

ODEM INTERMEDIATE SCHOOL NEWSLETTER

Principal's Note:

OIS Mission:

To unite our school and community by communicating, establishing routines, promoting positive parent involvement in an academically enriched and safe environment.

There are many ways parents can help teachers build skills at home. Practicing multiplication, addition, and other simple math facts can help strengthen their math foundation and set them up for success in the classroom. Having your child read to you at home can help build fluency and reading with a child daily can build his/her reading stamina. Also, encouraging your child to work on our computer intervention programs such as Imagine Math and Istation for Reading can help your child build their skill level in both subjects. Collaboration between home and school is key for student success. We are better together. Thank you in advance for supporting our teachers by trying

these suggestions at home! *-Dr. Lidamar Gracia Yruegas*

Attendance at school is very important. When students arrive late or are picked up before dismissal, teaching and learning are disrupted.

The school schedule is 7:55 am-3:45 pm!

Instruction takes place until 3:45 pm. Picking up students early will result in missed class content.

“You have the POWER to CHANGE the world use it to make a DIFFERENCE!”

Thank you for a successful Literacy Night! We hope you can join us for Math and Science Night in the Spring!
