Parents,

07.23.2025

Miller County Elementary, Middle and High School are Title I Schoolwide Schools. Title I is a federally funded program that provides support to school districts to ensure that all children receive a high-quality education that closes achievement gaps. The Every Student Succeeds Act (ESSA) requires the school district to put into operation programs, activities, and procedures for the engagement of parents and family members in all of its schools with Title I programs. These programs, activities, and procedures will be planned and operated with meaningful consultation with parents and family members of participating children.

Three documents are provided to parents each year that explains how the school district implements the Title I Program and encourages Parent Involvement:

- District Parent & Family Engagement Policy
- School Parent & Family Engagement Policy
- School Compact

These documents are found on each school’s website under the section for parents for public viewing.
