THIS report is correct. The totals of receipts and expenditures will balance. Care should be taken to enter proper heading, and to enter no amount twice. If money other than the funds of the district is advanced by any one in paying bills, it should be included in the item "Received from Loans." It is really money borrowed, and should also be included in item 15 above. Do not foot up the columns alike unless they actually add up alike.

1. If the district is fractional, write the names of the children in each township separately under the name of the township, beginning with that township in which the schoolhouse or site is situated. A separate statement must be made to the clerks of the several townships in which the district is in part situated, giving the number of children five years of age and under twenty years residing in that part of the district lying within their respective townships.  
 2. If there is not space on this page sufficient to contain the names of all the children in the district, write the remainder upon ordinary foolscap paper, properly ruled, and attach the same to this sheet. Do not use additional blanks.
