

PHYSICAL ACTIVITY, UNDIRECTED PLAY AND STUDENT DISCIPLINE

It is the policy of the Rocky Hill Board of Education (the “Board”) to promote the health and well-being of district students by encouraging healthy lifestyles including promoting physical exercise and activity as part of the school day.

Prohibition on Deprivation of Physical Exercise Period or Undirected Play Period as a Form of Discipline

For elementary school students, the Board includes a time of not less than twenty (20) minutes in total, during the regular school day, to be devoted to physical exercise, except that a planning and placement team (“PPT”) may develop a different schedule for students requiring special education and related services.

The administration may include additional time, beyond the twenty minutes required for physical exercise, devoted to undirected play during the regular school day for elementary school students.

In an effort to promote physical exercise and undirected play, the Board prohibits school employees from disciplining elementary school students by preventing them from participating in the full 20 minutes of time devoted to physical exercise or additional time devoted to undirected play during the regular school day, except in instances where the student’s behavior poses a health and/or safety concern or as determined by a student’s Section 504 or planning and placement team.

Prohibition on Compulsion of Physical Activity as a Form of Discipline

For all students, the Board prohibits school employees from disciplining students by requiring students to engage in physical activity as a form of discipline during the regular school day.
