**Column Headers:**
The Dev column contains the DSS score the student earned on the FCAT 2.0 assessment. There will be no other score loaded.

**FCAT Retake Results:**
For those students still being tested using the FCAT assessment based on SSS standards, the Dev and Scale score have not be converted. Converting these scores would not be accurate since it is a different test.

**Dev:**
The Dev column contains the converted (or retrofitted) 2011 DSS score the student earned on the FCAT 2.0 assessment.

**Score:**
The Score column contains the reported 2011 DSS score.

**Coloring:**
The coloring is based on the 2012 cut scores the state determined for the FCAT 2.0.

**FCAT Retake Results:**
For those students still being tested using the FCAT assessment based on SSS standards, the Dev and Scale score have not be converted. Converting these scores would not be accurate since it is a different test.

## How we made the change:

**1** We removed the 2011 Scale Score.

**2** We moved the 2011 Dev score to the Score column.

**3** We added the converted 2011 DSS score to the Dev column.
