

Embracing All the Possibilities®

YCS George Washington School
386 Hudson Street
Hackensack NJ
201-931-1301

The YCS George Washington School is a NJ Department of Education approved private school for classified students with unique behavioral and emotional needs.

Our school staff is trained to identify each student's learning style and utilize a multi-sensory approach to learning which incorporates a hands-on learning experience.

Our vision is to empower all students to embrace their own unique capabilities, achieve their personal best within an educational setting which fosters a strong support system to optimize emotional, social and physical well-being especially in these times where so many of our children have experienced trauma and are still reeling from the effects of the pandemic.

We hope you will keep us in mind as you consider placements for your children
