Seeing everyone at conferences was simply wonderful! Online for the past three conference sessions was OK, but in person is by far the best. The teachers shared how enthusiastic and knowledgeable the students are. I hope you all also saw just how dedicated the students and staff are to seeing that every student's needs are being met, developing lifelong and academic skills. Could you please take just a few minutes to respond to the following survey so that I can see how we are doing? Thank you in advance! <https://forms.gle/X61BVMSTkNAKGmf77>.
