Benchmark Testing

Monday, November 14th & Tuesday, November 15th

Benchmark testing plays a critical role for schools by revealing students' academic strengths and weaknesses. Data collected from these assessments guide MHS faculty and staff in determining what concepts have been learned, what needs to be retaught, and what additional academic supports are needed for individual students to attain their learning goals.

Parents/Guardians can partner with MHS by helping to emphasize the importance of maintaining good attendance on these dates, as with all school days, and by encouraging students to put forth their best effort when taking these assessments.

With Halloween approaching, we ask that all student adhere to school dress code and refrain from wearing costumes, mask, or full face paint for safety purposes. Thank you and we appreciate your assistance in helping us to maintain a safe campus.
