Dear Randolph County School System Parent/Guardian:

A link to the final version of the "North Carolina School Report Card" for the Randolph County School System (RCSS) will be posted on the school system's webpage in the next few days upon its release from the North Carolina Department of Public Instruction (NCDPI). In addition, the link to this document, as well as each school's report card, will be posted on each school's webpage. The data included in these documents pertains to the 2020-2021 school year. It will provide important information about your child's school and the entire school system. More specifically, the information includes topics such as average class size, graduation data, college and career readiness data, educator performance and qualifications, access to technology data, discipline data, and financial expenditure data. In summary, "North Carolina School Report Card" data is available for each school in RCSS, the whole school system, and the entire statewide K-12 public education system.

The complete "North Carolina School Report Card" also will be posted at <https://ncreports.ondemand.sas.com/src/>. This website will contain a full report card for each RCSS school as well as the school system as a whole.

In RCSS, it is the staff's goal to inform parents and community members about our school system's progress. We also strive to get these individuals involved in our schools. Both groups are very important to our school system's success. Thank you for your interest in our schools as well as your support of our efforts to provide the children of this county with a high-quality education.

Respectfully,

Stephen Gainey
Superintendent
