	<p>Provide and train throughout the year for guaranteed and viable curricula through collaborative teams</p> <p>Provide training and planning for science and STEM integration</p> 		Benchmarks		
			DIBELS		
			Referrals		
 2024	 <p>Increase Reading, Math, Writing, Science and Social and Emotional Results (State Assessments) by at least one year's growth</p>	2024	Data Collected	Pre	Post
	<p>Piloting science curriculum K-8th</p> <p>Continue to provide training throughout the year for curricula</p> 		Benchmarks		
			DIBELS		
			Referrals		
 2025	<p>Increase Reading, Math, Writing, Science, Civics and Social and Emotional Results (State Assessments) by at least one year's growth for students who are identified on grade level and at least 2 year's growth for students who are identified below grade level</p>	2025	Data Collected	Pre	Post
	<p>Full implementation of the science curriculum.</p> <p>Piloting civics curriculum K-12th</p> <p>Continue to provide training throughout the year for curriculum</p> <p>Implement successful data analysis approaches to accelerate student learning</p>		Benchmarks		
			DIBELS		
			Referrals		
 2026	<p>Increase Reading, Math, Writing, Science, Civics, and Social and Emotional Results (State Assessments) by at least one year's growth for students who are identified on grade level and at least 2 year's growth for students who are identified below grade level</p>	2026	Data Collected	Pre	Post
	 <p>Continued training and implementation of data analysis approach to accelerated student learning</p>		Benchmarks		
			DIBELS		
			Referrals		
 2027	<p>All students growing at least one year for Reading, Math, Writing, Science, Civics, and SEL with at least 80% of the students scoring proficiency at grade level</p> 	2027	Data Collected	Pre	Post
			Benchmarks		
			DIBELS		
			Referrals		

EVERY STUDENT, EVERY DAY

EVERY STUDENT, EVERY DAY

NUSD STRATEGIC PLAN

identify goals, strategies and the internal systems to monitor and evaluate progress

District Goals

Goal Area 2: Culture and Climate

Measuring Success

2023

Developing advisory councils that support program goals that increase student achievement
Create a safe environment for every student and staff member to thrive

Identify the goals of advisory councils.
Create norms for advisory councils.
Invite members
Meet and communicate progress towards goals

2023-2024

2024

Intentionally partner with our community and business stakeholders to increase opportunities provided to students and create student pathways

Advisory council will seek out feedback from stakeholders on communication, safety, responsiveness, and an inclusive environment for all via a survey.

2025

Full implementation of advisory councils that support program goals that increase student achievement

Advisory councils meet on a routine and consistent basis to develop plans to continue increasing student achievement as it pertains to the council's scope of work

2025-2026

2026

Purposefully increase partnership with our community and business stakeholders to further increase opportunities provided to students and create student pathways

Initiate planning sessions for student internships for students in career pathways

2027

Launch of a fully realized internship program, leading to career certification, scholarship opportunities, entry-level job offerings
