## Instructions

The LCAP Federal Addendum is meant to supplement the LCAP to ensure that eligible LEAs have the opportunity to meet the Local Educational Agency (LEA) Plan provisions of the ESSA.

**The LCAP Federal Addendum Template must be completed and submitted to the California Department of Education (CDE) to apply for ESSA funding.** LEAs are encouraged to review the LCAP Federal Addendum annually with their LCAP, as ESSA funding should be considered in yearly strategic planning.

**The LEA must address the Strategy and Alignment prompts provided on the following page.**

**Each provision for each program must be addressed,** unless the provision is not applicable to the LEA.

In addressing these provisions, LEAs must provide a narrative that addresses the provision **within the LCAP Federal Addendum Template.**

Under State Priority Alignment, state priority numbers are provided to demonstrate where an ESSA provision aligns with state priorities. This is meant to assist LEAs in determining where ESSA provisions may already be addressed in the LEA's LCAP, as it demonstrates the LEA's efforts to support the state priorities.

The CDE emphasizes that **the LCAP Federal Addendum should not drive LCAP development.** ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. This LCAP Federal Addendum provides LEAs with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for LEAs to innovate with their federally-funded programs and align them with the priority goals they are realizing under the state's Local Control Funding Formula (LCFF).

LCFF provides LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The LCAP planning process supports continuous cycles of action, reflection, and improvement.

Please respond to the prompts below, and in the pages that follow, to describe the LEA's plan for making the best use of federal ESEA resources in alignment with other federal, state, and local programs as described in the LEA's LCAP.

## Strategy

Explain the LEA's strategy for using federal funds to supplement and enhance local priorities or initiatives funded with state funds, as reflected in the LEA's LCAP. This shall include describing the rationale/evidence for the selected use(s) of federal funds within the context of the LEA's broader strategy reflected in the LCAP.

Title 1 Part A money is used for Instructional Assistant salaries and benefits, a portion of the teacher salaries and benefits, substitute teacher salaries for professional development opportunities for teaching staff, and County Office Co-Op fees which supply our district with access to training and support services for state and federal programs. Teachers are provided with professional learning opportunities for the state standards. The standards are carried out in the weekly lesson plans and daily instruction. We are currently in the process of adopting curriculum for the Next Generation Science Standards. All students have access to the state standards materials. We receive such a small amount of Title II and Title IV funds that we transfer the funds into Title I to support a portion of a teacher's salary and instructional support staff.

## Alignment

Describe the efforts that the LEA will take to align use of federal funds with activities funded by state and local funds and, as applicable, across different federal grant programs.

We are using LCFF supplemental and concentration funds along with Title 1, Title II and Title IV Federal Funds to support at risk students through tutoring, intervention, and enrichment programs and to pay for personnel to support those programs.

## ESSA Provisions Addressed Within the LCAP

Within the LCAP an LEA is required to describe its goals, and the specific actions to achieve those goals, for each of the LCFF state priorities. In an approvable LCAP it will be apparent from the descriptions of the goals, actions, and services how an LEA is acting to address the following ESSA provisions through the aligned LCFF state priorities and/or the state accountability system.

## ESSA Provisions Not Addressed in the LCAP

For the majority of LEAs the ESSA provisions on the following pages do not align with state priorities. **Each provision for each program provided on the following pages must be addressed**, unless the provision is not applicable to the LEA. In addressing these provisions, LEAs must provide a narrative that addresses the provision **within this addendum**.

As previously stated, the CDE emphasizes that the LCAP Federal Addendum should not drive LCAP development. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.
