

Soliciting Funds from and by Students

Fundraising activities may be approved by the Superintendent of Schools or his/her designee consistent with the following guidelines:

1. Fundraising is in connection with school-sponsored projects. Requests for approval of fundraisers shall be made and approved, in writing, in advance.
2. There are sufficient educational or financial benefits that will accrue to the school and/or students, either directly or indirectly, from the activity.
3. The mechanics or procedures of fundraising will neither be an unacceptable burden to teachers or other school staff members nor subject the school to inappropriate risks or responsibilities in handling funds.

Upon approval by the Superintendent, information from recognized charitable and other organizations that could eventually result in voluntary student and/or parental activities, contributions, or memberships of benefit to the organization may be distributed through the schools. In these instances, the distribution of material would be the only school involvement on behalf of the organizations.

There shall be no direct solicitation of funds by outside organizations from students except on specific approval of the Superintendent or his/her designee.
