Principal's Message

At W.M. Anderson Primary School, we strive to instill a love for reading within our students. Teachers conduct read aloud opportunities to further expose our students to literature as well as involve them in the experience of envisioning what they read. Parents can continue to promote reading at home through family reading nights, bedtime stories, and creative story telling. Reading through vocabulary word lists and having students practice sight words are additional means of helping students broaden their language skills.
