

Students OF THE MONTH

Evaline School Students Of The Month for December are:

Scarlett G.

Dylan K.

CONGRATULATIONS

BUS RIDER OF THE MONTH:

GREAT JOB

Aalilyanna K.

Student of Character Award

Each month one student from each classroom is recognized for their participation and application throughout the school day, particularly in their Social Emotional Learning Class. This weekly class focuses on one character trait during that entire month. In December the character trait was

“CREATIVITY”.

Congratulations to the following recipients for the month of December:

In December our students had many opportunities to show off their creativity. So we decided to celebrate 8 students this time instead of two.

K-2nd: Ellis K., Kylie S., Norah G. & Logan P.

3rd-6th: Sasha K., Lillian S., Jazmyn K.

& Samantha Q. WAY TO GO!!

Important Dates!!

JAN.

SCHOOL BOARD APPRECIATION MONTH

Mon. 30th: End Of Semester

FEB.

Fri. 31st: Lion Pride Day - 11:30 dismissal

Thank you to our Evaline School Board Directors for their dedication and service, we appreciate the time you take out of your busy schedules to guide our school!!

Proposition 1

**EVALINE REPLACEMENT
EDUCATIONAL PROGRAMS
AND OPERATIONS LEVY**

Levy dollars = Learning!

NOT A NEW TAX

Every 2 years the district asks voters to **replace the previous expiring levy**. The district has asked for the same amount of \$190,000 per year since 2009, and is asking for the same amount for the upcoming levy cycle. The expiring local levy averaged a tax rate of \$1.06 per \$1,000 of assessed property value during the last levy cycle. The new levy rate is much lower at \$0.83 per \$1,000, due to the increase in assessed property values. This is the lowest levy rate in Lewis County. **The levy funds educational programs and operations not funded or not fully funded by the State, which includes, but is not limited to:** non high payments to other districts for Evaline 7-12 grade students, special education programs not funded through basic education, technology equipment and enhancements, security and emergency preparedness, curriculum replacement, staff professional development and training, field trips and field trip transportation, food service, maintenance and operations outside of basic education funding.

Ballots are mailing soon. Please vote by Feb. 14th!

Kindergarten - 2nd Grade

December Student of the Month: Scarlett Gonzalez

December's student of the month always comes to school eager to learn with a smile on her face and a caring attitude toward others. She has a fantastic growth mindset. It has been so much fun watching her try new things, being successful and sometimes facing challenges that she without fail always learns from. It is a gift and pleasure to work with Scarlett Gonzalez each day and to name her December's Student of the Month.

3rd - 6th Grade

December Student of the Month: Dylan Kacho

The student I chose for Student of the Month is a student who worked particularly hard during the month of December. Not only did they make up missing work but also improved the quality of their daily work to a standard of excellence. On top of all this, they did it during a month that is short, filled with extra activities such as the play, music concert, and caroling, and of course has the anticipation of getting out of school for Winter break and Christmas.

In science, this student frequently asks questions to deepen their understanding of our topics and provides insightful answers to questions asked to the class. I have thoroughly enjoyed having him in class this year and am very pleased to be presenting December's student of the month to Dylan K.

Evaline Weekly News

1-19-2023

The Evaline School District #36 complies with all federal rules and regulations and does not discriminate on the basis of race, creed, religion, age, veteran or military status, color, national origin, sex, sexual orientation including gender expression or identity, or use of a trained guide dog or service animal by a person with a disability. This holds true for all students who are interested in participating in educational programs and/or extracurricular school activities and provides equal access to Boy Scouts and other designated youth groups. Inquiries regarding compliance and/or grievance procedures may be directed to, the school district's Title IX/RWCW 28A.85 Officer and/or Section 504/ADA Coordinator, Kyle MacDonald at 111 Schoolhouse Rd Wintock, WA 98596, 360-785-3460 kmacdonald@evalinesd.k12.wa.us

Here are our students who made it to new LEAPS as of January 11th! Way to go, keep on reading and taking those AR tests!

Leap One - 10 Point

Apollo W.

Carly B.

Leap Two - 20 Points

Brooklyn M.

Delaney P.

Lillian S.

Grady K.

Isabella M.

Leap Three - 30 Points

Audrey B.

Finn R.

Melissa G.

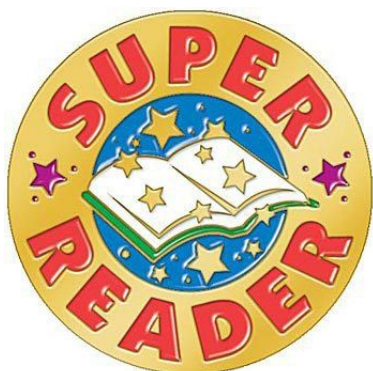

Leap Four - 40 Points

Leap Five - 50 Points

Sadie F.

Leap Six - 60 Points

Carson B.... zoomed right past
60 and on to 80+!

And our very first Leap Ten with 100 Points

Sam B.

Way to go!

Kindergarten

Mrs. Tinnin

We are finishing up both of our units in reading and math. Students took their final testing of each unit. We have covered all letter sounds except for the letter 'q' which we will learn a little later. In reading, students will start sounding out four letter words and learn that an 's' can also make a 'z' sound. In math, students will start learning how to subtract two numbers.

This week students built swings with a partner in our Push, Pull, Go unit in science. Everyone had fun building and improving on what they built.

Thank you for sending in glue sticks! We should be good for a couple of months.

First and Second Grade Explorers

Mrs. Mittge

We have baby fish! We received our salmon eggs from the Cowlitz Fish Hatchery last week and are so excited to have our aquarium up and running. We will be monitoring the pH, dissolved oxygen, and nitrate levels and making observations moving forward. Thank you Cowlitz Fish Hatchery and Evaline Team for getting this cooperative project going. We are eager to release our young fish this spring!

Third and Fourth Grade Classroom

Mrs. Mars

It's hard to believe but we are almost half way through the year! Students started their mid-year testing this week to show everything they have learned so far. They will be finishing these next week.

This week 4th graders started their unit on equivalent fractions. They should now be able to find equivalent fractions using pictures and/or equations as well as determine if two given fractions are equivalent. The 3rd graders continued their study of division strategies and are using fact families to help them solve division equations.

We have been having an increase in absences in our class. These absences are affecting students' grades. It is important to be at school every day. If your child needs to miss school for any reason they should have their work picked up and brought back to school completed within 2 days of their return. Math is constantly building upon itself and missing a day or concept greatly affects a student's ability to learn the next thing.

**ATTENDANCE
MATTERS.
ALL DAY, EVERY DAY**

Fifth and Sixth Grade Classroom

Mr. Burlingame

This week we combined the topics of temperance, civil rights, and Martin Luther King Jr. into a large lesson on the importance of making your voice heard to prevent social injustice. We looked at why the civil rights movement was needed, why the prevalent attitude towards certain racial groups existed at the time, and how people like Martin Luther King Jr were instrumental in changing those attitudes.

With the end of the semester rapidly approaching, please make sure that students are reading and getting ready for their AR tests at school. Remember, AR is part of the ELA grade this year!
