5. Presentation(s) to School Council

Looking at the plan for Eagle Springs- MAPS and Milestones and areas of opportunities given to us from the district. Our only area of concern was our 5th grade scores. Our teachers worked hard in preparing our kids. Our achievement scores went up.

We looked at how we can move from achievement to better. We are in the process of getting better by doing something different. Dr. Washington got with our API, Mrs. King and our BST team to create a plan support our TIER 1 instruction -plan, teach, work, assess, and make adjustments. Looking at our past processes, we utilized our team of experts to create a plan and support our teachers and students to meet all our academic needs. We continue to expose our kids to information throughout the year utilizing centers, small groups, and strong tier1 instruction.

6. Report of Principal

We are a PLC model school. Everything we do we are willing to work together. We have great teachers and they want to work.

We did a survey and we are working on our team member dynamics. We are going to work our plan, use our progress monitoring tools-be consistent and persistent.

We raised \$18,000 from our fundraiser.

We have a new family engagement liaison-Darra McClinton.

Our PBIS walk through was good. 98/100 score.

We are only as good as our last game. Results matter and we will continue to work and adjust as needed.

We have a new reading specialist-Mrs. Registry from Lake Joy.
