1. Architectural Design- Design and draw your dream home, room, building, and more, using one- and two-point perspective drawing. Learn to make these drawings come to life!
2. Around the World in "80" Days - Explore the world from the comfort of the classroom. Come learn about a variety of world cultures through language, art and food.
3. Arts & Crafts- Do you enjoy making crafts? Create Art pieces such as collages, Op art (optical illusion), picture frames, mosaics, watercolors, and more.
4. Baking - Learn basic baking skills through bread, cookies, and icing.
5. Bridge Building - Put your engineering brain to the test as you design and build your own sturdy bridge.
6. Chess- A game that has been enjoyed by Kings, Queens, Knights, and Pawns for thousands of years. Come learn this classic strategy game with us!
7. Crafting Clothing - Have you ever wondered how clothes are made? Are you a budding fashion designer? Have you ever wanted to make your own clothes? Learn how clothes transform from fluff into something you can design and wear.
8. CSI/Forensics- Have you ever wondered how the Crime Scene Investigators (CSI) solve crimes? Are you interested in investigating crimes and crime scenes? In this course, you will test blood, fingerprints, fibers and more.
9. Dancing & Prancing- This will be an upbeat fun time for you to get rid of excess energy and learn different dances from other cultures. No matter if you have two left feet or can't keep a beat, come join us!
10. Discovery Program- Come and engage in various creative activities while being empowered, educated, and nurtured.
11. Fab Fit Fun- Discover how to live a healthy lifestyle while having fun! Participate in a variety of activities that will teach you how to manage stress and prepare nutritious snacks, just to name a few.
12. FUNdamentals of Sports- Learn the rules and regulations of different sports and increase your social interactions.
13. Graphic Design- Explore the elements of graphic design and learn to apply them and manufacture real world products.
14. Harry Potter Book Club- Love Harry Potter? Join us for a closer reading of Harry Potter along with crafts and games!
15. Kicking it with Math- Use your math skills to learn to play, then challenge your peers in kickball and cornhole.
16. Lyric Writing- Study lyrics and songwriting and learn to write the lyrics to songs, including verses, a chorus, and a bridge to different songs.
17. Making Memories- Learn the basics of photography and then incorporate it into creating your own scrapbook.
18. Money Management- Learn to manage your finances and keep your accounts balanced.
19. Real Estate Basics- In this class the students will discuss real estate strategies. This hands-on teaching will help them learn the basics of investing in real estate.
20. Robotics- We will use a hands-on approach to introduce the basic concepts of robotics, focusing on the construction and programming of a robot.
21. Soccer - Develop and enhance the skills necessary to enjoy the benefits of soccer as a lifetime physical activity. You will learn to appreciate soccer as one of the greatest sports in the world!
22. Stock Market 101- The stock market is an everyday term we use to talk about a place where stocks and bonds are "traded" – meaning bought and sold. But how does it work? Join this class to find out!
23. The Cats Give Back- Help us as we "give back" to the school and community that gives to us! This will include projects around the school and activities within the community!
24. Wreath Making-Participate in the art of designing and creating your own decorative wreath using a variety of materials.
