Alabama Educator Code of Ethics

Introduction

The primary goal of every educator in the state of Alabama must, at all times, be to provide an environment in which all students can learn. In order to accomplish that goal, educators must value the worth and dignity of every person, must have a devotion to excellence in all matters, must actively support the pursuit of knowledge, and must fully participate in the nurturance of a democratic citizenry. To do so requires an adherence to a high ethical standard.

The Alabama Educator Code of Ethics defines the professional behavior of educators in Alabama and serves as a guide to ethical conduct. The Code protects the health, safety and general welfare of students and educators; outlines objective standards of conduct for professional educators; and clearly defines actions of an unethical nature for which disciplinary sanctions are justified.

Equal Opportunity for Employment

The Board recognizes that an effective educational program in the District depends on the quality of the personnel employed in the system and therefore will make every effort to employ the most qualified personnel available.

It is the policy of the Board to prohibit discrimination on the basis of religion, race, ethnicity, national origin, color, sex, marital status, age, parental status or disability in all employment practices. Such employment practices include, but are not limited to, the recruitment, hiring, compensation, assignment, training, promotion, demotion, discipline or dismissal of employees.

The Board will immediately investigate any claim of discrimination in its employment practices and will take any remedial measures necessary. The grievance procedure established in Policy 4.13 shall be utilized to make a complaint of discrimination pursuant to this policy. The Board will not tolerate retaliation against any person making a good faith report of discrimination pursuant to this policy nor will retaliation against any individual who participates in an investigation or provides information regarding a claim of discrimination be tolerated.

Drug Free Workplace (Policy 4.48)

It is the mission of the Board to provide an educational environment which enables each individual to reach his or her fullest potential. Consistent with that mission lies an important system goal: to promote a drug-free environment.

It is the policy of the Board that the use of alcohol and other drugs (as outlined under the Standards of Conduct) and the unlawful manufacture, distribution, dispensation, possession, or use of illicit drugs is prohibited. Any employee violating this policy will be subject to disciplinary actions, up to and including termination of employment and referral to the appropriate authorities for prosecution. This policy has been adopted in accordance with the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendments of 1989. Nothing in this policy should be construed as precluding the Board from adopting additional or alternative programs, procedures, and penalties in order to achieve the goal of a drug- and alcohol-free public school system.

Standards of Conduct

1. The possession, use, transfer, sale, or distribution of alcoholic beverages by any employee while on the job or on school premises or off campus in connection with or affection any school related activity is strictly prohibited. Violation of this policy will result in disciplinary action up to and including termination of employment and referral to the appropriate civil authorities for prosecution.
2. The Board does not differentiate between drug users or sellers. The unauthorized manufacture, possession, use, transfer, sale, or distribution of controlled substances is strictly prohibited. Any employee who violates this prohibition while on the job or off will be subject to disciplinary action, up to and including termination of employment and referral to the appropriate federal, state or local law enforcement agencies for investigation and prosecution.
3. The term "controlled substance" means any drug listed in 21 U.S.C. § 812 and other federal regulations. Generally, these are drugs which have a potential for abuse. Such drugs include, but are not limited to, heroin, marijuana, cocaine (including "crack"), methamphetamine ("ice"), LSD, and PCP. They also include drugs which are not prescribed by a licensed physician.
4. Each employee is required to inform the Superintendent or his designee within five days after he or she is convicted of a violation of any federal or state criminal drug statute (including but not limited to DUI), where such violation occurred either on or off the premises of the District. A conviction means a finding of guilt (including a plea of nolo contendere) or the imposition of a sentence by a judge or jury in any federal, state court or municipal court.
5. The Superintendent of the Autauga County School District must notify the State Department of Education within ten (10) days after receiving notice from the employee or otherwise receiving actual notice of a conviction of a violation of any federal or state criminal drug statute.
6. As a condition of further employment, the Board requires all employees to abide by this policy.

BENEFITS AND PAYROLL

TEACHERS' RETIREMENT SYSTEM

Telephone: 1(877)517-0020 Website: www.rsa-al.gov

All regular employees of the school system are required to be members of the Teachers' Retirement System of Alabama. The major portion of the contribution is provided by the State of Alabama through legislative appropriation.

Any member of the Retirement System who had service for which he or she received credit in the Employees' Retirement System or in the Teachers' Retirement System prior to January 1, 2013, is considered a Tier 1 plan member. The employee contribution (7.5% of contract salary) is tax sheltered. This means that employees do not pay income tax on their 7.5% contribution until such time as it is received by the employee as retirement income. The retirement program for Tier 1 employees provides for retirement at age 60 with ten (10) years or more of participation service credit OR at any age after accumulating 25 years of employment service credit.

A Tier 2 plan member is any member of the Retirement System who first began eligible employment with the Employees' Retirement System or the Teachers' Retirement System as a participating employee on or after January 1, 2013, and who had no

eligible service in the Employees' Retirement System or the Teachers' Retirement System prior to January 1, 2013. The employee contribution is 6.2%. The retirement program provides for retirement at age 62 with at least ten (10) years of employment service credit.

In addition to retirement benefits, the Retirement System also provides the beneficiary(ies) or estate of a deceased full-time active member or a full-time member who dies within ninety (90) days of being in active pay status is eligible to receive \$15,000 in term life insurance benefits. For members who are less than full-time, the benefit will be prorated. For example, if the member was a half-time employee, the benefit paid would be \$7,500.

Filing for Retirement

A completed Retirement Application Packet Part I must be received by the State Retirement System no less than thirty (30) days no more than ninety (90) days before the effective date of expected retirement. For example, if you wish to retire on June 1, you must file your application with the State Retirement System by the end of April. A representative of the Retirement System conducts local retirement seminars periodically throughout the year for school system employees planning to retire. Information regarding these meetings is available on the RSA website. Employees who are contemplating retirement are highly encouraged to contact RSA prior to making a final decision concerning retirement. Any employee who decides to file for retirement is also required to submit his/her resignation in writing to the Autauga County Board of Education (Ala. Code § 16-25-1).

Medicare and Retirement

If a member or dependent is already Medicare eligible due to age or disability on his or her retirement date, Medicare will become the primary payer and PEEHIP the secondary payer effective on the date of the member's retirement. Medicare-eligible members and/or dependents must have both Medicare Parts A and B on their retirement date to have coverage with PEEHIP and this coverage must be in effect no later than the date of retirement to avoid a lapse in coverage.

Resignations

All employees must notify the Board 30 calendar days in advance of the next scholastic year if planning to resign. During the scholastic year, employee resignations require a 30-day written notice to the Autauga County BOE. Any employee resigning in any other manner than herein provided shall be deemed guilty of unprofessional conduct and the State Superintendent by authority of Section 16-24-1, *Code of Alabama*, is authorized to revoke or suspend the certificate of the employee.

Leave of Absence Process / Form

If an employee needs to be absent from work for an extended period of time, he/she must request a leave of absence by submitting a Leave-of-Absence form (Signed by the Employee and the Principal/Supervisor) to the Payroll Office. A four week notice is recommended, when possible. Employees are to adhere to the following process for their leave request to be approved:

- Employee completes the "employee" section of the Leave-of-Absence form
- Employee meets with the principal/supervisor requesting his/her approval of leave by signing in the appropriate section of the form and if applicable, assign a substitute teacher
- Employee must schedule an appointment with the Payroll Bookkeeper to discuss the type of days to be utilized, insurance coverage, and pay, etc. (Employee will bring form to the meeting.)
- Payroll Bookkeeper will submit the completed Leave-of-Absence form to the Personnel Director for final approval
- Personnel Director will notify the employee the status of the leave request.

If an employee takes extended leave without having approval from the Central Office, the employee's pay may be affected without prior notice, causing him/her to have to pay the insurance premium.

Leave of Absence (Policy 4.38)

Upon Board approval, tenured certified staff are eligible for unpaid leave of absence for any of the reasons established in Ala. Code § 16-24-13 for a period of one year; said period to be extended one additional year for valid reason per § 16-24-13.

As a condition of approval of such leave, the certified employee seeking a leave of absence of one semester or more recognizes he will not necessarily return to the same position he vacated but will be assigned to a position without a loss of status; and the Board may require the leave to coincide with a grading period.

All other rules of leave will be followed pursuant to federal and state law, and other policies implemented by the Board.

Family Medical Leave Act (FMLA)

The FMLA applies to employees of the Board who have been employed for at least twelve months and who have worked at least 1,250 hours during that twelve month of employment. Qualifying employees are eligible for up to twelve weeks of unpaid leave during a twelve month period for the following reasons:

- Birth and care of the employee's newborn child up to one year of age
- The placement with the employee of an adopted child or foster child
- The care for one's self or an immediate family member due to a serious medical condition

An employee requesting to use FMLA must provide the superintendent with a 30 days written notice if possible and provide certification from a healthcare provider. Accrued benefits before leave is taken will not be altered by the employee's absence.

The employee has the right to be restored to the same or equivalent position that the employee held at the time the employee's FMLA leave commenced, provided that the employee is able to perform the essential functions of the position. (For more information see ACBOE Policy Manual 4.43)

Grievance Procedure (Policy 4.13)

It is the policy of the Board to reduce, as much as possible, the potential areas of grievances; to assure each Employee the opportunity for an orderly presentation and review of grievances; to establish and maintain appropriate channels of communication between the administration and employees; and to resolve each grievance at the most immediate level of administration.

It shall be understood that the Board is the final authority in all matters pertaining to grievances unless an employee should desire to exercise proper redress through the courts or utilize appeal procedures, if allowed by law.

With the ultimate objectives of serving the educational welfare of our students, the following grievance procedure is designed to accomplish an equitable and expeditious resolution of grievances:

DEFINITIONS

“Grievance” - A “grievance” is a complaint by an employee based upon alleged violation, misinterpretation or inequitable application of any published policy, rule or regulation of the District. Dismissals, terminations, transfers and any other procedures already established by law, as well as performance appraisals, including assessments, observations and evaluations are not subject to the grievance procedures herein described.

In the alternative, if more time is necessary, the principal/ supervisor shall inform the grievant within six working days of the meeting/hearing that additional time is need in which to render a decision and inform the grievant when he can expect a decision.
4. If the grievant is unsatisfied with the decision, an appeal shall be filed with the Superintendent within six working days of the grievant receiving a written decision from the principal/supervisor. The appeal shall be in writing and signed by the grievant. The grievant must provide a copy of the initial grievance, the principal/supervisor's decision, and any other relevant documentation should be provided to the Superintendent or his designee.
5. The Superintendent shall review all information presented and if necessary conduct, or appoint someone to conduct an investigation. The Superintendent or his designee may conduct a meeting with the grievant and any other necessary parties to render a decision regarding the grievance.
6. The Superintendent shall then render a written decision regarding the grievance within eleven working days of receiving the appeal. In the alternative, if more time is necessary, the Superintendent shall inform the grievant within eleven working days of receipt that additional time is needed in which to render a decision.
7. If the grievant is still unsatisfied, the grievant may appeal to the Board within six working days of the date of the Superintendent's written decision. 9. The Board may uphold the Superintendent's decision or require the District to take some other action in response to the grievance.

Mandatory Reporting of Child Abuse and Neglect

Under Alabama law, all public K-12 employees, including all school teachers and officials, are required to report known or suspected child abuse or neglect immediately, either by telephone or direct communication, followed by a written report, to a "duly constituted authority" (Ala. Code § 26-14-3[a]). A "duly constituted authority" under the law is "[t]he chief of police of a municipality or municipality and county; or the sheriff, if the observation of child abuse or neglect is made in an unincorporated territory; or the Department of Human Resources; or any person, organization, corporation, group, or agency authorized and designated by the Department of Human Resources to receive reports of child abuse and neglect; provided, that a 'duly constituted authority' shall not include an agency involved in the acts or omissions of the reported child abuse or neglect" (Ala. Code § 26-14-1[4]). A "child" is defined as someone "under the age of 18 years" (Ala. Code § 26-14-1[3]).

"Child abuse" under Alabama law is defined as the "[h]arm or threatened harm to a child's health or welfare," which can "occur through non-accidental physical or mental injury, sexual abuse or attempted sexual abuse, or sexual exploitation or attempted sexual exploitation" (Ala. Code § 26-14-1[1]). "'Sexual abuse' includes the employment, use, persuasion, inducement, enticement, or coercion of any child to engage in, or having a child assist any other person to engage in, any sexually explicit conduct or any simulation of the conduct for the purpose of producing any visual depiction of the conduct; or the rape, molestation, prostitution, or other form of sexual exploitation of children, or incest with children as those acts are defined by Alabama law" (Ala. Code § 26-14-1[1]). "'Sexual exploitation' includes allowing, permitting, or encouraging a child to engage in prostitution and allowing, permitting, encouraging, or engaging in the obscene or pornographic photographing, filming, or depicting of a child for commercial purposes" (Ala. Code § 26-14-1[1]).

"Neglect" is defined by Alabama law as the "negligent treatment or maltreatment of a child, including the failure to provide adequate food, medical treatment, supervision, clothing, or shelter" (Ala. Code §26-14- 1[2]). Certainty that child abuse or neglect has occurred is NOT required to trigger your mandatory reporting responsibility. All that is required is a reasonable suspicion that a child is a victim of abuse or neglect. If you have a reasonable suspicion, you must report.

The mandatory reports required by Alabama law "shall state, if known, the name of the child, his or her whereabouts, the names and addresses of the parents, guardian, or caretaker, and the character and extent of his or her injuries. The written report shall also contain, if known, any evidence of previous injuries to the child and any other pertinent information which might establish the cause of such injury or injuries, and the identity of the person or persons responsible for the same" (Ala. Code § 26-14-5).

Failure to comply with Alabama's mandatory reporting law is a crime. Under Ala. Code § 26-14-13, "[A]ny person who shall knowingly fail to make the report required by [the law] shall be guilty of a misdemeanor and shall be punished by a sentence of not more than six months' imprisonment or a fine of not more than \$500.00.

Sexual Harrassment

The Board recognizes that harassment on the basis of gender is a violation of federal law (Title IX and Title VII). The Board is committed to providing learning and co-curricular environments that are free from sexual harassment where all students and employees can work together comfortably and productively.

Sexual harassment will not be tolerated from students, employees or non-employees (including volunteers and suppliers), who have contact with employees and students in the workplace, school, school-sponsored events, or any event sanctioned by the Board.

All employees are assured that they may file a complaint or assist in an investigation without fear of retaliation by any Board employee, peer, or alleged harasser. Complaints of retaliation will be promptly investigated, and perpetrators will be subject to disciplinary action, whether or not the original complaint is substantiated.

Complaints and cases of sexual harassment will be investigated and handled promptly. Any employee found guilty of sexual harassment, or to be in violation of this policy, shall be subject to disciplinary action, according to the findings of the investigation.

Definition of Sexual Harrassment

Sexual harassment consists of unwelcome advances, requests for sexual favors, and/or other verbal or physical conduct of a sexual nature when such conduct has the purpose or effect of unreasonably interfering with an individual's job performance or creating an intimidating, hostile, or offensive work environment at school or school-sponsored events or any event sanctioned by the Board.

Forms of Sexual Harrassment include:

1. Verbal harassment, such as derogatory comments, jokes, or slurs;
2. Physical harassment, unnecessary or offensive touching, or impeding or blocking movement;
3. Derogatory or offensive posters, cards, cartoons, graffiti, drawings, or gestures;
4. Electronic communications, e.g., texts, online postings, emails, etc.

Procedures for Reporting Incidents of Harrassment (sexual and nonsexual)

2. The immediate supervisor or designee will promptly investigate any complaints of sexual harassment/harassment and will initiate immediate action to resolve such complaints. If the complaint is against the immediate supervisor, the employee shall contact the Director of Personnel for assistance. No individual will suffer reprisals for reporting any incidents of sexual harassment/harassment.
3. Employees reporting sexual harassment will be asked to write a written statement of the event and include witnesses to the event/events.
4. Any employee who is found to be responsible for sexual harassment/harassment will be subject to appropriate discipline; the severity of the disciplinary action will be based upon the circumstances of the infraction. All proven infractions will become part of the employee's personnel record.

Confidentiality Issues in Special Education

Since the very beginning of federally-mandated special education, one of the major provisions has included safeguards that protect the confidentiality of individual students with special needs and their families. All staff members having access to records or knowledge of students with disabilities have an occupational, legal, and ethical responsibility to protect this right. Personally identifiable data, information, and records collected or maintained must be stored, retrieved, and utilized for the benefit of children with disabilities in a manner that will ensure confidentiality and privacy rights.

Please strive to ensure the following safeguards for all students enrolled:

1. Discuss individual students only with those who have a need to know.
2. Protect written information and records of students from the intentional and incidental view or possession by unauthorized students, staff members, and others. Only those who have a need to know or see such records shall have access to the records.
3. Protect pictorial and recorded records of students, including photographs, yearbooks, audio recordings, and videotapes which identify them as having disabilities.
4. Protect students from verbal identification and discussion of personal information, including:
 - mentioning names of students protected by confidentiality provisions;
 - discussing protected students in the presence or hearing proximity of others;
 - giving information to others having no need to know; and
 - discussing student information with, in front of, or in the hearing proximity of other students, except where the educational program/services for the student with a disability require such disclosure.

The Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their child's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

- Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.
- Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):
 - School officials with legitimate educational interest;
 - Other schools to which a student is transferring;
 - Specified officials for audit or evaluation purposes;
 - Appropriate parties in connection with financial aid to a student;
 - Organizations conducting certain studies for or on behalf of the school;
 - Accrediting organizations;
 - To comply with a judicial order or lawfully issued subpoena;
 - Appropriate officials in cases of health and safety emergencies; and
 - State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under

FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.

Certification

Administration Certification – Administrative certificates must be renewed every five years. Documentation of 5 PLUs is a requirement for recertification. Two of the PLUs must be state earned and the other three can be local PLUs. The employee is responsible for documenting professional development and submitting that information with the application when it is time for recertification. The application for recertification can be found at www.alsde.edu. The personnel staff will assist employees upon request but will not be responsible for notification of expiration of certificates for all employees.

Teacher Certification - Teaching certificates must be renewed every five years. Documentation of at least 50 clock hours of professional development activities is a requirement for recertification. Certified employees are expected to document all professional development activities through the use of PowerSchool, the school system's online professional development tracking system. At the close of each school year, individual professional development reports must be updated to reflect any activities attended during the school year. The requirements for renewal of a teaching certificate are 50 Professional Development hours and three years satisfactory teaching within the five-year period of the valid certificate being renewed. Please contact Julie Harrington in Human Resources with any questions. The personnel staff will assist employees upon request but will not be responsible for notification of expiration of certificates for all employees.

Conflicts of Interest (Policy 4.54)

Generally, a conflict of interest exists when a board member, board employee, or agent of the board participates in a matter that is likely to have a direct effect on his or her personal and financial interests. A financial interest may include, but is not limited to, stock ownership, partnership, trustee relationship, employment, potential employment, or a business relationship with an applicant, vendor, or entity. A board member, board employee, or agent of the board may not participate in his or her official capacity in a matter that is likely to have direct and predictable effects on his or her financial interests.

A board member, board employee, or agent of the board will abide by the Federal and state laws and regulations that address conflict of interest standards. In general, the Federal rules provide that:

No employee, officer, or agent of the board shall participate in selection, or in the award or administration of a contract supported by Federal funds if he or she has a real or apparent conflict of interest. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs, or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from the firm considered for a contract. The board's officers, employees, or agents will neither solicit nor accept gratuities, favors or anything of monetary value from contractors, potential contractors, or parties to subcontracts.

The board's conflict of interest policies include adherence to the Alabama Ethics Law, which defines conflict of interest as:

A conflict on the part of a public official or public employee between his or her private interests and the official responsibilities inherent in an office of public trust. A conflict of interest involves any action, inaction, or decision by a public official or public employee in the discharge of his or her official duties which would materially affect his or her financial interest or those of his or her family members or any business with which the person is associated in a manner different from the manner it affects the other members of the class to which he or she belongs.

A board member, board employee, or agent of the board may not review applications, proposals, or participate in the evaluation or selection process where his or her participation in the review process would create the appearance that he or she is: (a) giving preferential treatment; (b) losing independence and impartiality; (c) making decisions outside official and appropriate channels; or (d) harming the public's confidence in the integrity of the board.

Situations and circumstances presenting an actual conflict of interest or the appearance of a conflict of interest should be brought to the immediate attention of the superintendent. A board employee, board member, or agent of the board who has knowledge of a possible conflict of interest should identify the conflict and notify the superintendent. The superintendent will document his or her actions related to the reported conflict of interest. Resolution can consist of disqualification, recusal, waiver, or other appropriate measures. Appropriate measures may include reporting a conflict of interest to the State Ethics Commission, the Alabama State Board of Education, or the appropriate federal agency.

Employee Social Media Policy

Autauga County Schools recognizes that social media is a tool that promotes and enhances communication by providing opportunities for district and school administrators to share information and knowledge with key stakeholders. When used effectively, it can be a powerful tool for positive communication, brand building, storytelling, and community engagement, providing a platform to engage in conversations, respond to feedback directly, and maintain an active dialogue with parents, guardians, teachers, administrators, and community members. For purposes of this policy, social media includes websites that incorporate one or more of the following:

Blogs. Web logs or journals where authors and users can post textual, audio, or video content, and permit others to post comments. Some websites allow individuals to create free standing blogs or use blog tools and message forums to engage users.

Microblogs: Websites and spaces that allow users to post short blog entries such as Twitter, and sites that invite users to post short status and location updates such as Facebook, Snapchat, etc.

Social Networks: Websites where users can create customized profiles and form connections with other users based on shared characteristics and interests. Websites are oriented toward personal social contact among “friends” such as Facebook, Instagram, LinkedIn, Snapchat, etc.

Media Sharing: Websites where users post and share videos, audio files, and photos as well as tag them to enable searchability such as YouTube, Flickr, Google Video, etc.

Wikis. Resources or documents edited collaboratively by a community or users with the varying levels of editorial control by the website publisher such as Wikipedia.

Virtual Worlds: Web or software-based platforms that allow users to create representations of themselves to meet, socialize, and transact with other users such as Minecraft, Second Life, VRChat, etc.

Today’s stakeholders are deeply engaged in electronic forms of communication, and many have turned to these platforms to communicate with both students and parents. While Autauga County Schools encourages the use of electronic media for communicating, employees must use caution and always exercise the utmost professionalism. ACS currently has official district accounts with Facebook, Instagram, Twitter, and YouTube which are managed in the district’s Communications Office. Individual school pages and groups on Facebook, Instagram, and YouTube are also available and managed by school administrators in coordination with the district’s Communications Office.

In addition to the professional standards practiced in a face-to-face environment, there are also professional standards and expectations for social media and all virtual environments. Although digital means of communicating are dynamic, mobile, and quickly reach audiences, they may, in some circumstances, not meet the public and professional standards for communicating with students and parents. Autauga County Board of Education employees have a responsibility to the school system, colleagues, students, and stakeholders to depict a level of professionalism in all communications.

Autauga County Schools has developed the following guidelines to assist employees in using digital tools in a professional, safe, and responsible manner. These guidelines offer professional recommendations and best practices for communicating via electronic media.

Professional Use of Social Media

Employees administering a social media account on behalf of a district class, team, club, group, department, organization or school, or the district, are expected to:

Be responsible. The key to social media success is honesty, thoughtfulness, and awareness of the audience. Above all, exercise good judgment and common sense. Remember, there is no such thing as a private social media site.

Be accurate. Make sure all the facts have been gathered prior to posting on the page or in the group. If an error is made, correct it quickly and visibly.

Employee Always. The lines between public and private, persona and professional, are blurred in the digital world. regardless of whether it is clearly communicated, you will be identified as an employee of the district in what you do or say online.

Respect copyrights and fair use. Always give the proper credit for other people's work. Make sure permissions are granted to use something prior to publishing it.

Protect confidential information. Never post confidential or proprietary information about the district, schools, students, parents, etc.

Do not use the district or school name to promote or endorse any event, activity, product, etc. before receiving the proper approvals. Also, linking to other sites is generally a good thing but it's important to consider the associations prior to posting.

Continually review pages or groups for comments and messages as it builds credibility and community.

Maintain Order: Administrators reserve the right to remove inappropriate user-generated content or comments posted on social media pages managed by the district or school that are not in keeping with the following guidelines. Other permissible comments based on viewpoint will not be removed.

- Contains obscene language
- Contains sexual content
- Contains information that promotes, fosters, or perpetuates discrimination on the basis of race, creed, color, age, religion, gender, marital status, status with regard to public assistance, national origin, physical or mental disability, or sexual orientation
- Threatens or defames any person or organization
- Violates legal ownership interest of another party
- Supports or opposes political candidates
- Promotes illegal activity, commercial services or products
- Isn't topically related to the particular posting

Anyone interested in creating a social media account must complete the district's digital Social Media Account Request Form and await approval and further instructions.

Personal Use of Social Media

When interacting with others on social media, employees are expected to follow the same behavioral standards they would in other communications. Employees are reminded of the following:

A personal social media account is not an appropriate venue to interact with students, parents, or guardians.

Confidential information should never be posted online.

Employees are expected to refrain from reporting, speculating, discussing, or giving any opinions on district topics or individuals that could be considered sensitive, confidential, or disparaging.

Build Community. Represent the district and the stakeholders you serve in the best light. Under no circumstances should offensive comments be made about others. Your posts should

If you identify yourself as an Autauga County Board of Education employee online, it should be clear that the views you express are not necessarily those of the district.

Guidelines regarding use of student photographs or likenesses, information, and classwork apply to social media and other online publications, or venues.

Think before you post - regardless of privacy settings, always assume that anything posted online, especially social media platforms, is public information. Do not post anything you wouldn't feel comfortable saying publicly.

Violation of any of the conditions outlined in this policy could result in disciplinary action, including but not limited to, removal from social media pages, suspension, expulsion, or legal action based on offense. To report an offense, contact the district's Communications Coordinator.
