

## Students OF THE MONTH

Evaline School Students Of The Month for January are:

Norah G.  
Melissa G.

CONGRATULATIONS

**BUS RIDER OF THE MONTH:**

GREAT JOB

Noah A.

## Student of Character Award

Each month one student from each classroom is recognized for their participation and application throughout the school day, particularly in their Social Emotional Learning Class. This weekly class focuses on one character trait during that entire month. In January the character trait was

**“Empathy”.**

**Congratulations to the following recipients for the month of January:**

K-2nd: Maggie F.

3rd-6th: Xander H.

## Important Dates!!

**Fri. 31st: Lion Pride Day, Full day of school**

**Fri. 31st: Easter Egg Hunt**

### APRIL

**Mon. 3rd - Fri. 7th: NO SCHOOL for Spring Break!**

**Friday. 3rd: Snow Make Up Day - Full Day Of School**

**Dear Evaline Families,** we will need to make up for Thursday's snow day. We will be transitioning Friday, March 3rd to a full day of school. School will be in session and students will have a **full school day on Friday, March 3rd. Students will still have an 11:30 am dismissal on Thursday, March 2nd** due to a scheduled staff training with the ESD 113.

## Water Testing

Students in grades 3rd and 4th in addition to hi-cap students from the 5th and 6th grade class conducted their winter water testing at Winolequa park on 2/16. They conducted five different tests looking at a variety of things including dissolved oxygen and turbidity levels looking to see if the water would be healthy for salmon. The test results showed very healthy water!

Students will be taking this new knowledge with them as they head to the Student Green Conference in March where they will have the opportunity to share their results with scientists and students from around Western Washington.

## Kindergarten - 2nd Grade January Student of the Month: Norah Gilmon

January's Student of the Month consistently demonstrates the traits of a successful person and student. She is excited about the people and experiences surrounding her and eager to take advantage of new opportunities that could stretch her learning and thinking. K-2's Student of the Month is a talented problem solver, fantastic artist, and an ideal friend. Her desire to succeed and her strong work ethic have been instrumental in her fast growth. It is with great pleasure that we name Norah Gilmon January's Student of the Month.

## 3rd - 6th Grade January Student of the Month: Melissa Guillen

January's Student of the Month went to a student that has stood out all year. Melissa comes to school ready to learn each day. She takes extra steps to ensure she is successful and asks for help when she needs it. She always has a can-do attitude and is excited to learn new things. She worked hard on her mid-year testing and showed amazing growth in all areas. She hasn't missed a single reading homework assignment all year! She works well with her classmates both in and out of class. For being an all around great student the 3rd-6th grade Student of the Month Goes to Melissa Guillen.

## Evaline Weekly News

2-23-2023

The Evaline School District #36 complies with all federal rules and regulations and does not discriminate on the basis of race, creed, religion, age, veteran or military status, color, national origin, sex, sexual orientation including gender expression or identity, or use of a trained guide dog or service animal by a person with a disability. This holds true for all students who are interested in participating in educational programs and/or extracurricular school activities and provides equal access to Boy Scouts and other designated youth groups. Inquiries regarding compliance and/or grievance procedures may be directed to, the school district's Title IX/RCW 28A.85 Officer and/or Section 504/ADA Coordinator, Kyle MacDonald at 111 Schoolhouse Rd Wintock, WA 98596, 360-785-3460 [kmacdonald@evalinesd.k12.wa.us](mailto:kmacdonald@evalinesd.k12.wa.us)

### Here are our students who made it to new LEAPS as of February 15th! Way to go, keep on reading and taking those AR tests!

#### Leap One - 10 Point Kingston D.

#### Leap Two - 20 Points

Kaira H.  
Kaylynn W.  
Colt A.  
Apollo W.  
Henry G.

#### Leap Three - 30 Points

Jackson M.  
John A.  
Lilly S.  
Aalilyanna K.

#### Leap Four - 40 Points

Audrey B.  
Brooklyn M.

#### Leap Five - 50 Points

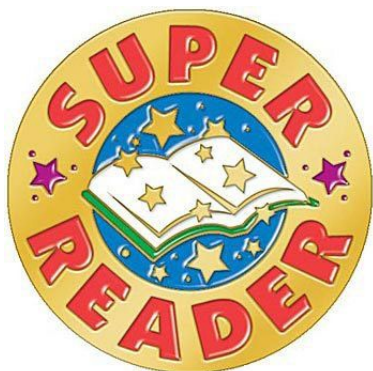

Jazmyn P.

#### Leap Six - 60 Points Samantha Q.

#### Leap Ten with 100 Points

Sasha K.

Way to go!

## **Kindergarten**

**Mrs. Tinnin**

Even though we finished our unit about subtraction, we are still working to deepen our knowledge. Students are learning about number bonds. They solve the subtraction problem using a picture, number bond, and a number sentence. Some students are discovering the relationship between addition and subtraction. We will start learning about teen numbers next week.

In reading, we are finishing up our last few lessons and testing. Students have enjoyed reading about Kit. They liked having their own readers and partner reading with a friend. We will start learning the 'sh', 'ch', and 'th' sounds in our next unit.

Next week our read-a-thon begins! Be on the look out for reading logs.

## **First and Second Grade Explorers**

**Mrs. Mittge**

As we begin to wrap up the month of February and gear up for March's Read-a-Thon, it would be much appreciated if families could go on a book hunt at home. How many Evaline library books and/or Mittge class library books can you and your child find and return so we can have a fully stocked library for all of the reading scheduled for March?

## **Third and Fourth Grade Classroom**

**Mrs. Mars**

Students had fun this last week going to Winolequa Park to do our second round of water testing!

In class both grades are working hard to deepen their understanding of fractions. 3rd graders have finished their first fraction chapter and will be moving into learning how to compare fractions with like and unlike denominators. Fourth graders have learned how to add and subtract fractions and mixed numbers as well as turn an improper fraction into a mixed number.

We honored Presidents Day by researching and writing informational papers about past presidents. This was a great warm up to our trip to the State Capital that we participated in on Wednesday.

## **Fifth and Sixth Grade Classroom**

**Mr. Burlingame**

6th graders are continuing to work through algebraic expressions including how to write them from real life scenarios and how to solve expressions and equations. This week they learned how to combine like terms to simplify expressions.

In ELA, we have finished our first of three stories in the Personal Narrative unit. In this unit, students will read several personal narratives before finishing writing one of their own.

And in science, we are continuing our study of water systems and how they interact.

Next week our annual read-a-thon begins. Please support your students by encouraging them to read as much as possible and don't forget to sign their reading logs!
