Comprehensive Glossary 2017–18 Texas Academic Performance Report

Cover Page

2018 Accountability Rating: The overall rating earned by the district or campus for 2018.

2018 Special Education Determination Status *(district TAPR only):* This label represents an integrated determination status based on an evaluation of each district's Performance-Based Monitoring Analysis (PBMAS) indicators in the special education program area; the State Performance Plan (SPP) compliance indicators 9, 10, 11, 12, and 13; data integrity; uncorrected noncompliance; and audit findings. Districts receive one of four special education determination statuses:

Meets Requirements Needs Assistance Needs Intervention Needs Substantial Intervention

For more information, see the special education intervention guidance and resources documents at the following link:

https://tea.texas.gov/si/SPEDmonitoring/

Additional resources include the PBMAS Manual and the State Performance Plan at the following links: <u>http://tea.texas.gov/pbm/PBMASManuals.aspx</u>

http://tea.texas.gov/Reports_and_Data/Data_Submission/State_Performance_Plan/State_Performance_Plan_and_Annual_Performance_Report_and_Requirements/

2017 Armed Services Vocational Aptitude Battery (ASVAB) Test (*district TAPR only*): Senate Bill 1843 requires that each school year, each school district and open-enrollment charter school provide students in grades 10–12 the opportunity to take the ASVAB and consult with a military recruiter. There are two types of ASVAB tests; only the ASVAB Career Exploration Program (CEP) was evaluated.

Meets Requirements: The district met the reporting requirement and administered the ASVAB CEP.

Not Reported: The district did not complete the reporting requirement.

Not Given: The district completed the reporting requirement but did not administer the ASVAB CEP.

Alternate Test Given: The district completed the reporting requirement and did not administer ASVAB CEP but did administer an alternate test.

Performance

STAAR (State of Texas Assessments of Academic Readiness): A comprehensive testing program for public school students in grades 3–8 or high school courses with end-of-course (EOC) assessments. The STAAR program is designed to measure to what extent a student has learned, understood, and is able to apply the concepts and skills expected at each grade level or after completing each course for which an EOC assessment exists. Each STAAR assessment is linked directly to the Texas Essential Knowledge and Skills (TEKS). The TEKS are the state-mandated content standards that describe what a student should know and be able to do upon completion of a course. For more information on the TEKS, see the *Texas Essential Knowledge and Skills* website at http://tea.texas.gov/curriculum/teks/.

Other Important Information:

- Substitute Assessments. Certain, specific assessments that students may take in place of an EOC assessment. For more information, see the Texas Administrative Code, §101.4002, at http://ritter.tea.state.tx.us/rules/tac/chapter101/ch101dd.html.
- *Special Education.* STAAR (with and without accommodations) and STAAR Alternate 2 results are included.
- *Spanish STAAR.* All STAAR assessments in grades 3, 4, and 5 are available in both English and Spanish. The TAPR performance includes performance on the Spanish STAAR.
- *Rounding of STAAR results.* STAAR performance shown on the TAPR is rounded to whole numbers. For example, 49.877% is rounded to 50%; 49.4999% is rounded to 49%; and 59.5% is rounded to 60%.

Masking. STAAR performance rates are masked when necessary to comply with FERPA. For more information, see the Explanation of Masking at https://rptsvr1.tea.texas.gov/perfreport/account/2018/masking.html.

Progress (Academic Growth and STAAR)

- School Progress Domain—Academic Growth Score. Growth score awarded in School Progress, Part A: Academic Growth for improving performance year over year as measured by STAAR progress measures and performance levels on STAAR. Indicates the amount of improvement or growth made from year to year.
- STAAR Progress Measure Percent at Expected or Accelerated Growth. The percentage of assessments that met or exceeded the STAAR progress measure expectations. See Chapter 3 of the <u>2018</u> <u>Accountability Manual</u> for more information.
- STAAR Progress Measure Percent at Accelerated Growth. The percentage of assessments that exceeded the STAAR progress measure expectations. See Chapter 3 of the <u>2018</u> <u>Accountability Manual</u> for more information.
- *Percent of Students Maintaining or Improving Compared to Prior Year Performance Level.* The percentage of students that maintained or improved their STAAR performance levels this year in comparison with last year. Students are included in the performance level achieved in the prior year.

Prior Year and SSI

Progress of Prior-Year Non-Proficient Students: The percentage of students in grades 4–8 who did not reach the satisfactory standard on STAAR (including STAAR Alternate 2) in the prior year but passed the corresponding assessment in the current year. For 2017–18, rates for ELA/reading and mathematics are calculated as follows:

number of matched grades 4–8 students who did not reach the satisfactory standard in 2017 but passed in 2018

number of matched grades 4-8 students who did not reach the satisfactory standard in 2017

For 2017–18, students in grades 4–8 included in these measures are those who

- took the spring 2017–18 STAAR (with or without accommodations) or STAAR Alternate 2 in ELA/reading and/or mathematics. This indicator does not include grade 3 assessment takers because that is the first STAAR assessment;
- are part of the 2017–18 accountability subset;

- can be matched to the spring 2016–17 STAAR administration—anywhere in the state—to find their prior year score for ELA/reading and/or mathematics; and
- did not reach the satisfactory standard on the 2016–17 STAAR administration of ELA/reading and/or mathematics.

Student Success Initiative (SSI): Grade-advancement requirements enacted by the 76th Legislature in 1999 that require students to demonstrate proficiency on the reading and mathematics assessments in grades 5 and 8.

For 2018, the TAPR shows the following for each SSI grade:

(1) *Students Meeting Approaches Grade Level Standard on First STAAR Administration*: The percentage of students who met the Approaches Grade Level standard during the first administration. It is calculated as follows:

number of students who met the Approaches Grade Level standard in the first administration

number of students who took the assessment in the first administration

(2) *Students Requiring Accelerated Instruction:* The percentage of students who did not pass the first administration of the STAAR. It is calculated as follows:

number of students who did not meet the standard in the first administration

number of students who took the assessment in the first administration

(3) *STAAR Cumulative Met Standard:* The cumulative (and unduplicated) percentage of students who took and passed the assessments in the first and second administrations combined. It is calculated as follows:

number of students who passed the assessment in either of the first two administrations

cumulative number of students who took the assessment in either of the first two administrations

(4) *STAAR Non-Proficient Students Promoted by a Grade Placement Committee (GPC):* The percentage of students who did not reach the satisfactory standard on STAAR but were promoted to the next grade level by a grade placement committee. It is calculated as follows:

number of students who did not pass the assessment in the first, second, or third administrations but were promoted to the next grade level

number of students who did not pass the assessment in the first, second, or third administrations

(5) *STAAR Met Standard (Non-Proficient in Previous Year) Promoted:* The percentage of students who met standard this year but did meet the satisfactory standard on STAAR in the previous year, disaggregated by promoted or retained.

number of students who did not pass the assessment in the first, second, or third administrations but were promoted to the next grade level

number of students who did not pass the assessment in the first, second, or third administrations

number of students who did not pass the assessment in the first, second, or third administrations and were retained

number of students who did not pass the assessment in the first, second, or third administrations

Participation STAAR Participation

The percentage of students who were administered a STAAR assessment, STAAR Alternate 2, and/or Texas English Language Proficiency Assessment System (TELPAS). The details on the participation categories are as follows:

- Assessment Participant: 1) number of answer documents with a score code of S, 2) number of STAAR Alternate 2 testers with a score code of N, 3) number of substitute assessments, 4) number of A or O reading answer documents with a scored TELPAS assessment, and 5) number of A or O mathematics answer documents with a scored TELPAS assessment for year 1–5 asylee/refugees and SIFEs
 - Included in Accountability: scored answer documents used in determining the district or campus accountability rating, including substitute assessments with a score code of O
 - Not included in Accountability: answer documents counted as participants but not used in determining the district or campus accountability rating
 - Mobile: answer documents were excluded because the students enrolled in the district or campus after the fall TSDS PEIMS submission dates (October 27, 2017, or October 28, 2016, for summer 2017 EOCs)
 - *Other Exclusions.* The following answer documents were excluded from the rating determination:
 - Answer documents for students who were tested only on the TELPAS or TELPAS plus STAAR assessments with score codes of A or O.
 - Answer documents of students who are either an EL who has been in school in the U.S. for one year or an asylee, refugee, or SIFE student who has been in school in the U.S. for less than six years.
 - Answer documents of STAAR Alternate 2 testers with a score code of N.
- Not Tested: answer documents with score codes A or O
 - *Absent:* answer documents with score code A
 - *Other:* answer documents with score code 0, except for substitute assessments.

The denominator for participation is the sum of these five categories: Included in Accountability, Mobile, Other Exclusions, and Not Tested (Absent and Other). *STAAR Participation Rate* is rounded to a whole number. For example, 94.49% is rounded to 94%. Small values may show as zero: 0.4% is rounded to 0%, and 0.6% is rounded to 1%. *(Data source: STAAR and TELPAS File)*

Attendance and Graduation Attendance, Graduation, and Dropout Rates

Attendance Rate: The percentage of days that students were present in 2016–17 based on student attendance for the entire school year. Only students in grades 1–12 are included in the calculation. Attendance is calculated as follows:

total number of days that students in grade 1-12 were present in 2016-17

total number of days that students in grade 1-12 were in membership in 2016-17

This indicator was used in awarding distinction designations in 2018. For a detailed explanation of distinction designations, see Chapter 6 of the <u>2018 Accountability Manual</u>. (Data source: TSDS PEIMS 42400)

Annual Dropout Rate: The percentage of students who drop out of school during a school year. Annual dropout rates are shown for districts and campuses that serve grades 7–8 and/or 9–12. State law prohibits including a student who meets any of the following criteria from campus and district annual dropout rate calculations:

- Is ordered by a court to attend a high school equivalency certificate program but has not earned a high school equivalency certificate
- Was previously reported to the state as a dropout
- Was in attendance but not in membership for purposes of average daily attendance (i.e., students for whom school districts are not receiving state Foundation School Program [FSP] funds)
- Was initially enrolled in a school in the United States in any grade 7 through 12 as an unschooled refugee or asylee as defined by <u>TEC §39.027(a-1)</u>
- Attends a district exclusively as a function of having been detained at a county detention facility and is not otherwise a student of the district in which the facility is located or is being provided services by an open-enrollment charter school exclusively as the result of having been detained at the facility
- Is incarcerated in a state jail or federal penitentiary as an adult or as a person certified to stand trial as an adult
- Is a student in a Texas Juvenile Justice Department facility or residential treatment facility served by a Texas public school district
- Is at least 18 years of age as of September 1 and has satisfied the credit requirements for high school graduation; has not completed his or her individualized education program (IEP); and is enrolled and receiving IEP services

Annual Dropout Rate (Gr 7–8). This includes only grades 7 and 8. It is calculated as follows:

number of dropouts in grades 7 and 8 during the 2016-17 school year

number of students in grades 7 and 8 in attendance at any time during the 2016-17 school year

Annual Dropout Rate (Gr 9–12). This includes grades 9 through 12. It is calculated as follows:

number of dropouts in grades 9-12 during the 2016-17 school year

number of students in grades 9-12 in attendance at any time during the 2016-17 school year

Both annual rates appear on campus, district, region, and state TAPRs. The state and region annual dropout rates that are reported on district and campus TAPRs, however, are calculated without the exclusions required for campus and district calculations.

Note that with all annual dropout rate calculations, a cumulative count of students is used in the denominator. This method for calculating the dropout rate neutralizes the effect of mobility by including in the denominator every student ever reported in attendance at the district or campus throughout the school year, regardless of length of enrollment. For a more complete description of dropout rates and exclusions, see the <u>Secondary School Completion and Dropouts in Texas Public</u> <u>Schools, 2016–17</u> reports, available on the TEA website at http://tea.texas.gov/acctres/dropcomp_index.html.

For detailed information on data sources, see Appendix H in the <u>2018 Accountability Manual</u> (Data source: TSDS PEIMS 40203, 40110, 42400, and 42500)

Longitudinal Rates: The status of a group (cohort) of students after four years in high school (*4-Year Longitudinal Rate*), after five years in high school (*5-Year Extended Longitudinal Rate*), or after six years in high school (*6-Year Extended Longitudinal Rate*).

For the *4-Year Longitudinal Rate,* the cohort consists of students who first attended ninth grade in 2013–14. They are followed through their expected graduation with the Class of 2017.

For the *5-Year Extended Longitudinal Rate,* the cohort consists of students who first attended ninth grade in 2012–13. They are followed for five years and included if they graduated within a year after their expected graduation with the Class of 2016.

For the *6-Year Extended Longitudinal Rate,* the cohort consists of students who first attended ninth grade in 2011–12. They are followed for six years and included if they graduated within two years after their expected graduation with the Class of 2015.

Additional Information on Cohorts:

- A student transfers into a campus, district, or state cohort when he or she moves into the cohort from another high school in Texas, from another district in Texas, or from out of state.
- A student transfers out of a campus or district cohort when he or she moves to another public high school in Texas or moves to another district in Texas. Note that these students are transferred into the cohort of the high school or district to which they moved. There are also students who move out of state or out of the country and students who transfer to private schools or who are home-schooled. These types of transfer students cannot be tracked and are not included in longitudinal rate calculations.

A student does not change cohorts if he or she repeats or skips a grade. A student who begins with the 2013–14 ninth-grade cohort remains with that cohort. A student who started the ninth grade in 2013–14 but takes 5 years to graduate (i.e., graduates in May 2018) is still part of the 2017 cohort; he or she is not switched to the 2018 cohort. This student would be considered a continuing student and counted as part of the Continued HS number for the Class of 2017. This is also true for the five-year and six-year extended longitudinal cohorts.

There are four student outcomes used in computing each longitudinal rate:

4-Year Longitudinal Rate

* The cohort in the denominator of the formulas shown above includes those students who graduated, continued in school, received a TxCHSE, or dropped out. It does not include data errors or leavers with the leaver reason codes 03, 16, 24, 60, 66, 78, 81, 82, 83, 85, 86, 87, 88, 89 or 90. See *Annual Dropout Rate* for a list of all the exclusions mandated by state statute for districts and campuses.

The graduation, continuation, TxCHSE recipient, and dropout rates sum to 100% (some totals may not equal exactly 100% due to rounding). Students served through special education who graduate with an individualized education program (IEP) are included as graduates.

Additional Information about Federal Graduation Rates

In addition to the detailed breakdown of the four-, five- and six-year longitudinal rates, the district and campus TAPRs show federal graduation rates for the following:

(1) *4-Year Federal Graduation Rate.* Cohort of students who first attended ninth grade in 2013–14. They are followed through their expected graduation with the Class of 2017. It is calculated as follows:

number of students from the cohort who received a high school diploma by August 31, 2017

number of students in the 2017 cohort **

(2) *5-Year Extended Federal Graduation Rate.* Cohort of students who first attended ninth grade in 2012–13. They are followed for five years to see if they graduated within a year after their expected graduation with the Class of 2016. It is calculated as follows:

number of students from the cohort who received a high school diploma by August 31, 2017

number of students in the 2016 cohort**

(3) 6-*Year Extended Federal Graduation Rate.* Cohort of students who first attended ninth grade in 2011–12. They are followed for six years to see if they graduated within two years after their expected graduation with the Class of 2015. It is calculated as follows:

number of students from the cohort who received a high school diploma by August 31, 2017

number of students in the 2015 cohort**

** The cohort in the denominator above includes those students who graduated, continued in school, received a TxCHSE, or dropped out. It does not include data errors or leavers with leaver reason codes 03, 16, 24, 60, 66, 78, 81, 82, 83, 85, 86, 87, or 90. Students with leaver codes 88 and 89 are included in the federal rates.

A student in a Texas Juvenile Justice Department facility or residential treatment facility served by a Texas public school district is excluded from district and campus graduation rates calculated for federal accountability purposes. Students served by special education who graduate with an individualized education program (IEP) are included as graduates.

For further information on these rates, see the report <u>Secondary School Completion and Dropouts</u> <u>in Texas Public Schools, 2016–17</u>. (Data source: TSDS PEIMS 40203 and Texas Certificate of High School Equivalency Information File)

number of graduates during the 2015–16 school year who enrolled in a public college or university in Texas for the school year following the year they graduated

Students who attended Texas public two- or four-year institutions of higher education are included. Students who enrolled in independent colleges or universities in Texas, out-of-state colleges or universities, or any non-public career school are not included.

Additional reports showing students enrolled in Texas public colleges and universities are available on the Texas Higher Education Coordinating Board (THECB) site at http://www.txhighereddata.org/generatelinks.cfm?Section=HS2Col.

Profile

Student Information

Total Students: The total number of public school students who were reported in membership on October 27, 2017, at any grade from early childhood education through grade 12. Membership differs from enrollment as it does not include those students who are served in the district for less than two hours per day. For example, the count of *Total Students* excludes students who attend a nonpublic school but receive some services, such as speech therapy—for less than two hours per day—from their local school district. (*Data source: TSDS PEIMS 40110*)

Students by Grade: The count of students in each grade divided by the total number of students. *(Data source: TSDS PEIMS 40110)*

Ethnic Distribution: The number and percentage of students and staff who are identified as belonging to one of the following groups: African American, Hispanic, White, American Indian, Asian, Pacific Islander, and Two or More Races. (*Data source: TSDS PEIMS 40100, 30040, 30050, 30090*)

Economically Disadvantaged: The count and percentage of students eligible for free or reduced-price lunch or eligible for other public assistance.

total number of students

(Data source: TSDS PEIMS 40100 and TEA Student Assessment Division)

Non-Educationally Disadvantaged: Those students not eligible to participate in free or reducedprice lunch or to receive any other public assistance. This is the complementary count and percentage to Economically Disadvantaged.

English Learners (ELs): The count and percentage of students whose primary language is other than English and who are in the process of acquiring English. The terms "English Language Learner," "English Learner," and "Limited English Proficient" (LEP) are used interchangeably.

Inclusion and exclusion of EL performance varies by indicator:

- EL performance of students who are in year one in U.S. schools is excluded from all STAAR indicators. Exclusion of other EL performance varies, depending on the indicator. For detailed information on the inclusion and exclusion of EL performance, see the <u>2018 Accountability</u> <u>Manual</u>.
- EL performance is included in all other non-STAAR indicators, regardless of years in U.S. schools.

In the *Profile* section of the reports, the percentage of ELs is calculated by dividing the number of ELs by the total number of students in the district or campus. Not all students identified as ELs receive bilingual or English as a second language instruction. (*Data source: TELPAS file*)

Students with Disciplinary Placements: The count and percentage of students placed in alternative education programs under <u>Chapter 37 of the Texas Education Code</u> (Discipline; Law and Order). Districts report the disciplinary actions taken toward students who are removed from the classroom for at least one day. Although students can have multiple removals throughout the year, this measure counts students only once and includes only those whose removal results in a placement in a disciplinary alternative education program or juvenile justice alternative education program. It is calculated as follows:

number of students with one or more disciplinary placements

number of students who were in attendance at any time during the school year

For 2017–18, the following 19 action codes on the PEIMS 425 record are included as disciplinary placements: 02, 03, 04, 07, 08, 10, 12, 13, 14, 15, 51, 52, 53, 54, 55, 57, 59, 60, and 61. *(Data source: TSDS PEIMS 44425)*

At-Risk: The count and percentage of students identified as being at risk of dropping out of school as defined by <u>TEC §29.081(d) and (d-1)</u>.

(Data source: TSDS PEIMS 40110)

Students with Disabilities by Type of Primary Disability: The count of students disaggregated by primary disability. The TAPR uses five categories of primary disability: Students with Intellectual Disabilities (TSDS PEIMS disability codes 06, 08, 12, 13), Students with Physical Disabilities (TSDS PEIMS disability codes 01, 03, 04, 05, 09), Students with Autism (TSDS PEIMS disability code 10), Students with Behavioral Disabilities (TSDS PEIMS disability codes 02 and 07), and Students with Non-Categorical Early Childhood (TSDS PEIMS disability code 14). (Data source: TSDS PEIMS 41163)

Mobility (*campus profile only*): The count and percentage of students who have been in membership at a school for less than 83 percent of the school year (i.e., missed six or more weeks).

number of mobile students in 2016-17

number of students who were in membership at any time during the 2016-17 school year

This rate is calculated at the campus level and disaggregated by race/ethnicity. The mobility rate shown in the "district" column is based on the count of mobile students identified at the campus level. The district mobility rate reflects school-to-school mobility within the same district or from outside the district. (*Data source: TSDS PEIMS 42400*)

Retention Rates by Grade (not on campus profile): The percentage of students in Texas public schools who enrolled in fall 2017 in the same grade in which they were reported for the last sixweek period of the prior school year (2016–17).

the number of students enrolled in the same grade from one school year to the next

the number of students enrolled from one school year who return the next year or who graduate

Special education retention rates are calculated and reported separately because local retention practices differ for students served by special education.

The TAPR shows retention rates only for grades K–9. Retention rates for all grades can be found in *Grade-Level Retention in Texas Public Schools, 2016–17,* available from TEA. (*Data source: TSDS PEIMS 40110*)

Data Quality (*not on campus profile*): The percentage of errors made by district in the TSDS PEIMS Student Leaver Data.

Percent of Underreported Students. Underreported students are 7th-12th graders who were enrolled at any time during the prior year, who are not accounted for through district records or TEA processing in the current year, and for whom the district did not submit a leaver record. A district is required to submit a leaver record for any student served in grades 7–12 the previous year unless the student received a Texas high school equivalency certificate (TxCHSE) certificate by August 31, is a previous Texas public school graduate, moved to and enrolled in another Texas public school district, or returned to the district by the end of the school start window. (For 2016–17 the end of the school-start window was October 27, 2017.)

Class Size Averages by Grade and Subject: The average class size by grade (elementary) or selected subjects (secondary classes).

For secondary classes, averages are determined by totaling the number of students served (in a subject at the campus) and dividing that sum by the count of classes for that subject.

For elementary classes, how the average is determined depends on the instructional model. If an elementary teacher teaches all subjects to the same group of fourth graders all day, the class size average is simply the number of fourth grade students served by that teacher. If an elementary teacher teaches a single subject to five different sections of fourth graders each day, however, the average is calculated the same way as for secondary subjects. For example, one fourth grade science teacher teaches five science classes each day with 18, 20, 19, 21, and 22 students in each class. The total of 100 students divided by the five classes produces an average class size of 20 students for that teacher.

The following rules apply to the average class sizes:

- Classes identified as serving regular, compensatory/remedial, gifted and talented, career and technical, and honors students are included in the calculation.
- Subjects in the areas of English language arts (ELA), mathematics, science, social studies, languages other than English, computer science, and career and technical education are included in the calculation, as are self-contained classrooms.
- Classes where the number of students served is reported as zero are not included.
- Service codes with the "SR" prefix are not included.
- Teacher roles coded as "teacher" and/or "substitute teacher" are included.
- Only class settings coded as "regular class" are included.
- Missing partial FTE counts are not included.
- Elementary classes in which the number of students exceeds 100 are not included.
- Mixed grade-level class averages are not included.

Staff Information

Total Staff: The total count of staff which includes professional staff (teachers, professional support, administrators), educational aides, and (on the district profile) auxiliary staff. (*Data source: TSDS PEIMS 30040, 30050, and 30090*)

Professional Staff: The full-time equivalent (FTE) count of teachers, librarians, professional support staff, counselors, campus administrators, and on the district profile, central office administrators. Staff are grouped according to roles as reported in TSDS PEIMS. Each type of professional staff is shown as a percentage of the total staff FTE. See also Appendix A. (*Data source: TSDS PEIMS 30040, 30050, and 30090*)

Educational Aides: The count and percentage of paraprofessional staff who are reported with a role of 033 (Educational Aide) or 036 (Certified Interpreter). The FTE counts of educational aides are expressed as a percentage of the total staff FTEs. See Appendix A for all TSDS PEIMS Role IDs. (*Data source: TSDS PEIMS 30090*)

Auxiliary Staff (*not on campus profile*): The count of full-time equivalent (FTE) staff reported in TSDS PEIMS employment and payroll records who are not reported in the TSDS PEIMS 30090 Staff – Responsibilities record. The auxiliary staff (and educational aide who performs routine classroom tasks under the general supervision of a certified teacher or teaching team) are expressed as a percentage of total staff. For auxiliary staff, the FTE is the value of the percentage of day worked. (*Data source: TSDS PEIMS 30060 and 30090*)

Total Minority Staff: The total count of minority staff is the sum of the FTE counts for all non-white staff groups (African American, Hispanic, American Indian, Asian, Pacific Islander, and Two or More Races). The minority staff FTE count is expressed as a percentage of the total staff FTE. (*Data source: TSDS PEIMS 30040, 30050, and 30090*)

Teachers by Ethnicity and Sex: The counts of teacher FTEs by ethnic group and by sex. Counts are also expressed as a percentage of the total teacher FTEs. (*Data source: TSDS PEIMS 30040, 30050, and 30090*)

Teachers by Highest Degree Held: The distribution of degrees held by teachers. The FTE counts of teachers with no degree, a bachelor's degree, a master's degree, or a doctorate are expressed as a percentage of the total teacher FTEs. (*Data source: TSDS PEIMS 30040, 30050, and 30090*)

Teachers by Years of Experience: The FTE count of teachers by total years of experience for the individual, not necessarily years of experience in the reporting district or campus. Teacher counts within each range of experience are expressed as a percentage of total teacher FTEs. A beginning teacher is a teacher reported with zero years of experience. (*Data source: TSDS PEIMS 30040, 30050, and 30090*)

Number of Students per Teacher: The total number of students divided by the total teacher FTE count. (*Data source: TSDS PEIMS 30040, 30050, and 30090*)

Experience of Campus Leadership: The average years of experience for principals and assistant principals.

- *Average Years as Principal:* The number of completed years of experience as a principal, regardless of district or interruption in service. These amounts are added together and divided by the number of all principals reported for the campus.
- Average Years as Principal with District: The number of years a principal is employed in the district regardless of any interruption in service. The amounts are added together and divided by the number of principals.
- *Average Years as Assistant Principal:* The number of completed years of experience as assistant principal, regardless of district or interruption of service. The amounts are added together and divided by the number of assistant principals reported for the campus.
- Average Years as Assistant Principal with District: The number of years employed as assistant principal in the district regardless of any interruption in service. These amounts are added together and divided by the number of assistant principals reported for the campus.

(Data source: TSDS PEIMS 30050)

Average Years Experience of Teachers: The average number of completed years of professional experience, regardless of district. Weighted averages are calculated by multiplying each teacher's FTE coefficient (1 for a full-time teacher, .75 for a three-quarter-time teacher, and .5 for a half-time teacher, for example) by his or her years of experience. These amounts are added together and divided by the sum of all teachers' FTE coefficients. (*Data source: TSDS PEIMS 30040, 30050, and 30090*)

Average Years Experience of Teachers with District: The average number of years employed in the district regardless of any interruption in service. Weighted averages are calculated by multiplying each teacher's FTE coefficient by his or her years of experience in the district. These amounts are added together and divided by the sum of all teacher's coefficients. *(Data source: TSDS PEIMS 30050)*

Average Teacher Salary by Years of Experience (regular duties only): Total pay for all teachers in each category divided by the total teacher FTE count in that category. For the purpose of this calculation, the total actual salary amount is pay for regular duties only and does not include supplemental pay. For teachers who also have non-teaching roles, only the portion of time and pay dedicated to classroom responsibilities is factored into the average teacher salary calculation. *(Data source: TSDS PEIMS 30060)*

Average Actual Salaries (regular duties only): For each category, the total salary for that category divided by the total FTE count for that category. Only payment for regular duties is included in the total salary; supplemental payments for extra duties (e.g., coaching, band and orchestra assignments, club sponsorships) are not included. See Appendix A for lists of the TSDS PEIMS role IDs included in each category.

- *Teachers*. Teachers, special duty teachers, and substitute teachers. Substitute teachers are either temporarily hired to replace a teacher or hired permanently on an as-needed basis.
- *Professional Support*. Therapists, nurses, librarians, counselors, and other campus professional personnel.
- *Campus Administration (School Leadership)*. Principals, assistant principals, and other administrators reported with a specific school ID.
- *Central Administration. (not on campus profile)* Superintendents, presidents, chief executive officers, chief administrative officers, business managers, athletic directors, and other administrators reported with a central office ID and not a specific school ID.

Instructional Staff Percent *(district profile only)*: The percentage of the district's FTEs whose job function was to provide classroom instruction directly to students during the 2016–17 school year. The instructional staff percent is a district-level measure and is calculated as follows:

total number of hours for district staff who were reported under expenditure object codes 6112, 6119, and 6129, and function codes 11, 12, 13, and 31

total number of hours worked by all district employees

Contact the Division of Financial Compliance at (512) 463-9095 for further details about this measure. (*Data source: TSDS PEIMS 30040, 30050, and 30090*)

Turnover Rate for Teachers (*not on campus profile*): The percentage of teachers from the fall of 2016–17 who were not employed in the district in the fall of 2017–18. It is calculated as the total FTE count of teachers from the fall of 2016–17 who were not employed in the district in the fall of 2017–18, divided by the total teacher FTE count for the fall of 2016–17. Staff who remained employed in the district but not as teachers also count toward teacher turnover. (*Data source: TSDS PEIMS 30050 and 30090*)

Staff Exclusions (not on campus profile): The counts of individuals who serve public school students but are not included in the FTE totals for any of the other employee statistics. There are two types of these entries: individuals participating in a shared services arrangement and individuals on contract with the district to provide instructional services. *Shared Services Arrangement (SSA) Staff* are staff who work in schools located in districts other than their employing district or whose assigned organization (in TSDS PEIMS) shows a code of 751, indicating that they are employed by the fiscal agent of an SSA. Only the portion of a person's total FTE amount associated with the school in another district (or with the 751 organization code) is counted as SSA. SSA staff are grouped into three categories: Professional Staff (which includes teachers, administrators, and professional support); Educational Aides; and Auxiliary Staff. Note that SSA Auxiliary Staff are identified by the type of fund from which they are paid. *Contracted Instructional Staff (District and Campus Profiles)* refers to counts of instructors for whom the district has entered into a contractual agreement with some outside organization. Through the contract, the outside organization has committed to supplying instructional staff for the district. They are never employees of the reporting school district. (*Data source: TSDS PEIMS 30055 and 30060*)

Student Enrollment by Program: The count and percentage of students served in programs and/or courses for special education, career and technical education, bilingual/ESL education, or gifted and talented education. The percentages do not total to 100 because students may participate in more than one of these programs. (*Data source: TSDS PEIMS 40110, 41163 and 41169*)

Teachers by Program (*population served*) (*district profile only*): The FTE count of teachers categorized by the type of student populations served: regular, special, compensatory, career and technical, bilingual/ESL, gifted and talented education students, and other populations. Teacher FTE values are allocated across population types for teachers who serve multiple population types. Percentages are expressed as a percentage of total teacher FTEs. (*Data source: TSDS PEIMS 30040, 30050 and 30090*)

Kindergarten Readiness

Kindergarten (KG) Ready: Assessed kindergarten students who met or exceeded the cut-off score for a particular assessment on the <u>Commissioner's List of Reading Instruments</u>. Kindergarten readiness for each assessment is assessed differently across multiple assessment domains with varying benchmarks/cut-off scores of readiness. A student must pass all required assessment domains to be considered kindergarten ready. For school years 2013–14 through 2016–17, readiness is based on the literacy assessment only and does not provide comprehensive information on student readiness across important developmental domains.

Assessed Students in KG: Kindergarten students enrolled in the Texas public school system as of the Fall Snapshot date (the last Friday in October of each year) who were administered, at the beginning of year (BOY) administration, an assessment on the <u>Commissioner's List of Reading</u> <u>Instruments</u>. Students may take multiple assessments.

Eligible Students: Kindergarten students who met at least one of the public prekindergarten (PK) eligibility criteria during the kindergarten year—economically disadvantaged, English learner (EL), homeless, is or ever has been in foster care, is the child of an active duty member of the armed forces of the United States, or is the child of a member of the armed forces who was injured or killed while on active duty—not the actual eligibility as of the PK year. PK eligibility is based on a student's status as of his/her kindergarten year as there are no comprehensive data concerning PK eligibility for children who did not attend public PK.

Eligible Students Who Attended PK: Kindergarten students determined to be kindergarten ready based on assessment results, who were eligible to attend PK and did attend public PK the prior school year.

Eligible Students Who Did Not Attend PK: Kindergarten students who were eligible to attend public PK but did not attend public PK the prior school year.

Students Who Were Not Eligible for PK: Kindergarten students who were assessed for kindergarten readiness and were not eligible for public PK-

Students Ready for KG: Count of all assessed kindergarten students who were determined to be kindergarten ready based on assessment results.

Student Assessed in KG: Count of all kindergarten students who were assessed for kindergarten readiness.

Percent Ready: Percentage of all assessed kindergarten students who were determined to be kindergarten ready based on assessment results.
