STUDENT USE OF PERSONAL VEHICLES

The Jefferson Davis Parish School Board may require any student who uses his/her personal vehicle for transportation to and from school to register the vehicle with the principal of the school the student attends. Students shall be required to abide by regulations governing the use of personal vehicles on the school campus. Registration of the vehicle shall constitute authority for school officials to conduct reasonable searches of the vehicles when warranted. Neither the School Board nor the school shall be responsible for any theft or damages incurred while a student's vehicle is parked on the campus.

Cars, motorcycles, bicycles, and other vehicles driven to school must be parked in a designated area and left unoccupied until school is dismissed. If it becomes necessary to leave school during the day, proper permission must be obtained to move the vehicle. Students are not to visit other schools to pick up students or visit with them unless permission is granted.

Students are expected to approach and leave through the proper entrances and exits at a slow, safe speed. Sliding stops and spinning starts are not safe and will not be tolerated. Cars and other vehicles are not to be loaned to other students or molested by other students. Students who violate these policies are subject to disciplinary action as deemed necessary by the principal.
