

Western Line School District

Educator Evaluation System 2023 - 2024

Since 2013, the Mississippi Department of Education has worked to implement a statewide system of educator evaluations. For 2013-14, 2014-15 and 2015-16, Western Line School District used the teacher MSTAR and principal MPES systems. In 2014, when MDE released evaluations for Counselors, Librarian and Speech-Language Pathologist, Western Line School District began implementation of those as well.

In July 2016, MDE began revision of MSTAR and MPES to become the Mississippi Educator & Administrator Professional Growth System. Implementation of the Professional Growth System (PGS) transitioned in during the 2016-2017 school year.

During 2016-2017, MDE also revised the evaluation systems for Counselors, Librarians and Speech-Language Pathologist, but made use of these instruments optional. **Beginning with 2017-2018, WLS D used the PGS for these educators.**

School Administrators will have completed all evaluations by June 30th of that school year.

The following pages outline the resources available for each of the educator evaluation systems that can be found on the Mississippi Department of Education Website:
