STUDENT COMPLAINTS AND GRIEVANCES

Students have both the right and the responsibility to express school related concerns and grievances to the administration. For the discussion and consideration of a grievance, any student or group of students should request a meeting with the school principal. One faculty member of the student's choice may be present at such meetings. The meeting will be held within ten (10) school/working days.

Grievances of students should be handled expeditiously and under proper procedures. Any student grievance shall follow the same procedures as outlined for School Board employees.
