## **Alma Mater**

We love thee, school of Trion  
Among thy dear hills,  
We love thee, school of Trion  
Our very hearts thrill.  
To think of thy bounty  
Poured out by God's hand,  
On Trion, dear Trion,  
Our own favored land.  
Thy hilltops serene  
Call us out from all strife.  
Thy woods and wildflowers  
Add rapture to life.  
Thy streams ever changing  
Flow true to the sea.  
And may we, thy children,  
Live true unto thee.

Any student not picked up within 15 minutes of their pick-up time will be immediately taken to the After School Program, and charges will be incurred. If a student is taken to ASP, the parent must then come to the office and sign the student out of school.

## **Visitors**

Parents are encouraged to schedule appointments to meet with teachers, the principal, or the counselor.

**For the safety of our students, all visitors/parents must report directly to the office and wear a visitor's badge. Please do not enter the building through hallway doors or request to be buzzed into a building other than the front door, even when the school day is about to end. There can be no waiting at classroom doors for dismissal.**

Teachers will not release any student without notification from the office.

*The situation with Covid-19 may dictate changes to our visitor policy. Please be patient with us as we continue to monitor the situation and take all precautions to keep our students and staff as safe as possible.*

## Media Center

The Media Center is open from 8:00 - 3:30, Monday through Friday. Books may be checked out for two weeks. Any damaged or lost book will be charged to the student. Lost library books are charged at replacement cost.

The cost for breakfast is **\$1.50 per student**.

Students may eat in the cafeteria or bring lunch from home, but they will not be allowed to have outside food (fast food) brought in from any visitor.

Elementary children are not allowed to purchase sodas during the school day, nor should they bring sodas from home. Students may have water bottles during class and water, milk, juice, or other healthy drink option at lunch.

The purchase of snacks will not be allowed in lieu of a healthy lunch.

*Parents are welcome to join students for lunch by appointment only. Please contact Mrs. Angie Thomas ([angie.thomas@trionschools.org](mailto:angie.thomas@trionschools.org)) to schedule a date.*

Money sent for lunch must be sent in an envelope marked with the student's name, date, homeroom teacher, amount, and lunch money.

If you need any assistance or information regarding the cafeteria or your child's lunch account, please call: **706-734-2638** and speak to the *Director of School Nutrition*.

## Water Safety

Ga Code 20-2-229.3

At the beginning of each school year, each public school or local school system shall provide the parents and guardians of each child enrolled in such school or school system with information on the important role water safety education courses and swimming lessons play in saving lives. Accidental drownings can be largely avoided through vigilant supervision, swimming skills, and water safety training. Trion City Schools does not currently

offer water safety classes, but you may contact your local YMCA or recreation departments for more information.

## Attendance

The state allows excused absences for the following reasons only. Any other circumstance will be reviewed and acted upon individually by the principal.

1. Illness of the student.
2. Serious illness or death in the immediate family (mother, father, brother, sister, or grandparents).
3. Court order by governmental agency.
4. Religious holidays.
5. Conditions that make school attendance impossible or hazardous to health and safety, which will be announced on our local radio stations:  
FM 99.1 and AM 1180.
6. A student whose parent or legal guardian is in the military service and the parent has been called to duty or is on leave from overseas deployment to a combat zone. Five days for a school year will be excused prior to the absences.
7. Extenuating circumstances approved by the principal prior to the absence. Due to our year-round calendar, parents are urged to schedule vacations during school breaks.  
**Vacations taken while school is in session will be unexcused.** Work will not be made up and zeros will be given. Attendance is calculated on the basis of whole-day or half-day (11:30 AM) segments. Late arrivals and/or early sign-outs will be considered tardy.

**Attendance in school has a direct correlation to academic success. All guardians will be notified when their child is absent from school. Phone calls will be made, letters will be sent home (regular mail and certified), and visits to the home will be made when necessary. Parents are urged to contact the school when their child is absent.**

## Absence Notes

All notes must include the full name of the student, his/her grade, date(s) of absence(s) or early dismissal, the reason, signature of parent or guardian, and home/work telephone number of the parent or guardian. Seven parent absence notes is the maximum number that will be considered for excusal for each school year.

For school records, please ask for a printed excuse any time your child sees a doctor/dentist. This should be used as an excused note. Failure to follow these procedures could result in disciplinary actions. Parents are encouraged to call the office if their child is going to be absent. The office may call a parent if a child is

absent. Any time a child leaves school during the regular school day, a parent or approved adult must come to the office and sign the student out of school.

The student will receive a tardy to school for any late arrivals or early sign-outs. Please see attached attendance policy JBD for further explanations.

### **Admit To Class Notes**

When an elementary school student returns to school following an absence, the student must present a note from the parent or legal guardian explaining the absence to their teacher. The teacher will turn this note into the office and the note will be placed in their permanent file for future reference, if needed.

**If a note from home is not brought to school within 3 school days, the unexcused absence will stand.**

Unexcused absences will result in a zero for each missed assignment in **every class**. Please refer to *Attendance Policy JBD* for further explanations.

### **Tardy To School**

Students are expected to be at school on time.

**If a student is tardy to school, parents are expected to bring their child to the office and sign him/her into school.**

### **Illness at School**

If a student becomes ill during the school day, he/she will be sent to the school nurse. If the nurse determines the student needs to go home, a parent will be contacted. In an emergency situation, 911 will be contacted. When the school nurse sends a student home, it is considered a "doctor" note for attendance purposes. Some of the reasons a child might be sent home include:

- Elevated temperature-Any temperature 100.4 or above is considered elevated.
- Illness related vomiting/diarrhea.
- Continuous coughing and other respiratory illnesses that may need to be evaluated by a doctor.
- Any contagious illnesses as determined by the school nurse.

**Students must be free of fever, vomiting, or diarrhea for 24 hours before returning to school.**

It is critical that children who are sick, have a fever, or are showing any symptoms of Covid-19 be kept at home until being released by a doctor.

### **Make-up of Missed Work**

**Making up missed work is expected.**

The student or parent is expected to meet with the teacher and get the make-up assignments. Any work not made up within 7 calendar days shall not be made up unless approved by the principal. You are advised to talk to teachers to get makeup assignments after school, call and talk to the teacher on their planning period, or email the teacher. A zero is given for any assignment, until the work is complete.

### **STEAM Extremes and Teacher Planning Periods**

Our STEAM Team works diligently to provide our students with hands-on meaningful projects and tasks that incorporate science, technology, engineering, art, and math. This program continues to grow with exciting opportunities for our students and our school.

Academic updates will be given to students every **9 weeks**, in the form of a report card, and every **4-½ weeks**, as a progress report. Both should be signed by a parent or guardian and returned to the school, with the exception of the final report card, which should be kept.

**Parents may ask a teacher for a grade sheet at any time during the year or check the parent portal. If you need the log-in information for the parent portal, please contact the school.**

### **After-School Assistance Programs**

Many times a student with passing grades still needs extra help after school.

#### **• Remediation - (Reading/Math)**

Teachers will identify students performing below grade level in reading and math based on MAP, Milestones, and other assessment data. Teachers will provide additional academic support to these

students after school through the utilization of Compass, Headsprouts, Study Island, and other research based resources.

### **Academic Incentives**

To encourage academic achievement, the following incentives are offered by Trion Elementary School:

### **Lost and Found**

Valuable articles, such as jewelry, will be held in the office and released to their owners after identification has been made. Lost and found articles, except books, will be located in buckets in the hall and in the gym, and at various times during the school year will be given to local charities. Parents are encouraged to help their child keep up with their items. Please make sure all items your child brings to school have the child's name written with permanent marker.

### **Change of Address or Phone Number**

The elementary office should be notified immediately of any change in address so that all mailing addresses and phone numbers are accurate.

**In case of an emergency situation, we must be able to contact a parent or guardian.** It is the responsibility of families to provide current emergency information to your child's school throughout the year as information changes. When students become sick or are involved in an accident during the school day, families will be notified to address the situation appropriately.

### **Parent Conferences**

TES holds three data conferences annually. During these conferences, parents are updated on academic progress, as well as provided family engagement strategies to support learning at home. Additional conferences are scheduled on an as needed basis. The parents, teacher, or administration may request parent conferences regarding a student's performance. Parents are welcome to call the school and arrange a conference regarding his/her child. Achievement is an agreement that parents, students, and teachers develop together, as further outlined in our School-Parent Compact which is available on the TCS website ([www.trionschools.org](http://www.trionschools.org)). Parents and teachers work together to ensure maximum growth and achievement success. When arriving for a parent conference, parents report to the main office; office staff will call for a teacher to escort you to the classroom.

Should you come from around the back of the school, you will not be allowed to cross traffic. Please do not arrive before 2:45 PM. Your early arrival will interfere with K-2 pick-up. All Fourth and Fifth grade students not picked up by 3:15 PM will be sent to ASP, and parents will be charged accordingly.

### **Multi-Grades**

#### **Drop-Off and Pick-Up 2:55 PM**

For families with multiple aged children, we will hold younger child/children until the dismissal time of the oldest child. Our staff will escort younger children to the oldest sibling. If the oldest child is a middle/high school student, the middle/high school student must come to the cafeteria to get the younger students immediately at their dismissal time. Parents MUST notify teachers of pickup arrangements. No elementary school students will be allowed to be dropped off or picked up behind the gym. **Elementary school students are not allowed to walk home without being accompanied by a middle or high school sibling.**

## Head Lice Policy

**Trion City Schools has a nit free policy for all students.** If a child is suspected of having head lice, the school has the authority and the responsibility to check the child. If lice and/or nits are found in a child's hair, parents will be notified immediately to come and pick up their child.

**The first day absence due to lice is excused, with all following days (for lice) unexcused.** Children must be treated at home, and a box top from the medication must be returned to the nurse the day the student returns to school. **On the day the child returns to school, the parent must bring the child into the school to see the nurse.** The nurse will check the child and determine whether the child may stay at school.

Any time lice are found in a classroom, all children in the classroom will be checked and any child found with lice and/or nits will be sent home. Parents should continually stress to their children the importance of not wearing other students' hats, clothing, or hair accessories. The students should also be reminded not to use anyone's comb or brush.

From time to time, classrooms are checked even if a case of head lice is not found. It is also the responsibility of every parent or guardian to report all cases of head lice to the school.

## Hearing and Vision Screening

If the student's teacher or the parent/guardian has reason to believe the student is having difficulty hearing or seeing clearly, the school nurse is able to perform a screening evaluation and will send the results home to the parent/guardian.

## Check Acceptance Policy

Trion Elementary School accepts checks for all payments. Should a check be returned to the school for insufficient funds, parents would be contacted to pick up the check and pay for the check with cash. A **\$20.00**

**returned check fee (per check) would be added to the amount of the check.** Please understand should this situation occur more than twice, Trion Elementary would only accept future payments in cash. **Money sent for any event must be sent in an envelope marked with the student's name, date, homeroom teacher, amount, and correct change.**

## Field Trips

During the year, all grades will take "curriculum based" field trips. Teachers will give parents ample notice and will strive to make the trip cost effective. The cost of all trips will include admission to the event, lunch money if applicable, and transportation cost. Transportation costs include gas, bus driver, and a bus fee. You may send a check, money order, or cash to pay for any field trip. Any time the school prepays for a field trip and your child is unable to attend, money will not be refunded.

Parents are welcome to attend field trips when possible. Should there be a cost involved for adults, parents will be expected to pay those costs up front as well. Parents will not be allowed to ride on school transportation except under special circumstances approved only by the principal.

Due to the number of students attending our field trips, we ask that parents please do not bring siblings. All field trips will be age appropriate for the grade level attending.

Under most circumstances, field trips will return to school before the end of the school day. Students will ride on school transportation to the destination and should return on school transportation. Should a parent or approved adult (ONLY) decide to check out their child on the field trip, teachers must know prior to departing the school. This allows time for verification by the teacher and administration.

**Please realize this will count as an early checkout and a tardy for school records.**

If students have received multiple disciplinary infractions, including ISS, throughout the school year, they may not be allowed to attend field trips.

## Classroom Parties

All grades will have two classroom parties a year: Christmas Party and End-of-Year Party. Teachers will organize and ask parents to assist as needed.

## Trion City Schools Gifted Program

Trion City Schools Provides services for identified gifted students at all grade levels. The gifted program is designed to meet the specific needs of these students and extend competencies in the areas of cognitive skills, collaboration, problem solving, creativity, reference skills and communication skills beyond the experience of the regular classroom. For information concerning the program, please go to the **Support Services** link at [www.trionschools.org](http://www.trionschools.org).

## Board Policy

### **Descriptor Code: JBD**

#### *Absences and Excuses*

It is the policy of the Trion City Board of Education to be in compliance with the Chattooga County Attendance Protocol in its entirety. Additionally, it is the policy of the Trion Board of Education that students must attend school each day school is in session for the entire school day, unless the student is absent due to one or more of the reasons specified in law and State Board of Education Rule 160-5-1-.10 as follows:

1. Personal illness or attendance in school endangering a student's health or the health of others;
2. A serious illness or death in the student's immediate family (which shall be defined as father, mother, grandparents, sibling, or relative living in the house with the student) necessitating absence for school;
3. A court order or an order by a governmental agency, including pre-induction physical examinations for service in the armed forces, mandating absence from school;
4. Celebrating religious holidays necessitating absence from school; and
5. Conditions rendering attendance impossible or hazardous to student health or safety.
6. A period not to exceed one day is allowed at the discretion of the local unit of administration, for registering to vote or voting in a public election.
7. A student whose parent or legal guardian is in military service in the U. S. armed forces or National Guard, and such parent has been called to duty for or is on leave from overseas deployment to a combat zone or combat support posting will be granted up to 5 days of excused absences per school year to visit with his or her parent prior to the parent's deployment or during the parent's leave.

Students shall be counted present when they are serving as pages of the Georgia General Assembly and/or while representing the school in an activity approved by the school and/or the Trion City Board of Education.

The student must submit to the principal documentation each day or portion of the day the reason the student was absent in the form required by the principal within 3 days after returning to school. All such documentation will be evaluated by the principal or a designee to determine if the absence is excused or unexcused. If the required documentation is not furnished or the reason for the absence is other than stated above, the absence shall be considered as unexcused. Notes from parents excusing absences from school will only be accepted for five (5) school days each year, seven (7) days each school year for elementary students. Any absence over five (5) for middle and high school students, and seven (7) for elementary students will require a doctor's note or legal excuse in order to be considered excused.

A student may make up all school work or assignments for each excused absence, including tests, after returning to school in the time prescribed by the student's principal. If the student fails to make up work within the prescribed time, the student will be denied credit for all work not completed. A student will not be penalized academically for all work made up during the time and in the manner prescribed.

Unexcused absences shall be a violation of the student code of conduct and students with unexcused absences shall be disciplined as appropriate, which can include assignment to in-school suspension.

Students with unexcused absences will not be permitted to make up work unless extenuating circumstances exist as determined by the principal or a truancy treatment team appointed and functioning as prescribed by the following procedures and additional procedures consistent with this policy to be developed by the superintendent or designee.

The Truancy Treatment Team in each school is a standing committee composed of members appointed by the Superintendent or designee.

The Truancy Treatment Team shall use the following guidelines in determining whether to grant a waiver:

- a. If the student has unexcused absences, the principal shall determine whether there exists unusual conditions or extenuating circumstances relating to the student's personal life or family situation which would require that the provisions of this policy be waived. If so, the student shall be allowed to make up missed work and shall not be denied credit for the semester based on excessive absences. If the student has unexcused absences and there are no unusual conditions or extenuating circumstances relating to the student's personal life or family situation, the student shall not be allowed to receive credit for the semester, even if the student otherwise has passing grades.
- b. If the student or student's parent desires to appeal the decision of the principal, then the Truancy Treatment Team shall hear the appeal and determine if there are unusual conditions or extenuating circumstances as specified above which would justify allowing the student to make up missed work.

The Superintendent and/or his or her designee has the authority to enact additional rules consistent with this policy to carry out the intent of the policy.

If the decision of the Truancy Treatment Team is not satisfactory to the student, he or she may appeal to the Superintendent. The appeal must be made within two weeks after the student has been furnished with the decision of the Truancy Treatment Team, either by mail or in person. The decision of the Superintendent shall be final.

## Georgia Compulsory Attendance Law (O.C.G.A. 20-2-690.1.)

- (a) Mandatory attendance in a public school, private school, or home school program shall be required for children between their sixth and sixteenth birthdays. Such mandatory attendance shall not be required where the child has successfully completed all requirements for a high school diploma.
- (b) Every parent, guardian, or other person residing within this state having control or charge of any child or children during the ages of mandatory attendance as required in subsection (a) of this Code section shall enroll and send such child or children to a public school, a private school, or a home study program that meets the requirements for a public school, a private school, or a home study program; and such child shall be responsible for enrolling in and attending a public school, a private school, or a home study program that meets the requirements for a public school, a private school, or a home study program under such penalty for noncompliance with this subsection as is provided in Chapter 11 of Title 15, unless the child's failure to enroll and attend is caused by the child's parent, guardian, or other person, in which case the parent, guardian, or other person alone shall be responsible; provided, however, that tests and physical exams for military service and the National Guard and such other approved absences shall be excused absences. The requirements of this subsection shall apply to a child during the ages of mandatory attendance as required in subsection (a) of this Code section who has been assigned by a local board of education or its delegate to attend an alternative public school program established by that local board of education, including an alternative public school program provided for in Code Section 20-2-154.1, regardless of whether such child has been suspended or expelled from another public school program by that local board of education or its delegate, and to the parent, guardian, or other person residing in this state who has control or charge of such child. Nothing in this Code section shall be construed to require a local board of education or its delegate to assign a child to attend an alternative public school program rather than suspending or expelling the child.
- (c) Any parent, guardian, or other person residing in this state who has control or charge of a child or children and who shall violate this Code section shall be guilty of a misdemeanor and, upon conviction thereof, shall be subject to a fine not less than \$25.00 and not greater than \$100.00, imprisonment not to exceed 30 days, community service, or any combination of such penalties, at the discretion of the court having jurisdiction. Each day's absence from school in violation of this part after the child's school system notifies the parent, guardian, or other person who has control or charge of a child of five unexcused days of absence for a child shall constitute a separate offense. After two reasonable attempts to notify the parent, guardian, or other person who has control or charge of a child of five unexcused days of absence without response, the school system shall send a notice to such parent, guardian, or other person by certified mail, return receipt requested. Public schools shall provide to the parent, guardian, or other person having control or charge of each child enrolled in public school a written summary of possible consequences and penalties for failing to comply with compulsory attendance under this Code section for children and their parents, guardians, or other persons having control or charge of children. The parent, guardian, or other person who has control or charge of a child or children shall sign a statement indicating receipt of such written statement of possible consequences and penalties; children who are age ten years or older by September 1 shall sign a statement indicating receipt of such written statement of possible consequences and penalties. After two reasonable attempts by the school to secure such signature or signatures, the school shall be considered to be in compliance with this subsection if it sends a copy of the statement, via certified mail, return receipt requested, to such parent, guardian, other person who has control or charge of a child, or children. Public schools shall retain signed copies of statements through the end of the school year.
- (d) Local school superintendents in the case of private schools or home study programs and visiting teachers and attendance officers in the case of public schools shall have authority and it shall be their duty to file proceedings in court to enforce this subpart.

### *Nonresident Students*

Out-of-city students wishing to apply for enrollment in the Trion City School System may do so if space and facilities are available and the student is in good standing with his resident school. School principals will make the decision on admitting non-resident students; however, their admission does not mean permanent or ongoing acceptance into the Trion School System.

To continue the privilege of attending Trion City Schools as non-residents, students must maintain satisfactory academic, attendance and discipline records. School principals may recommend to the Superintendent the revocation of permission to attend as non- resident students who fail to maintain satisfactory records. Parents shall be notified of such revocation without the necessity of convening a disciplinary tribunal. The decision of the Superintendent is final.

Any resident student who moves from the city after school starts may remain enrolled without paying admission or tuition fee provided he/she had been a resident in the city six months prior to enrollment and ample space is available.

Admission fees and tuition charges must be paid in full before attending classes. All fees and tuition charges are non-refundable after the student has attended any class.

Any non-resident student or any person making an application for a non-resident student and knowingly or willfully falsifying an application shall cause the student to be dropped immediately from the school roll. Any future application shall be submitted to the Superintendent and reviewed by the Trion Board of Education. The action of the Board shall be final.

The Trion City Schools do not discriminate on the basis of race, sex, or disability in decisions regarding the admission or dismissal of non-resident students.

## **Board Policy Homeless Students**

**Descriptor Code: JBC(1)**

---

Trion City Schools - Board Policy Manual  
Administrative Regulation  
Homeless Students

Descriptor Code: JBC(1)-R Homeless Students

---

### **Definition**

Homeless students are defined as lacking a fixed, regular and adequate nighttime residence, including children who are:

1. Sharing the housing of other persons due to loss of housing or economic hardship;
2. Living in motels, hotels, trailer parks or camping grounds due to the lack of alternative adequate accommodations
3. Living in emergency or transitional shelters;
4. Are abandoned in hospitals;
5. Awaiting foster care placement;
6. Living in public or private places not designed for or ordinarily used as a regular sleeping accommodation for human beings;
7. Living in cars, parks, public spaces, abandoned buildings, substandard housing, transportation stations or similar settings;
8. Migratory children living in conditions described in the previous examples; and
9. Unaccompanied youth who are not in the physical custody of a parent or guardian.

### **Identification**

Homeless children and youth will be identified through three main sources:

1. School personnel will be trained to inquire about homelessness upon enrollment and withdrawal of students (Student Residency Questionnaire). School personnel will notify homeless liaison of any possible students in transition.
2. School staff will be trained annually on how to identify children in class who may be experiencing homelessness and appropriate procedures to follow.
3. Memorandums of Agreement will be developed and renewed annually to create partnerships between community agencies and the school system to identify children and youth experiencing homelessness. Outreach material will be provided to partner agencies by the homeless liaison to provide public notice of homeless children and youth rights.

### **School Selection**

Each child and youth in transition has the right to remain at his or her school of origin or to attend any school in the attendance area in which they are currently residing. School of origin means the school that the student attended when permanently housed or the school in which the student was last enrolled. Children and youth in transition shall remain at the school of origin, to the extent feasible, unless it is against the parent's or youth's wishes. These students are eligible to remain in their school of origin for the duration of their homelessness and until the end of the academic year in which they obtain permanent housing. Instead of remaining in the school of origin, parents or guardians of homeless students may request enrollment in the school located in the attendance area where the student is actually living. If it is not feasible for the student to continue in their school of origin, the student shall be assigned or transferred to the school in the attendance area in which the child is actually living. In that case, if the parent or guardian does not agree, the school system will provide a written explanation as required by federal law (see Form).

Feasibility of remaining at the school of origin shall be centered around the best placement for the student. Issues to be considered include but are not limited to:

- Safety;
- Continuity of instruction;
- Possible location of future housing;

- Remaining time in academic year;
- Anticipated length of stay in temporary residence;
- School placement of siblings; and
- Whether the student has special needs that would render commute difficult.

#### Enrollment

Students identified as homeless have the right to immediate enrollment in school. If the parent or student is unable to produce records normally required for enrollment, such as previous academic records, medical records, proof of residence or immunization records, the student shall be enrolled and the school shall immediately contact the school last attended by the student to obtain the relevant academic and other records. If the student needs to obtain immunizations, or immunization or medical records, the school shall immediately refer the parent or guardian of the student to the school homeless contact or district liaison for homeless students who shall assist in obtaining necessary immunizations or immunization or medical records. The school will obtain appropriate information sufficient for the homeless liaison to contact the parent or guardian of the student. This applies to unaccompanied youth as well. Under guardianship or custody, unaccompanied youth may enroll themselves or be enrolled by a non-parent caretaker over the age of 18 or the district homeless liaison.

If there is an enrollment dispute, the student shall be immediately enrolled in the school in which enrollment is sought, pending resolution of the dispute. The parent or guardian shall be informed of the district's decision and their appeal rights in writing (see Form). The district's liaison will carry out dispute resolution as provided by the state plan.

Unaccompanied youth will also be enrolled pending resolution of the dispute.

#### Transportation

Homeless students are entitled to transportation to their school of origin or the school where they are to be enrolled. Transportation shall be provided for the duration of the transition. If the school of origin is in a different district, or a homeless student is living in another district but will attend his or her school of origin in this district, the districts will coordinate the transportation services necessary for the student, or will divide the costs equally. Transportation services may be provided through district transportation, gas vouchers, or public means. If transportation is requested by parent or guardian, a Transportation Request form should be filled out by school staff and forwarded to the district liaison and Transportation Director.

#### Disputes

If a dispute arises over any issue related to the rights of children and youth in transition, the child or youth in transition shall be immediately enrolled and provided all services until dispute is resolved in accordance with federal law. The school must provide the parent, guardian, or unaccompanied youth with a written explanation of its decision and the right to appeal with the district homeless liaison contact information (see Dispute Form). The liaison shall ensure enrollment and appropriate services until the dispute is resolved. All records of disputes should be kept. The state level appeals process should also be provided following the district level appeal.

#### Services

Children and youth in transition shall be provided comparable services to other students including:

- Transportation;
- Title I;
- Education services where they meet eligibility criteria;
- Vocation and technical education program;
- Gifted and talented program;
- School Nutrition; and,
- Before and after school care.

Other services provided to facilitate education include school supplies, school clothes, health services, summer programs, emergency assistance, counseling services and tutoring services.

Upon being identified as homeless, students automatically qualify for free and reduced lunch. The district homeless liaison or designee shall forward necessary information to Nutrition Services to facilitate the free/reduced lunch process.

Title I services should also be made available to all children and youth in transition, regardless of the school of enrollment's Title I status. Appropriate funds should be set aside to provide comparable services to those students. The district Title I plan should coordinate with the McKinney-Vento services through collaboration between Title I Director and the district homeless liaison.

#### Collaboration

The district's liaison for homeless students and their families shall coordinate with local social service agencies that provide services to homeless children and youths and their families; other school districts on issues of transportation

and records transfers; and state and local housing agencies responsible for comprehensive housing affordability strategies. This coordination includes providing public notice of the educational rights of homeless students where such students receive services, such as schools, family shelters, and soup kitchens. The district's liaison will also review and recommend amendments to district policies that may act as barriers to the enrollment of homeless students.

## **Code of Conduct**

### **I. Standards of Student Behavior:**

All student behavior shall be based on respect and consideration for the rights of others. Students are expected to conduct themselves at all times in a manner that will contribute to the best interest of the school.

Instruction should occur in an environment that is conducive to learning. Effective instruction requires good order and discipline, which may be described as the absence of distractions, friction, and disturbances, which interfere with the effective functioning of the student, class, and school. It is also the presence of a friendly, yet businesslike, atmosphere in which students and school personnel work cooperatively toward mutually recognized and accepted goals. Ultimately, the goal of the Trion Board of Education in student discipline is to modify undesirable behavior while maintaining a school environment, which provides maximum learning opportunities for all students.

As students progress in the Trion City Schools, it is reasonable to assume that an increase in age and maturity will result in the students' assuming greater responsibility for their actions; however, the procedure identified shall apply to all students grades K-12.

Students have a right to learn without distractions. Teachers have a right to teach without distractions. In order to promote an atmosphere of harmony and cooperation, the following standards of behavior are suggested for all students. Students shall:

- Cooperate with school personnel
- Demonstrate respect for self and others
- Behave in a responsible manner
- Attend classes regularly and on time
- Bring appropriate work materials to class
- Be prepared to participate in classroom activities
- Be responsible for their own work
- Comply with dress code
- Respect others property
- Abide by the rules and regulations of the school and each classroom teacher
- Seek changes in an orderly and appropriate manner
- Avoid violation of the student code of conduct

### **II. Progressive Discipline Process:**

The Superintendent shall develop or cause to be developed rules and regulations, which implement and are consistent with this policy.

The following code sets forth school rules and regulations prohibiting certain types of student conduct. A student found to be in violation of any one of them may be subject to disciplinary action.

The rules and regulations of conduct shall apply:

- a. on the school ground at any time;
- b. off the school grounds at a school function or event;
- c. adjacent to school grounds;
- d. in route to and from school and/or school activities subject to the jurisdiction of school authorities.

#### **Category I Discipline**

Category I discipline is used for minor acts of misconduct, which interfere with orderly school procedures, school functions, extracurricular programs, approved transportation, or a student's own learning process. Students may be disciplined by the professional staff member involved or may be referred directly to the principal.

#### **Category II Discipline**

Category II discipline offenses are intermediate acts of misconduct that require administrative intervention.

### **Category III Discipline**

Category III discipline offenses are serious acts of misconduct. These offenses must be reported to the principal. A parent/guardian contact is required.

### **Category IV Discipline**

Category IV discipline offenses represent the most serious acts of misconduct. These offenses must be immediately reported to the principal. These violations are so serious that they may require use of outside agencies and/or law enforcement. Parent/guardian conference required.

### **III. Behavior Support Process:**

**The behavior support process is based on a multi-strategy approach that seeks to organize the school, school system, parent, and community into a comprehensive framework that is an integral part of the school's mission.**

The behavior support process will provide for support strategies that build on strengths of students rather than those that focus on behavioral deficits.

The process will help students establish individual goals, a time frame for accomplishments and will focus on youth development.

The behavior support process will ensure that supports are developmentally and age appropriate.

Trion City Schools will utilize the following procedures/elements to implement the behavior support process for student misconduct.

1. Student contact/notification
2. Parent contact/notification
3. Parent conference
4. Teacher conference
5. Principal conference
6. Referral to guidance counselor
7. Referral to student support team
8. Counseling with school social worker
9. Referral to school psychologist
10. Utilization of DFACS
11. Referral to truancy treatment team
12. Placement in alternative education program
13. Referral to board of education
14. Referral to juvenile justice system
15. Referral to city and/or county law enforcement agencies

**TRION CITY SCHOOLS  
ELEMENTARY, MIDDLE AND HIGH SCHOOLS  
ABSENCES AND EXCUSES**

**REFERRAL PROCESS FOR ABSENCES**

**Three (3) unexcused absences in grades K-12.**

A letter will be sent to the parent/guardian via certified, registered mail, with return receipt requested, and by first class mail. The letter will notify the parent/guardian of a truancy meeting that **must be** attended to sign an attendance contract. For grades **6-12**, the letter will also inform the parent/guardian that the child will lose credit for his/her classes for that semester if the child has another unexcused absence.

**If there are any unexcused absences after signing an attendance contract or failure to cooperate at any time, in grades K-12., the matter may be pursued in either Juvenile or Magistrate Court.**

**Four (4) unexcused absences in grades 6-12.**

Parents/guardians will be notified via certified, registered mail, with return receipt requested, and by first class mail. The letter will notify parents/guardians that the child has lost credit for his/her classes for that semester. The decision may be appealed by process outlined in JBD "Student Attendance, Absences and Excuses."

**Four (4) parent notes in grades K-12.**

Parents/guardians will be notified by first class mail that the child has presented four parent notes for absences. The letter informs the parent/guardian that the school will only accept one additional parent note. After (5) parent notes for middle and high school students, and (7) for elementary school students, the school will not excuse the child's absences without a doctor or legal excuse.

**Five (5) unexcused absences in grades K-12.**

As required by law, the parent/guardian will be notified by certified, registered mail, with return receipt requested, and by first class mail. Students and/or parents may be referred to Magistrate or Juvenile Court for violation of O.C.G.A. 20-2-690.1 Compulsory School Attendance Law.

**Referral Process for Tardies**

The procedures for tardies will be developed at the school level through the discipline policy, see the student handbook for details.

**Ten (10) and Fifteen (15) Tardies**

When the child reaches (10) total tardies for the school year, the child will be referred to the Truancy Treatment Team. Only 5 parent notes will be accepted as being excused for tardies. The child must have a doctor's excuses or legal excuses after the 5 parent notes. The parent/guardian will be notified via certified registered mail, with return receipt requested, and by first-class mail. The letter notifies the parent/guardian of a truancy meeting that **must be** attended to sign an attendance contract. At fifteen (15) tardies, the student and/or parent may be referred to Magistrate Court and/or Juvenile Court for violation of O.C.G.A. 20-2-690.1 Compulsory School Attendance Law.

# THE QUEST PROGRAM

## Trion City Schools Gifted and Talented Services

*"The Georgia State Board of Education defines a gifted student as "...a student who demonstrates a high degree of intellectual and/or creative ability(ies), exhibits an exceptionally high degree of motivation, and/or excels in specific academic fields, and who needs special instruction and/or ancillary services to achieve at levels commensurate with his/her abilities."*

Trion City provides services for identified gifted students at all grade levels. The gifted program is designed to meet the specific needs of these students and extend competencies in the areas of cognitive skills, collaboration, problem-solving, creativity, reference skills, and communication skills beyond the experience of the regular classroom.

Trion City's Quest program is state-funded. The procedures for identifying and placing students in the gifted program are governed by the Georgia State Department of Education.

### EVALUATION FOR GIFTED ELIGIBILITY

Students in Trion City Schools are evaluated periodically for gifted eligibility.

- During the first semester of grades K-12, teachers observe all students for characteristics of gifted students and make referrals.
- Teacher, parent, peer and self-referrals are accepted each year during specified referral windows.
- Eligibility team meetings and formal testing continue until May.
- During the first semester of each school year, grade levels K-10 will be evaluated based on results from the MAP which is administered during August/September.

### IDENTIFICATION AND PLACEMENT OF STUDENTS IN THE GIFTED PROGRAM

#### Referrals

Students may be referred by teachers, parents, peers, or as a result of district-wide testing. Referral windows are set at three intervals throughout the school year. Referrals are reviewed by the gifted eligibility team. This team determines which students will be formally evaluated.

#### Evaluation

Following parental consent, the local school evaluates the student's mental ability, achievement, creativity, and motivation through the use of nationally normed tests, instruments, performances, and standardized rating scales, as outlined by the State Department of Education guidelines.

#### Eligibility

The eligibility team at the local school reviews the relevant information about the referred student. A decision is made by the team according to state eligibility regulations regarding eligibility or the need for further assessment.

### ELIGIBILITY CRITERIA

To be eligible for gifted services, a student must either **(a)** score at the 99<sup>th</sup> percentile (for grades K-2) or the 96<sup>th</sup> percentile (grades 3-12) on the composite or full-scale score of a standardized test of mental ability **AND** the 90<sup>th</sup> percentile on the total battery, total math or total reading section of a standardized achievement test OR **(b)** qualify through the multiple-criteria assessment process by meeting the criteria in any three of the following four areas:

1. **Mental Ability-** 96<sup>th</sup> percentile on a composite or appropriate component score on a standardized test of mental ability.
2. **Achievement-** 90<sup>th</sup> percentile on a Total Battery, Total Reading, or Total Math section of a standardized achievement test.

3. **Creativity** – 90<sup>th</sup> percentile on the total battery of a standardized test or Superior rating (90%) on a standardized creativity characteristics rating scale.
4. **Motivation** – Superior rating (90%) on a standardized motivation scale. In grades 6-12, a student may also qualify by obtaining a certain grade point average in courses taken in language arts, mathematics, science, social studies, and foreign language over the past two years. This qualifying GPA must be achieved by no more than 10% of the students in each grade level and may not be lower than 3.5 but probably will be higher.
  - Any data used to establish eligibility in one area cannot be used to establish eligibility in another area.
  - Any test score, evaluation instrument, or product/performance used to establish eligibility must be current within two years. Students that are tested and are not determined eligible for gifted services cannot be tested until at least two years have elapsed from the initial gifted screening date.
  - Outside data may be accepted and considered but cannot be substituted for school-generated data to determine eligibility.
  - Students that transfer into the district from another Georgia school district where they were identified and placed into a gifted program are automatically eligible for gifted services. Students from gifted programs outside of the state of Georgia are not automatically placed into the gifted program. Testing procedures and eligibility screening must be reviewed to determine alignment with Georgia guidelines.

## **Gifted Curriculum**

Gifted services must meet Georgia Performance Standards while providing a differentiated curriculum based on the needs of gifted students. This gifted curriculum includes more elaborate, complex, and in-depth study of major ideas, problems, and themes than would ordinarily be available in the regular classroom. The curriculum blends instruction in math, science, social studies, language arts, reading, and fine arts into units that examine central themes, issues, problems, and topics. Students may also have opportunities for independent studies on topics that interest them. Fundamental to curricula developed for gifted students are learning experiences that develop the use of higher-level thinking skills and processes. This instruction enables students to apply these skills and make informed decisions, understand and apply concepts, make judgments, and define, create, and implement strategies for solving problems.

## **Delivery Models**

The needs of able learners are diverse. Trion City Schools use a combination of delivery models to meet the needs of gifted students. Available models include:

### **Direct Services**

- A. Advanced Content – Grades K-12

- To provide a rigorous, challenging, and diverse curriculum for students in the gifted program.
- To provide opportunities to express their extraordinary and unique abilities through activities designed to produce advanced research skills, develop critical and creative thinking and problem-solving skills, and increase communication skills.

## **Program Goals**

## Family Educational Rights and Privacy Act (FERPA) for Directory Information

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that Trion City Schools, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, Trion City Schools may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Trion City Schools to include this type of information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.<sup>1</sup>

If you do not want Trion City Schools to disclose directory information from your child's education records without your prior written consent, you must notify the District in writing ***within two weeks*** of your child enrolling in the district.

Trion City Schools has designated the following information as directory information:

- Student's name
- Weight and height of members of
- Electronic mail address athletic teams
- Photograph
- Degrees, honors, and awards
- Participation in officially recognized activities and sports
- Grade Level

## Notification of Rights under FERPA for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

- (1) The right to inspect and review the student's education records within 45 days of the day the School receives a request for access. Parents or eligible students should submit to the School principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
- (2) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. Parents or eligible students who wish to ask the School to amend a record should write the School principal [or appropriate school official], clearly identify the part of the record they want to be changed, and specify why it should be changed. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
- (3) The right to privacy of personally identifiable information in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has outsourced services or functions it would otherwise use its own employees to perform (such as an attorney, auditor, medical consultant, or therapist); a parent or student serving on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.  
[NOTE: FERPA requires a school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request.]
- (4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202-8520

### **Notice of Rights of Students and Parents Under Section 504**

Section 504 of the Rehabilitation Act of 1973, commonly referred to as “Section 504”, is a nondiscrimination statute enacted by the United States Congress. The purpose of Section 504 is to prohibit discrimination and to assure that disabled students have educational opportunities and benefits equal to those provided to non-disabled students.

Any student or parent or guardian (“grievant”) may request an impartial hearing due to the school system’s actions or inactions regarding your child’s identification, evaluation, or educational placement under Section 504. Requests for an impartial hearing must be in writing to the school system’s Section 504 Coordinator; however, a grievant’s failure to request a hearing in writing does not alleviate the school system’s obligation to provide an impartial hearing if the grievant orally requests an impartial hearing through the school system’s Section 504 Coordinator. The school system’s Section 504 Coordinator will assist the grievant in completing the written Request for Hearing. The Section 504 Coordinator may be contacted through the school system’s central office. Copies of the 504 Procedural Safeguards and Notice of Rights of Students and Parents under section 504 may be found at the system website or may be picked up at the central office or at any of the school offices.

## School Nutrition Program

Our School Nutrition Staff offers nutritious and delicious meals that will promote learning and retention within the instructional day. Our main concern is the health and well-being of all students.

A menu will be sent home with your child and will also be posted on the school website, <http://www.trionschools.org>.

You will receive an application for Free & Reduced meals or you may fill out an online application. Applications will be accepted throughout the year. A new application will need to be completed each school year. Please submit your application promptly to ensure your child receives the benefits so that you will be charged the correct amount.

The full price for breakfast is **\$1.50** and the reduced price is **\$0.00**. A full-price lunch is **\$2.60** and the reduced price is **\$0.00**.

We offer two types of pre-payment systems. My School Bucks is an online system that you can use to put money in your child's account from home with your debit or credit card for a small fee. You may also check your balance and receive notifications when the balance gets low: <http://www.myschoolbucks.com>. We also have a pre-payment envelope to enclose cash or check and return to school with your child. Please make sure your child's name and teacher's name are on the envelope, and that it is sealed properly. We discourage parents from sending cash or coins that are not in a sealed envelope.

Emergency meals are allowed just in case your child forgets his or her money. We do allow delayed payment for meals; however, it is only a courtesy and is not encouraged. If you need further information please contact the School Nutrition Manager, 706-734-2991 ext. 1010, or the School Nutrition Director, 706-734-2991 ext. 1009.

## Charge Policy

### Trion School Cafeteria

Students and adults will have an account with Trion School Cafeteria so they may deposit money by cash or check or through MySchoolBucks.com, as often as needed in order to pay for their meals or a la carte purchases. There will be no maximum or minimum deposit amount. The deposit should be placed in an envelope with the name, account number, amount, and either cash or check written on the envelope. The deposit may be turned in to the cafeteria manager or a cashier, the school office, or placed in the lock box outside the cafeteria entrances. These boxes will be checked daily during school so the money can be credited to the account. The cafeteria will keep the deposit envelopes for reference for at least 90 days. Once the money is deposited into the account, the student cannot withdraw this money. Parents can request a

refund in writing or in person. A link to the MySchoolBucks.com website is on the Trion City Schools web page so that account balances and purchases may be checked or deposits made. MySchool Bucks does charge for transactions.

In the event a student does not have money in their account, they will be allowed to charge a meal, but cannot charge a la carte items. If the student's account is in arrears of more than \$10.00, the cafeteria manager may call the parent to discuss payment. Notice of any negative balance will also be communicated to parents by the cafeteria sending letters home weekly or bi-weekly with the students so that parents know a deposit needs to be made. The cafeteria will ask that the principals help support the cafeteria in collecting unpaid balances. Privileges may be taken away from students, according to what is age-appropriate, if the cafeteria has made efforts to collect a balance that has still been unpaid. If a student withdraws or graduates and leaves an unpaid balance, the school from which they left will be expected to help cover the balance.

New students will have an account created once the office notifies the cafeteria manager they have enrolled. The new student will be placed in a paid status unless information is provided to show free or reduced eligibility. The student will be allowed charging privileges the same as other students where meals and a la carte items are concerned.

Parents can call to request an account balance or transaction history report to see purchases and deposits. At a parent's request, the cafeteria can also put blocks on extra purchases or limit on the amount of purchases,

Adults charging meals should not exceed more than \$20.00. Letters concerning negative balances will also be sent out to adults. Adult accounts can be created by the cafeteria manager, if one does not already exist. However, an account is not necessary to make a purchase in the cafeteria.

If a student withdraws or graduates, they are expected to pay any negative balance or will receive a refund if there is a positive balance. The elementary, middle, and high school offices are expected to make every effort to contact the cafeteria when a student is withdrawing so the balance on the account can be handled accordingly.
