4000 – COMMUNITY RELATIONS

Goals

4000

The Board, through the leadership of the Superintendent and the assistance of the total staff, shall seek to enhance the District's community relations by striving to achieve the following goals:

1. to encourage and enhance communications, understanding, trust and mutual support between the District and the people it serves;
2. to increase both the quality and quantity of public participation in school affairs, activities and programs;
3. to strengthen and improve relations and interactions among staff, trustees, citizens, parents and students;
4. to promote understanding and cooperation between the schools and community groups.

Community participation in this District is important for improving the quality of education for the students. Therefore, this Board intends to make every effort to identify the desires of the community and to be responsive to those desires.

Patrons of this district are encouraged to express their ideas, concerns, and judgments through:

1. Written suggestions or proposals;
2. Presentations at public hearings;
3. Responses to survey;
4. Comments at meetings of this board; and
5. Service on citizens' advisory committees.

The advice and the concerns of the public will be carefully considered. In evaluation of such advice, the first concern of this board will be the educational program as it affects students.

4000 – COMMUNITY RELATIONS

Public Relations

4100

The District shall strive to maintain effective two-way communication channels with the public. Such channels shall enable the Board and staff to interpret the schools' needs to the community and provide a means for citizens to express their needs and expectations to the Board and staff.

The Superintendent shall establish and maintain a communication process within the school system and between it and the community. Such a public information program shall provide for news releases at appropriate times, arrange for news media coverage of District programs and events, provide for regular direct communications between individual schools and the citizens they serve, and assist staff in improving their skill and understanding in communicating with the public.

Community opinion may be solicited through parent organizations, parent-teacher conferences, open houses and other such events or activities which may bring staff and citizens together.

The most important public relations ambassadors are the teachers who work directly with students every day. All employees are encouraged to participate in community activities and demonstrate to the community by their words, attitudes, and actions the ideals set forth by this district.

Public Complaints

4110

The Board is interested in receiving valid complaints and suggestions. Public complaints and suggestions shall be submitted on the Uniform Complaint Policy to the appropriate-level staff member or District administrator. Each complaint or suggestion shall be considered on its merits.

Unless otherwise indicated in these policies or otherwise provided for by law, no appeal may be taken from any decision of the Board.

Uniform Complaint Procedure

Board members may listen to the problems brought to their attention by a patron of the District, and should encourage patrons and employees to review particular problems with the Building Principal or Superintendent. A Board member may bring any matter for review to the attention of any member of the administration and/or to the attention of the Board sitting as a whole.

It is the Board's desire that administrative procedures for settling complaints and grievances be an orderly process within which solutions may be pursued. Further, that the procedure provide prompt and equitable resolution at the lowest possible administrative level. Additionally, it is the Board's desire that members of the community be assured an opportunity for orderly presentation and review of complaints without fear of reprisal.

Community members, parents, employees, and others should use this complaint procedure if they believe that the Board, or its employees or agents have violated their rights guaranteed by the State or federal constitution, State or federal statute, or Board policy.

Exceptions:

Individuals with complaints alleging illegal discrimination should follow the procedure described in Policy 1360.

Individuals seeking to resolve differences dealing with educational services available under Section 504 of the Rehabilitation Act should follow the procedure described in Policy 1370.

The District will endeavor to respond to and resolve complaints without resorting to this complaint procedure and, if a complaint is filed, to address the complaint promptly and equitably. The right of a person to prompt and equitable resolution of the complaint filed hereunder shall not be impaired by the person's pursuit of other remedies. Use of this complaint procedure is not a prerequisite to the pursuit of other remedies, and use of this complaint procedure does not extend any filing deadline related to the pursuit of other remedies.

Level 1: Informal

An individual with a complaint is encouraged to first discuss it with the teacher, coach, or building administrator involved, with the objective of resolving the matter promptly and informally. An exception is that complaints of sexual misconduct against a student should be addressed in accordance with Policy 3085.

Level 2: Principal or Supervisor

If the complaint is not resolved at Level 1, the complainant may file a written complaint stating: 1) the nature of the complaint, and 2) the remedy requested. It must be signed and dated by the

4000 – COMMUNITY RELATIONS

Uniform Complaint Policy (continued)

4120

complainant. The Level 2 written complaint must be filed with the Principal or Supervisor within sixty (60) days of the event or incident, or from the date the complainant could reasonably become aware of such occurrence.

(If the complaint alleges a violation of Board policy or procedure, the Principal or Supervisor shall investigate and attempt to resolve the complaint. If either party is not satisfied with the Principal's or Supervisor's decision, the complaint may be advanced to Level 3 by requesting in writing that the Superintendent review the decision. This request must be submitted to the Superintendent within fifteen [15] days of the Principal's or Supervisor's decision.)

If the complaint alleges a violation of, Title II, Section 504 of the Rehabilitation Act, or a violation of Title IX other than sexual misconduct, the Principal or Supervisor shall turn the complaint over to the Nondiscrimination Coordinator who shall investigate the complaint in accordance with Policy 3085. The Superintendent or appointee shall serve as Nondiscrimination Coordinator, and will assist in the handling of discrimination complaints. The Coordinator will complete the investigation and file the report with the Superintendent within thirty (30) days after receipt of the written grievance. The Coordinator may hire an outside investigator if necessary. If the Superintendent agrees with the recommendation of the coordinator, the recommendation will be implemented. If the Superintendent rejects the recommendation of the Coordinator, and/or either party is not satisfied with the recommendations from Level 2, either party may make a written appeal within fifteen (15) days of receiving the report of the Coordinator to the Board for a hearing.

The District will maintain a complete written record of each complaint, the manner in which it was investigated, and the manner in which it was resolved. Such records will be maintained pursuant to the District's record retention policy unless circumstances dictate that the file should be retained for a longer period of time. Written records, to the extent appropriate, will be maintained in a confidential manner in any affected employee's personnel file.

Level 3: Superintendent

Upon receipt of the request for review, the Superintendent shall schedule a meeting between the parties and the Principal or Supervisor. The parties shall be afforded the opportunity to either dispute or concur with the Principal's or Supervisor's report. The Superintendent shall decide the matter within ten (10) days of the meeting and shall notify the parties in writing of the decision. If the Superintendent agrees with the recommendation of the Principal or Supervisor, the recommendation will be implemented. If the Superintendent rejects the recommendation, the matter may either be referred to an outside investigator for further review or resolved by the Superintendent.

If either party is not satisfied with the decision of the Superintendent, the Board is the next avenue for appeal. A written appeal must be submitted to the Board within fifteen (15) days of receiving the Superintendent's decision. The Board is the policy-making body of the school, however, and appeals to that level must be based solely on whether or not policy has been followed. Any individual appealing a decision of the Superintendent to the Board bears the burden of proving a failure to follow Board policy.

Level 4: The Board

Upon receipt of a written appeal of the decision of the Superintendent, and assuming the individual alleges a failure to follow Board policy, the matter shall be placed on the agenda of the Board for consideration not later than their next regularly scheduled meeting. A decision shall be made and reported in writing to all parties within thirty (30) days of that meeting. The decision of the Board is final.

Records Available to Public

4130

Subject to the limitations provided herein, and as provided by law, full access to public records concerning the administration and operations of the District shall be afforded to the public. Public access to District records shall be afforded according to appropriate administrative procedures.

Every person has the right to examine and take a copy of any public record at all reasonable times. All District records except those restricted by State and federal law shall be made available to citizens upon written request for inspection at the Clerk's office.

The Superintendent shall serve, or designate someone to serve, as “Public Records Coordinator” with the responsibility and authority for ensuring compliance with the display, indexing, availability, inspection, retention, and copying requirements of federal law, State law, and this policy. Responsibility and authority for indexing shall include identifying the general subject matter of all public records kept or maintained by the District, the custodian of these records, and their physical location. The identified physical location of the District’s records is provided in the Retention of District Records Policy. The Public Records Coordinator shall authorize the inspection and copying of the District's records only in accordance with the criteria set forth in this policy and in compliance with State and federal laws.

A written copy of the Board’s minutes shall be available to the general public within a reasonable time after the meeting in which they are approved. Drafts of the Board’s minutes are considered to be public records and shall be produced upon request. However, the District shall watermark such public records with the statement “Unofficial Draft Minutes not yet reviewed or approved by Board.”

Definitions

A “public record” includes, but is not limited to, any writing containing information relating to the conduct or administration of the public's business prepared, owned, used, or retained by any State agency, independent public body corporate and politic, or local agency regardless of physical form or characteristics. Provided, however, that personal notes created by a public official solely for his or her own use shall not be a public record as long as such personal notes are not shared with any other person or entity.

A "writing" includes, but is not limited to, handwriting, typewriting, printing, photocopying, photographing, and every means of recording, including letters, words, pictures, sounds or symbols, or combination thereof; and all papers, maps, magnetic or paper tapes, photographic films and prints, magnetic or punched cards, discs, drums, or other documents.

Records Exempt from Disclosure

In accordance with Idaho Code, the following records shall NOT be subject to public inspection or copying:

1. Any public record exempt from disclosure by federal or State law or federal regulations to the extent specifically provided for by such law or regulation.
2. Retired employees' and retired public officials' home addresses, home telephone numbers, and other financial and non-financial membership records.
3. Records of a current or former employee other than the employee's duration of employment with the District, position held, and location of employment. This exemption from disclosure does not include the contracts of employment or any remuneration, including reimbursement of expenses. However, all other personnel information relating to a public employee or applicant including, but not limited to, information regarding sex, race, marital status, birth date, home address and telephone number, net pay, applications, testing and scoring materials, grievances, correspondence, and performance evaluations shall not be disclosed to the public without the employee's or applicant's written consent.
4. Records relating to the appraisal of real property, timber, or mineral rights prior to its acquisition, sale, or lease by the District.
5. Any estimate prepared by the District that details the cost of a public project until such time as disclosed, or bids are opened, or upon award of the contract for construction of the public project.
6. Records of any risk retention or self-insurance program prepared in anticipation of litigation, or for analysis of, or settlement of potential or actual money damage claims against the District or its employees except as otherwise discoverable under the Idaho or federal rules of civil procedure. These records shall include but are not limited to claims evaluations, investigatory records, computerized reports of losses, case reserves, internal documents, and correspondence relating thereto. At the time any claim is concluded, only statistical data and actual amounts paid in settlement from public funds shall be deemed a public record unless otherwise ordered to be sealed by a court of competent jurisdiction. Provided however, nothing in this subsection is intended to limit the attorney client privilege or attorney work product privilege otherwise available to any public agency or independent public body, corporate and politic.
7. Computer programs developed or purchased by or for the District for its own use. As used in this subsection, "computer program" means a series of instructions or statements which permit the functioning of a computer system in a manner designed to provide storage, retrieval, and manipulation of data from the computer system, and any associated documentation and source material that explain how to operate the computer program. This does not include:

- A. The original data including but not limited to numbers, text, voice, graphics, and images;
 - B. Analysis, compilation, and other manipulated forms of the original data produced by use of the program; or
 - C. The mathematical or statistical formulas that would be used if the manipulated forms of the original data were to be produced manually.
8. Personal information from any file maintained for students. Information from student records shall be disclosed only in accordance with the requirements of the Family Educational Rights and Privacy Act, Idaho Code, and adopted District policy.
 9. Test questions, scoring keys, or other examination data used to administer academic tests.
 10. Records relevant to a controversy to which the District is a party, but which records would not be available to another party under the rules of pretrial discovery for cases pending resolution.
 11. Records of buildings, facilities, infrastructures, and systems when the disclosure of such information would jeopardize the safety of persons or the public safety. Such records may include emergency evacuation, escape, or other emergency response plans; vulnerability assessments; operation and security manuals; plans; blueprints; or security codes.

However, all personnel records of a current or former public official reflecting public service or employment history, classification, pay grade and step, longevity, gross salary and salary history, status, workplace, and employing agency are subject to public inspection and copying.

If the record requested for inspection and/or copying contains both information exempted from disclosure and nonexempt information, the District shall, to the extent practicable, produce the record with the exempt portion deleted and shall provide a written explanation for the deletion.

Response to Requests

The District shall require that a public records request be submitted in writing upon a form prescribed by the District with the requester's name, mailing address, email address, and telephone number. A request for public records may be conducted by electronic mail. The request shall specifically describe the subject matter and records sought, including a specific date range for when the records sought were created. The request shall be as specific as possible, describing the records sought in enough detail to let the Public Records Coordinator find the records with reasonable effort. The District may provide the requester information to help the requester narrow the scope of the request or to help the requester make the request more specific when the records requested are voluminous or costly.

The District shall either grant or deny a person's request to examine or copy public records within three working days of the date of the receipt of a request for public records. If a longer period of time is needed to locate or retrieve the records, the District shall notify the person

4000 – COMMUNITY RELATIONS

Records Available to Public (continued)

4130

requesting the records of the same and provide the records to such person not later than ten working days following the request. In the event an individual requests a record be provided in electronic format, the District shall provide the record in electronic format if the record is available in that format. If a record is requested in electronic format and the record cannot easily be converted to electronic format within ten working days, the District shall notify the person requesting the records of this fact and provide them with an estimate of the time necessary to complete the conversion. The documents shall then be provided at a time mutually agreeable to the parties giving consideration to any limitations that may exist regarding electronic conversion.

If the District fails to respond, the request shall be deemed to be denied within ten working days following the request. If the District denies the request for examination or copying the public records or denies in part and grants in part the request for examination and copying of the public records, the Public Records Coordinator shall notify the person in writing of the denial or partial denial of the request for the public record. The notice of denial or partial denial shall state that the attorney for the District has reviewed the request or shall state that the District has had an opportunity to consult with an attorney regarding the request for examination or copying of a record and has chosen not to do so. The notice of denial or partial denial also shall indicate the statutory authority for the denial and indicate clearly the right to appeal the denial or partial denial and the time periods for doing so.

The Public Records Coordinator is authorized to seek an injunction to prevent the disclosure of records otherwise suitable for disclosure when it is determined that there is reasonable cause to believe that the disclosure would not be in the public interest and would substantially or irreparably damage any person or would substantially or irreparably damage vital governmental functions.

Fee Waiver

The District will adhere to its copying fee schedule unless it is determined by the Public Records Coordinator that the individual making such a request has demonstrated information sufficient to fulfill the following test:

1. That the requester's examination and/or copying of public records is likely to contribute significantly to the public's understanding of the operations and activities of the government;
2. That the requester's examination and/or copying of public records is not primarily in the individual interest of the requester including, but not limited to, the requester's interest in litigation in which the requester is or may become a party; and
3. That the requester's examination and/or copying of public records will not occur if fees are charged because the requester has insufficient financial resources to pay such fees.

Upon a request that fees not be charged, and the Public Records Coordinator's consideration of the above factors, the Public Records Coordinator shall notify the requester in writing of their decision within ten working days following the request.

If the fee waiver is denied, the requester shall then have seven days to file an appeal of the denial with the Superintendent. The Superintendent shall review the denial and either affirm or reverse the denial of the Public Records Coordinator in writing within ten working days of receipt of the appeal. In the event that the Superintendent is the Public Records Coordinator the appeal shall be filed within seven days with the Board. At the Board's next regularly scheduled meeting, the Board shall review the denial of fee waiver and either affirm or reverse it. There shall be no further appeal beyond the Board.

The request shall not be fulfilled or prepared, and the time for response will not begin to run, until such time as the final determination as to fees has been addressed and any fees to be charged have been paid.

A requester may not file multiple requests for public records solely to avoid payment of fees. If the District suspects that this is the case, it can aggregate the related requests and charge based upon its copying fee schedule.

Fee Schedule

The copying fee schedule of the District is as follows:

1. The District shall not charge a fee for the first 100 pages of records or the first two hours of labor in responding to a request.
2. Copies of public records - 10¢ per page for copies beyond the first 100 pages or beyond the first two hours of labor in responding to a request.
3. The District will charge for the labor costs associated with locating and copying documents if:
 - A. The request is for more than 100 pages of records;
 - B. The request includes nonpublic information that must be redacted from the public records; or
 - C. The labor associated with locating and copying the records exceeds two hours.
4. The fees for labor associated with responding to a public records request shall be charged at the per hour pay rate of the lowest-paid administrative staff employee of the District who is necessary and qualified to process the request.
5. The fees associated with redactions required to be made by an attorney employed by the District shall be charged at the lowest-paid hourly rate of the lowest paid attorney

Records Available to Public (continued)

4130

employed by the District or, if there are no attorneys employed by the District, the rate shall be no more than the usual and customary rate of the attorney retained by the District.

6. Copy of a duplicate computer disc or similar record system the fee shall not exceed:
 - A. The District's cost of copying the information in that form;
 - B. The District's cost of conversion, or the cost of conversion charged by a third party, if the electronic record must be converted to electronic form.

Fees shall be collected in advance. The District shall provide requesters with an itemized statement of fees to show the per page costs for copies and the hourly rate of employees and attorneys involved in responding to the request.

Accommodating Individuals with Disabilities

4150

Individuals with disabilities shall be provided an opportunity to participate in all school-sponsored services, programs, or activities on a basis equal to those without disabilities and will not be subject to illegal discrimination.

The District may provide auxiliary aids and services where necessary to afford individuals with disabilities equal opportunity to participate in or enjoy the benefits of a service, program, or activity.

The Superintendent is designated the Americans with Disabilities Act, Title II Coordinator and, in that capacity, is directed to:

1. Oversee the District's compliance efforts, recommend necessary modifications to the Board, and maintain the District's final Title II self-evaluation document and keep it available for public inspection for at least three years after its completion date [**For districts having 50 or more full- or part-time employees**].
2. Institute plans to make information regarding Title II's protection available to any interested party.

Individuals with disabilities should notify the Superintendent or building principal if they have a disability which will require special assistance or services and, if so, what services are required. This notification should occur as far as possible before the school-sponsored function, program, or meeting.

Individuals with disabilities may allege a violation of this policy or federal law by reporting it to the Superintendent, as the Title II Coordinator, or by filing a grievance under the Uniform Grievance Procedure.

The District will provide the parent or guardian of each student who has a disability with a copy of the Procedural Safeguards Notice available on the website of the Idaho State Department of Education. This notice will be provided one time each year. It will also be provided, as outlined in 34 C.F.R. 330.504(a), upon initial referral or parental request for an evaluation, upon filing a request for a due process hearing, upon a disciplinary action constituting a change in placement, and upon the request of a parent or guardian. The notice must be provided in the parent or guardian's native language unless it is not feasible to do so.

If a school in the District is identified by the state as a “persistently dangerous school,” the Superintendent, or designee, shall ensure the following actions are accomplished in a timely manner:

 - c. In the event there is no other qualifying school in the District to accept the transferring student(s), the Superintendent should explore other options, such as an agreement with a neighboring district to accept the student(s). (See, Idaho Code §§ 33-1402, 33-1404.)

School Intervention Action Plan: For any school identified as “persistently dangerous” for two consecutive years, the District shall identify the problems and implement a written intervention action plan to ensure a safe school environment for students, faculty, and other school employees. Within 30 days of being notified, the intervention action plan shall be submitted to the State Department of Education (SDE) for approval. SDE will monitor the school progress.

School furniture and equipment, such as audio-visual, shall not be loaned or rented to individuals or groups.

Authorization for use of school facilities shall not be considered an endorsement or approval of the activity, person, group or organization nor the purposes they represent.

- The District reserves the right to deny or cancel applications.

4000 – COMMUNITY RELATIONS

Student-Community Involvement

4215

All students are encouraged to become involved in the various community youth group activities available. However, no student, as part of a school program, will be required to participate in non-school community youth group activities.

Secret Societies Prohibited

No person, group, or organization will establish a fraternity, sorority, or secret society whose membership is comprised in whole or in part of students enrolled in the public elementary or secondary schools in this District, or solicit a student to become a member of such organization; nor will students enrolled in any of this District's public schools become a member of such organization, or pledge himself or herself to become a member of any such organization.

A fraternity, sorority, or secret society will be interpreted as any organization, the active membership of which is comprised in whole or in part of students enrolled in this district's schools, and which exists or perpetuates itself wholly or partly by selecting members on the basis of the decision of its membership rather than upon the basis of the right of any student, qualified by the rules and regulations of the school, to be a member. The definition will not be construed to include organizations institutionally sponsored by agencies of public welfare, such as the Boy Scouts of America, Girl Scouts of America, Campfire Girls, the YMCA and YWCA, and similar organizations.

The Board may withdraw the rights and privileges of students participating in such secret society or fraternity or sorority, may deny graduation, deprive students of credit, or suspend or expel such students.

Public Performances

Student groups, with the permission of the building Principal, may participate in nonschool-sponsored public events if such participation furthers an educational objective. A student's participation in any nonschool-sponsored event must be voluntary.

School groups desiring to participate in public events outside of the District wherein these events are not a regularly scheduled activity of the school must request permission to participate from the building principal at least thirty (30) days in advance of the anticipated activity. If any expenditure of school funds is required, prior approval must come from the Board.

Relations with the Law Enforcement and Child Protective Agencies

4400

The primary responsibility for maintaining proper order and conduct in the schools is that of staff. Staff shall be responsible for holding students accountable for infractions of school rules, which may include minor violations of the law occurring during school hours or at school activities. Where there is substantial threat to the health and safety of students or others such as in the case of bomb threats, mass demonstrations with threat of violence, individual threats of substantial bodily harm, trafficking in prohibited drugs or the scheduling of events where large crowds may be difficult to handle, the law enforcement agency shall be called upon for assistance. Information regarding major violations of the law shall be communicated to the appropriate law enforcement agency.

The District shall strive to develop and maintain cooperative working relationships with the law enforcement agencies. Procedures for cooperation between law enforcement, child protective and school authorities shall be established. Such procedures shall be made available to affected staff and periodically revised.

Investigations and Arrests by Police

4410

All contact between the school and the police department on matters involving students shall be made through the administrative office. The police have ample opportunity to talk to a student away from the school and before or after school hours. They should be encouraged to do so.

Law enforcement authorities should only be allowed to conduct an interview in the school if they can show that special circumstances exist or if the interview is at the request of the school. This determination should be made by the Principal or Superintendent.

1. If the police have a warrant for the student's arrest, they must be permitted to arrest the student; however, whenever possible, the arrest should be conducted in the Principal's office out of view of other students. Before removing a student from school, the police shall sign a release form in which they assume full responsibility for the student;
2. Law enforcement personnel should not be allowed to roam about the school until the student is found. They should remain in the administration office while school personnel seek out the student;
3. If possible, the educational program of the student should not be disrupted to allow for police questioning;
4. Any questioning by police should be conducted in a private room or area where confidentiality can be maintained;
5. If law enforcement officials are to be allowed to question a student under the age of eighteen (18), a reasonable attempt shall be made to notify the parents, except in cases of suspected child abuse or child neglect involving the parent. The parents should be given the opportunity to come to the school prior to the questioning;
6. If the parents are notified and able to attend, they should be allowed to be present at the interview. The administrator should be present at the interview, but should not take part in any questioning. The administrator should at all times remain a neutral observer.

Sex Offender Registry Notification

The Superintendent or designee shall request notification of registered sex offenders in the same or contiguous zip codes as any school within the District. The request can be made of either the Idaho State Police, the local Sheriff's Department, or the Idaho State Superintendent

of Public Instruction. Such request and notification shall be made in accordance with Idaho Codes 18-8323 and 18-8324. At a quarterly meeting, the building Principal shall disseminate sex offender registry information received. The Principal shall inform staff of the roles and responsibilities of staff in dealing with instances of convicted sex offenders on school property, including, but not limited to, sex offenders on school property without approval, and/or if a staff member is the school official assigned to escort the sex offender.

When sex offender registry information is disseminated by the Principal, it shall include a notice that such information should not be shared with others and may only be used for the purposes discussed in this policy and in accordance with Idaho Code 18-8326. Public Gifts/Donations to the Schools

4500

The Board assumes responsibility, within its financial capabilities, for providing at public expense all items of equipment, supplies, and services that may be required in the interest of education in the school units under its jurisdiction. Gifts, donations, grants, or bequests will be accepted and the action recorded, provided the conditions of acceptance do not remove any degree of control of the school District from the Board and will not cause inequitable treatment of any student(s) or student group(s).

A gift shall be defined as money, real or personal property and personal services provided without consideration. Gifts from organizations, community groups, and/or individuals that will benefit the District shall be encouraged by the District administration. Individuals or groups contemplating presenting a gift to a school or the District shall be encouraged to discuss, in advance, with the building Principal or the Superintendent what gifts are appropriate and needed.

Community groups or individuals may donate equipment to the District. Such equipment shall be added to the District's inventory, provided it is operative at the time of donation and meets an educational purpose of the District.

The District reserves the right to accept or decline any proposed gifts. In determining whether a gift will be accepted, consideration shall be given to District policies, goals, and objective (with particular emphasis on the goal of providing equip educational opportunities to all students) and adherence to the basic principles outlined in board-approved regulations.

Propositions giving funds, equipment, or materials to the school with a "matching agreement" or restriction are generally not acceptable. Acceptance of donated equipment or materials may depend upon the compliance with the Board's policy of standardizing materials and equipment in the District which could restrict gifts purchased by the parent-teacher organizations to individual schools. The acceptance of a gift for a particular school, however, indicates the Board's approval of the use the benefactor specified.

Any person or organization desiring to give a gift or make a donation, grant, or bequest to the Board should contact the Superintendent who may accept the gift, thank the donors, and inform the board, except that offers of real property will be accepted only by the Board. Also, where the appropriateness of a gift is in doubt, the Superintendent will refer the matter to the Board for its acceptance or rejection. For example, single gifts of considerable value exhibiting the donor's name or business shall be considered on an individual basis by the Board.

Provided, all conditional gifts must be approved by the Board.

Any gift or grant accepted by the board or the Superintendent as its executive officer shall become the property of the Board of Trustees and will comply with all state and federal laws.

No employee of the district will solicit or encourage solicitation of gifts for himself or herself. While recognizing that the actions of other individuals or organizations cannot be controlled, it is the intent of the District to discourage individuals or organizations from presenting gifts to school
