You can help our school by applying for the Free and Reduced Lunch Program!

Last school year, there were several opportunities for grants that would have been beneficial for our school. Unfortunately, these grants have a minimum requirement of the percentage of students who qualify for free and reduced lunch. We fall just short of this minimum. There is a very good possibility that we have a high enough percentage of students who qualify, but not everyone applies. Please take the time to look over the material and apply. It could have a very significant impact on our school. Free and Reduced Meal applications can be obtained at the school. Please contact the school at (701) 348-3590 to asks questions or get help with the free and reduced meal application. These applications must be filled out each year to qualify. Previous years applications will not qualify to Free and Reduced Meals. Free and Reduced Meal Applications are due the first day of school, August 19, 2026.

Prior to participation (including practice) a student participating in NDHSAA sanctioned athletic activities and representing his/her school must have on file with the superintendent, principal, or athletic director, an annual NDHSAA-approved Athletic Pre-Participation Health History Screening and Physical Examination clearance form completed by a qualified health care professional (i.e. Doctor of Medicine of Osteopathy, Nurse Practitioner or Physician Assistant under the supervision of a physician). The Athletic Pre-Participation Health History Screening and Physical Examination is valid for one school year.

A physical examination completed before April 15 is not valid for participation the following school year. All students participating in sports will need to have a Preparticipation Physical Examination completed for the 2026-2027 school year. Elementary and Junior High sports participants need a sports physical before first practice.
