

# Principal Spotlight

## Dr. Kelly Rush Langston Road Primary

### **What do you love most about being a principal?**

I absolutely love interacting with the students. They are so inquisitive and creative! It's such a joy to see their excitement for learning! I also love to get together with the teachers to problem-solve or discuss new ideas that we can put into action to make a positive difference in students' lives.

### **Tell us about the person who inspired you to become a leader.**

My father was my inspiration to become a school administrator. He was an assistant principal and a great example of an effective leader. His staff and students remember him as a great listener and problem solver who encouraged everyone. He faced challenges head-on with resilience and confidence. I strive to be the same type of leader as my father.

### **Fun Fact**

I love to juggle! I often go to the gym with students and juggle basketballs!
