Trojans of the Week

6th Grade

“In a world where you can be anything, be kind.” 6C’s Trojan of the Week is a young lady who is kind to everyone she encounters. When asked about her weekend, she always mentions her family and friends because they are truly important to her. She is a help to her classmates, always willing to explain a math problem or remind them where to find text evidence. In addition to being exceptionally friendly, she is also very bright. 6C’s Trojan of the Week shines as a great student and always gives her best effort. She has worked hard to achieve both perfect attendance award and honor roll, and we’re so excited for her to be inducted into the Junior Beta Club this Sunday. Congratulations to Perla for being selected as 6C’s Trojan of the Week.

There is a saying that notes: "What we learn with pleasure, we never forget." And no one has more pleasure and fills a classroom with more joy than 7B's Trojan of the Week. He maintains Golden Honor Roll, is active in E-Sports, Cross Country, and Beta Club where he moonwalked voluntarily in front of 6,000 people and never batted an eye at the prospect. We never see him without a smile, kind word, or helping hand. He always ensures everyone around is having as much fun as he is with whatever he is doing, no matter how mundane it may be. Raine Shearon, you find joy in every circumstance, and we are so proud to name you Trojan of the Week! In 7B, "B Means Best!" and you help prove that. Thanks for doing your best and putting your best foot forward each day. Congratulations!

His dedication doesn't stop there, he can often be found spending time before and after school in the STEM lab listening to his 80's and 90's rock music, working to turn creative ideas into reality. He willingly puts in the extra time and effort needed to make projects successful. Jonathan takes great pride in his work and treats everyone around him with kindness and encouragement.
