Winter Break - No School December 23rd - January 3rd

## School Holiday Play!

Rehearsals for our holiday show are in full swing and going well! Each classroom will be doing their own short play/show this year. The program will also feature musical performances by the students, led by Mr. Burlingame. The shows will take place Wednesday, December 18th at 1:00pm, and on Thursday, December 19th at 7:00pm.

### Packed PM Performance

Please encourage family and friends to join us during the less attended matinee performance on Wed, Dec. 18th at 1:00pm. Our evening performance is very well attended and seating fills up quickly.

Your student's teacher may be contacting you soon asking for certain items to be brought in for your student's costume and when to bring them in. These items will be kept at school until after the performances. **If you need clarification on anything regarding the play, please email your student's teacher.**

**We will need a few volunteers to help with parking, dressing rooms, and hair/makeup.** If you are interested, please call or stop by the office to sign up for one or both dates. All supplies are provided by the school. Thank you, and we can't wait to show you what we've been working on!

## Cookies Donations Please

If you are able, we would sure appreciate the donation of an unopened box or bag of store bought cookies for the play reception. With this newsletter, we have attached a donation RSVP form so that we can estimate the number of cookies we will receive. **Please drop off the cookies at the school office by December 16th.**

Thank you!!!

## TK and Kindergarten

Mrs. Tinnin

Kindergarten students reviewed the letters they learned. They are practicing finding and reading CVC words using the sounds. They are learning how to put a finger space in between words when they write and draw a picture that matches the phrase.

Kindergarten is working on adding two numbers. Students are using manipulatives to help identify two numbers that equal the whole number. They are learning how to read number sentences and find the missing number in an addition sentence.

TK students are learning about animals and their basic needs. They are learning about the different characteristics of animals and what they need to survive. TK is learning the letters in their names and practicing how to write their names. They are also working on counting syllables in words.

TK students are learning about shapes. They will learn to identify, sort, describe, and create 2D shapes.

## First and Second Grade Explorers

Mrs. Mittge

Please look for a copy of your child's play script as well as a list of costume needs in today's Boomerang Folder. It would be very helpful if you and your child could practice his/her line with expression and at the right cue. Thank you for all of your help and support as we attempt to perform "The Mitten Mystery" in December.

Though next week is short, we will be super busy. On Monday, we will be shaking cream into butter to contribute to Tuesday's school feast! We will also be completing our November assessments and creating history pockets on the Plymouth Colony and native tribes next week.

In math, first graders began Chapter 6 this week. This chapter will focus on addition strategies. Second graders also started a new chapter on 2-digit subtraction with regrouping. As you read aloud for 20 minutes each night, try completing a couple addition and subtraction problems too.

## Third and Fourth Grade Classroom

Mrs. Mars

Students had a great time exploring the Museum of Flight.

## Fifth and Sixth Grade Classroom

Mr. Burlingame

We've had a great time learning about air and atmosphere in science. Students this week ended their unit by trying to fly a plane with realistic physics in Microsoft flight simulator followed by a fantastic trip to the Boeing Museum of Flight.

Coming up we will be performing our annual play on December 18 and December 19 as well as caroling during the day on December 19.
