PROGRAMMATIC, FISCAL, AND REPORTING ASSURANCES

The United States Department of Education (USED) has approved the application from the State of Alabama for ESSER funds under the CARES Act. The availability of funds is from 4/29/2020 to 4/29/2021. LEAs will be allowed to expend funds until 9/30/2022. Pre-award costs to the ESSER fund will be allowed for allowable cost incurred on or after March 13, 2020.

2. Allowable Service(s) Assurance

The LEA Superintendent or his/her authorized representative assures or certifies that:

The LEA will use ESSER funds for activities allowable under section 18003(d) of Division B of the CARES Act. The United States Department of Education **does not** consider the following to be an allowable use of ESSER funds, under any part of 18003: 1) subsidizing or offsetting executive salaries and benefits of individuals who are not employees of the SEA or LEAs or 2) expenditures related to state or local teacher or faculty unions or associations.

How will the LEA determine the most important educational needs as a result of COVID-19?

Our educational needs became apparent during the school closure (march-May 2020) as a result of COVID-19. Our immediate need is for additional student devices to include Chromebooks and Mifi hotspots to provide Internet connectivity for students who do not have it at home. Educational software and professional development (Edgenuity, Edulastic, etc.) are needed to support virtual instruction and increase academic achievement. Expenditures for school cleaning and sanitation supplies will provide the additional supplies needed for more frequent cleaning and disinfection of all schools and offices (beginning 2020-2021 school year). Student classroom supplies will be purchased for the 2021-2022 school year.

How does the LEA intend to assess and address student learning gaps resulting from the disruption in educational services?

Elmore County intends to assess and address student learning gaps resulting from the disruption of educational services in a variety of ways. Students will be pre-assessed when the return or prior to the start of school utilizing a variety of assessments. These pre-assessments will be done using a combination of assessments depending upon the grade levels of students. Based upon the data from the pre-assessments, students will be placed into intervention groups to meet the needs or address the gaps in student learning. Additional support will be given to those students and may include before and/or after school tutoring, extended year tutoring, and/or targeted intervention during the school day. Schools will also conduct program audits on the intervention and enrichment programs they currently have in their buildings to ensure they have the right resources to address student needs. Schools will develop individual learning plans to differentiate instruction for students. Virtual programs will be utilized to help progress monitor student growth. The intervention groups will be fluid and based upon the skills that students need to close their learning gaps. Progress monitoring will occur at regular intervals to ensure that students are making appropriate growth towards their learning targets. Finally, school teams will meet utilizing the RTI process/framework to keep students/parents updated on progress.

What is the LEA's proposed timeline for providing services and assistance to students and staff?

Elmore County is prepared to provide to begin providing services and assistance to students and staff immediately upon approval of our application. All funds will be expended by 9/30/2022. Technology devices, student supplies, and cleaning/sanitation supplies will be available at the beginning of the 2020-2021 school year, pending availability from vendors. Additional Chromebooks will help us reach our goal of 1-to-1 on student devices, and Mifi hotspots will be distributed to students who do not have access to high-speed internet in their homes. The Edgenuity software suite (to include Odysseyware for grades K-5) will provide a district-wide platform for instruction across all schools and grade levels, thus allowing for more effective planning and implementation and ultimately greater standards mastery for students.
