Softball

The Lady Eagles grew and matured as players throughout the season. They showed much improvement throughout the season under head Coach McMurray. While the final record may not have indicated such, there was much improvement and enthusiasm, opening the door to a bright future. The girls were very coachable and fun to work with.

Unified Basketball

Coach Palmer and Coach Dobroski did a wonderful job with our Unified Basketball Athletes this season. Everyone had a great time and it was a tremendous experience for all involved!

The momentum of this program continues to grow. There were 21 participants this season!

Our Unified Program also participated in the ***Polar Plunge*** in Lake George in November to help raise funds for NYS Special Olympics. Great job everyone!!

Tennis

The Varsity team finished with a record of 6-2. Foreign Exchange student Marius Catheline was a great addition to the squad with outstanding performances. This team had no Seniors, so they expect to be very competitive next year.
