"THE TREATMENTS ARE LIFE CHANGING"

Finally! A La Quinta clinic is helping people break free from the constant pain associated with Peripheral Neuropathy.

Doug survived cancer, only to be living life with burning foot pain. He felt like he was walking on pins and needles. Feeling more weak everyday, he started using a cane to walk. **"I was worried that some day soon, I would be wheelchair bound."**

Nearly half of all patients who undergo chemotherapy develop Peripheral Neuropathy. Other causes of Peripheral Neuropathy include Diabetes, Heart Disease, circulatory problems, and age.

Fortunately, the experienced team at **Bohnet Acupuncture** can help. By utilizing the time-tested science of Acupuncture and a technology developed by NASA that assists in increasing

blood flow and accelerating recovery, we get great results with 70-80% of our Peripheral Neuropathy patients.

After a series of treatments, Doug has regained confidence in walking, is enjoying dancing with his wife, and is back out on the golf course.

Most common symptoms:

- pain, tingling, burning, weakness or numbness in arms, hands, legs or feet.
- sudden, sharp, stabbing or shocking pain sensations
- loss of touch sensation
- loss of balance and falling

If you are living in discomfort, or struggling with **any symptoms** of Peripheral Neuropathy, give us a call **TODAY!** We will schedule your consultation and exam to see if you are a candidate for our Peripheral Neuropathy Program.

YOU DON'T HAVE TO "JUST LIVE WITH IT"
