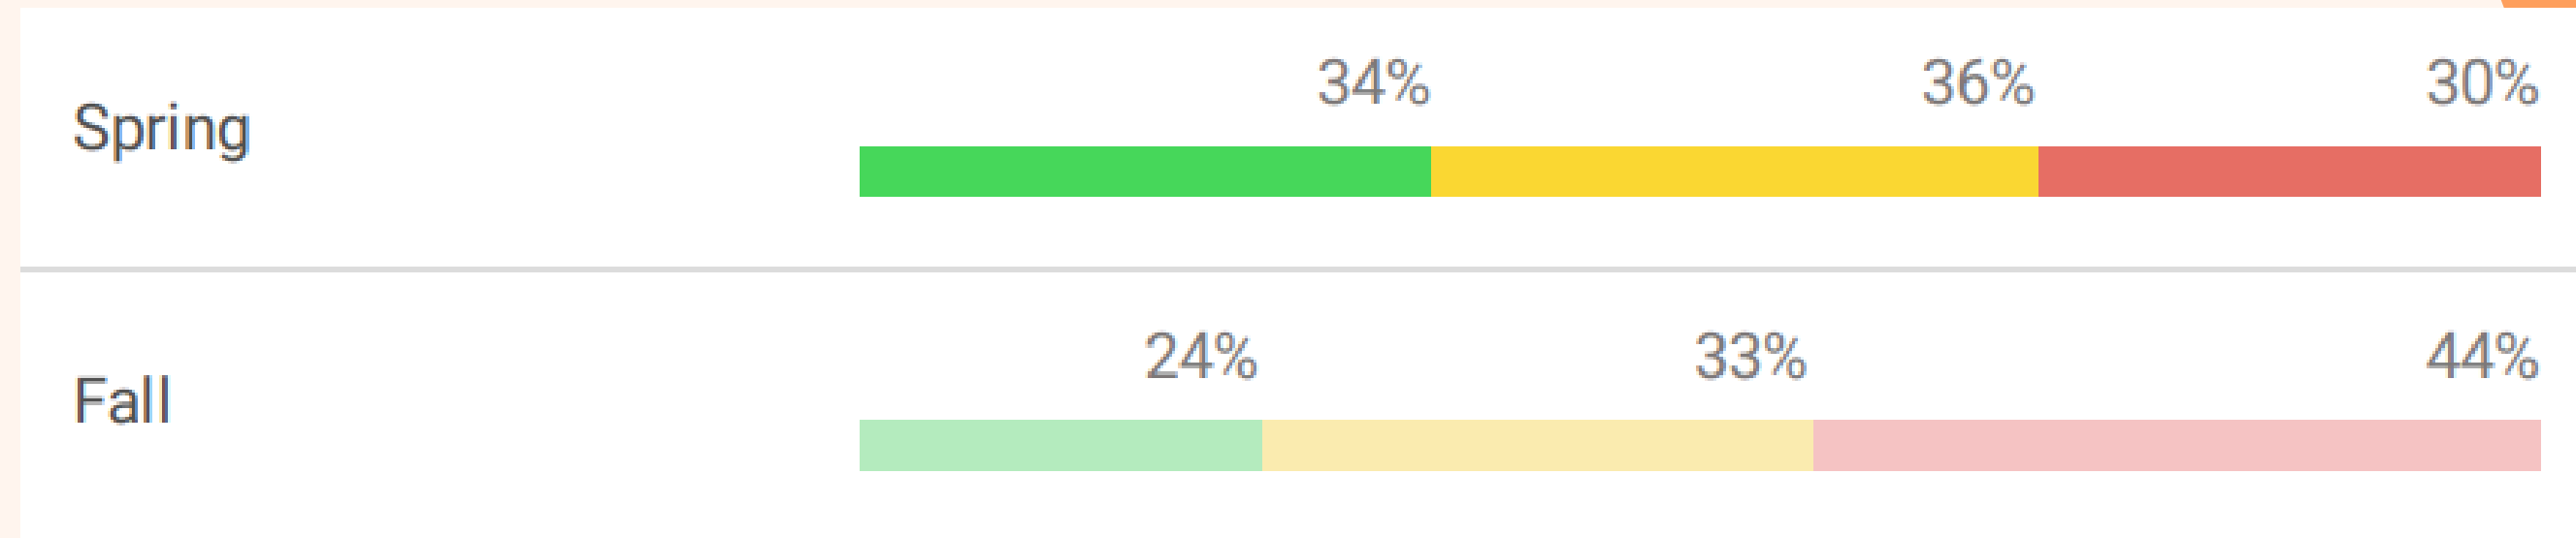

FSD5 Math Vision Statement

All students in Florence School District Five deserve access to meaningful, standards-aligned, grade-level, high-quality curriculum and instructional materials that develop conceptual understanding, procedural fluency, critical thinking skills, and competence.

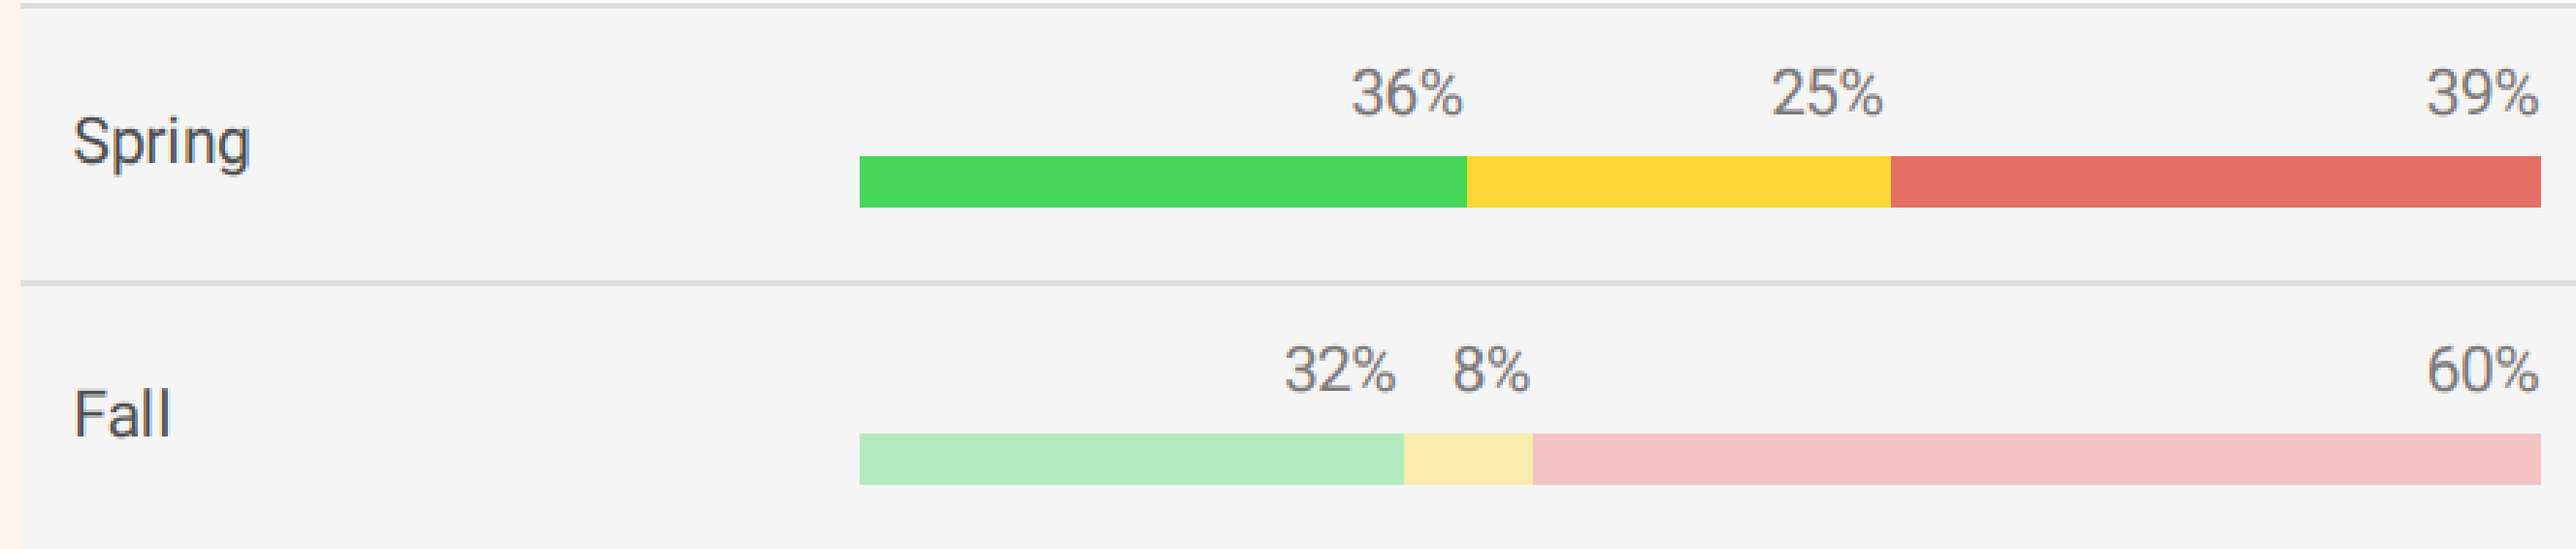

Students will use high-quality instructional materials (HQIM) to discuss, write, and reason about mathematics in order to apply their knowledge and solve real-world problems. Teachers will actively facilitate learning by implementing HQIM with fidelity to ensure equitable support and success for all learners and their families as they develop mathematical literacy.
