Cumulative Grade Point Average and Class Ranking: _____

Proposed field of study: _____

University/College/Vocational or Technical School Attending:

3. Please write a brief description of your goals and plans to further your education and attach to this page.

Tom and Stacey with their children, including a daughter Grace, and George Adams were early homesteaders in the late 1800s in the Garden City community. Grace married George and had three children: Letha, Wilton, and Melvin. All three children were graduates of the Garden City High School and Letha taught 7th and 8th grade once upon a time. Letha Adams Brown was my mother. In memory of these families this scholarship has been created to helping graduating seniors to continue their education.

Return Application to Mrs. Paulson by April 1st.
