

COVID-19 Dashboard January 14, 2022

Dear Parents/Guardians:

The purpose of this data is to provide our Page Unified School District families and staff with a transparent summary of:

- The number and percentage of students and staff who have been reported to us as having tested positive for COVID-19 for the week. Know that individuals who are reported to test positive are excluded from participation in any in-person/on-campus activity until we can verify that the individual meets the return criteria set by local health authorities.
- We are also showing the positive test results of our COVID-19 testing program. This service is provided free for our students and staff.

The definitions for the information are provided to assist in understanding the data in the PUSD Summary Data Matrix.

**Cases:** The number of active cases reflects those individuals who have been reported as having tested positive for COVID during the week.

**% of Cases:** The percent of active cases out of the total population of students at a site. PUSD staff are calculated separately from the students..

**Cases Identified On Campus:** The number of cases that were identified while a student or staff member was on campus among the active cases.

01/14/2022				
School	Students	Cases	% of Cases	Cases Identified On Campus
Page High School	788	17	2.16%	4
Manson Masa	21	0	0.00%	0
Sage and Sand	86	0	0.00%	0
Page Middle School	568	15	2.64%	6
Desert View Intermediate	502	6	1.20%	4
Lake View Primary	489	7	1.43%	1
Page Pre-School	48	1	2.08%	0
Total	2502	46	1.84%	15
PUSD Staff	322	14	4.35%	13

**Total COVID-19 test administered during the week of 01/14/2022: 162 Test, Percent Positivity: 17.3%**

**\*Data compiled by PUSD COVID-19 District Response Team**
