SCHOOL ATTENDANCE (JBA)
COMPULSORY SCHOOL ATTENDANCE ENFORCEMENT LAW / HOUSE BILL 1443

If a compulsory-school-age child has not been enrolled in a school within fifteen (15) days after the first day of the school year which the child is eligible to attend or the child has accumulated five (5) unlawful absences during the school year of the public school in which the child is enrolled, the district Superintendent shall report, within two (2) school days or within (5) calendar days, whichever is less, the absences to the school attendance officer. **(MS CODE 37-13-91 (6))** The State Department of Education shall prescribe a uniform method for schools to utilize in reporting the unlawful absences to the school attendance officer. The Superintendent, or his designee, also shall report any student suspensions or student expulsions to the school attendance officer when they occur.

When a school attendance officer has made all attempts to secure enrollment and/or attendance of a compulsory-school-age child and is unable to effect the enrollment and/or attendance, the attendance officer shall file a petition with the youth court under Section 43-21-451 or shall file a petition in a court of competent jurisdiction as it pertains to parent or child. The youth court shall expedite a hearing to make an appropriate adjudication and a disposition to ensure compliance with the Compulsory School Attendance Law, and may order the child to enroll or re-enroll in school. The Superintendent of the school district to which the child is ordered may assign, in his discretion, the child to the alternative school program of the school established pursuant to Section 37-13-92.

School Attendance

It is expected that all high school students will attend school every day possible. When a student has more than five (5) unexcused absences, he or she is reported to the Compulsory Attendance Office by the Superintendent, or his designee as stated in MS Code 37-13-91. Good attendance and promptness to classes are extremely important matters. Time on task is essential if students are to succeed in their educational efforts.

SCHOOL ATTENDANCE POLICY (JBA)
STUDENT ATTENDANCE, REPORTING OF STUDENT ATTENDANCE, TARDINESS AND EXCUSES

The Western Line School Board of Trustees believes that good attendance, with a minimum of tardiness and absenteeism, is essential if students are to gain the maximum benefit from the school district's instructional program. The school board thusly directs the superintendent to develop administrative regulations governing tardiness and absences (excused and non-excused).

The administrative regulations shall be based on all applicable state laws governing absenteeism and tardiness and shall include (but not be limited to) the counting and reporting of students to the Mississippi Department of Education for attendance purposes, expectations for good student attendance, parent responsibility, excused and unexcused absences, and tardiness. Initial administrative regulations and any future changes to such administrative regulations shall be reviewed by the school board before implementation.

Attendance Reporting

In order for a student to be considered as having attended school for a full day, the school board specifies that each student must be present for 63% of his or her individual Instructional day as fixed by the local school board for each individual school. For purposes of reporting absenteeism, a student who has an absence that is more than thirty-seven percent (37%) of the student's instructional day, as fixed by the school board for the school at which the student is enrolled, shall be considered absent the entire school day.

The superintendent shall develop and submit for board adoption a policy which includes:

- a definition of the instructional day for each individual school so that the 63% of the instructional day can be computed for each student within the school district's individual schools, and
- a process for computing 63% of the instructional day for each student within the school district's individual schools

Definitions

Full Day Attendance: When a student is present for 63% of his or her individual Instructional day as fixed by the local school board for each individual school.

Unlawful Absence: An absence for an entire school day or during part of a school day when such absence is not due to a valid excuse.

Chronic Absenteeism: Defined as missing ten (10%) percent or more of a school year or approximately eighteen (18 days) of the school year, which equals out to just two days every month.

Chronic Absenteeism Calculation

- Any student enrolled in a school for at least ten (10) days must be included in the calculation.
- Any student absent 10% or more of the time he/she was enrolled in any school
- Any student who misses 50% or more of the school day is considered absent and must be included in the calculation.

Excused Absences

In the event that a student is absent from school, the parent must notify the school's office in writing or in person for the absence to be considered a parental excuse. **It shall be the policy of the Western Line School District that excuses written by parents shall not be accepted for an absence of more than three consecutive days, and for no more than 10 days during the school year. Any absence beyond that must come from a doctor, nurse practitioner or hospital, or court, etc.**

All other absences require medical or legal documentation to be submitted to the school attendance office. Documentation must be submitted within three (3) days of when the student returns to school for the absence to be considered excused. If parental, legal, or medical documentation is not presented as required, the absence shall be considered unexcused.

If a student is going to be absent for an extended period due to extenuating circumstances, the parent/guardian is required to notify the school in advance. Notification to the school does not ensure that the absences will be excused.

Absences that result from a school-sponsored activity will not be counted against the attendance requirement.

After five (5) unexcused absences, the school will follow the procedures of reporting the unexcused absences to the Compulsory Attendance Officer (MS Code 37-13-91).

Each of the following shall constitute a valid excuse for temporary nonattendance of a compulsory-school-age child enrolled in a public school, provided satisfactory evidence of the excuse is provided to the superintendent of the school district, or his designee:

- An absence is excused when the absence results from illness or injury which prevents the compulsory-school-age child from being physically able to attend school.
- An absence is excused when isolation of a compulsory-school-age child is ordered by the county health officer, by the State Board of Health or appropriate school official.
- An absence is excused when it results from the death or serious illness of a member of the immediate family of a compulsory-school-age child. The immediate family members of a compulsory-school-age child shall include children, spouse, grandparents, parents, brothers and sisters, including stepbrothers and stepsisters.
- An absence is excused when it results from a medical or dental appointment of a compulsory-school-age child.
- An absence is excused when it results from the attendance of a compulsory-school-age child at the proceedings of a court or an administrative tribunal if the child is a party to the action or under subpoena as a witness.
- An absence may be excused if the religion, to which the compulsory-school-age child or the child's parents adheres, requires or suggests the observance of a religious event. The approval of the absence is within the discretion of the superintendent of the school district, or his designee, but approval should be granted unless the religion's observance is of such duration as to interfere with the education of the child.
- An absence may be excused when it is demonstrated to the satisfaction of the superintendent of the school district, or his designee, that the purpose of the absence is to take advantage of a valid educational opportunity such as travel, including vacations or other family travel. Approval of the absence must be gained from the superintendent of the school district, or his designee, before the absence, but the approval shall not be unreasonably withheld.
- An absence may be excused when it is demonstrated to the satisfaction of the superintendent of the school district, or his designee, that conditions are sufficient to warrant the compulsory-school-age child's nonattendance. However, no absences shall be excused by the school district superintendent, or his designee, when any student suspensions or expulsions circumvent the intent and spirit of the compulsory attendance law.

Unexcused Absences

The Western Line School District follows the "Mississippi Compulsory School Attendance Law" in reporting unexcused absences to the Washington County Attendance Officer. An accumulation of unexcused absences may be one (1) factor in determining promotion/retention of a student.

After not more than five (5) unexcused absences, the principal shall notify the Washington County Attendance Officer. The parent/guardian will then be notified that the student may be in violation of the "Mississippi Compulsory School Attendance Law". Parents may also be prosecuted if the absences cannot be justified under the established attendance policies.

After twelve (12) accumulated unexcused absences, the principal shall notify the Washington County Attendance Officer. The parent/guardian will then be notified that the student may be in violation of the “Mississippi Compulsory School Attendance Law”. Parents may also be prosecuted if the absences cannot be justified under the established attendance policies.

Excused absence note requirements

In order for ANY absence, with the exception of an official absence, to be excused, pupils must submit a note signed by a parent/legal guardian, within 2 days of the student returning. The excuse note shall include the following:

- The date the note was written
- The child’s first and last name (according to MSIS)
- The cause of the absence (illness, injury, etc.)
- The parent/legal guardian’s legal signature
- And a phone number for verification.
- A physician’s excuse (if applicable) shall contain the cause of the absence (illness, injury, etc.), the date of the visit to the physician and the physician’s signature

Roll checks are to be made and recorded in the system by every teacher for each class every day. Students are expected to be present and on time for class. Absences will be verified on a timely manner. The school attendance officer employed by the Mississippi Department of Education shall be notified by letter from the Superintendent when a student has accumulated 5 unexcused absences from school. Additional notices shall be sent to attendance officers after 10, 12, 15, 20, and 25, etc. days.

ABSENCE FROM SCHOOL (Grades K-6)

A student should adhere to the following attendance policy to assist in the required instructional minutes during the week for promotion to the next grade for students in grades K-6 non-Carnegie unit courses.

- Must be present one hundred sixty (160) days for a full year course. (Maximum twenty (20) unexcused absences)
- Parents will be notified daily upon each absence. Upon the fifteenth (15th) and twentieth (20th) absence (excused or unexcused) the principal or his/her designee will notify the parents of the school’s concern of possible retention and the student will be referred to the school’s Teacher Support Team for possible interventions.
- Upon the fifth (5th) and twelfth (12th) unexcused absence the principal or designee will notify the Washington County Attendance Officer.

If the principal determines retention is necessary based on attendance, the parent/guardian will have five (5) days to appeal the principal’s decision. Appeal procedures will be reviewed annually.

(Grades 7-12)

A student should adhere to the following attendance policy to assist in the earning of credit or promotion to the next grade for students who are attempting to earn Carnegie units in grades 7-12.

- Must be present eighty-four (84) days for a semester course. (Maximum six (6) unexcused absences)
- Must be present one hundred sixty-eight (168) days for a full year course. (Maximum twelve (12) unexcused absences)
- Parents will be notified daily upon each absence. Upon the ninth (9th) and twelfth (12th) absence (excused or unexcused) the principal or his/her designee will notify the parents of the school’s concern

of possible course failure and the student will be referred to the school's Teacher Support Team for possible interventions.

- Upon the fifth (5th) and twelfth (12th) unexcused absence the principal or designee will notify the Washington County Attendance Officer.

Requirements for Carnegie Unit Credit

Students who exceed this standard may not, pending appeal, receive a grade or Carnegie unit credit in the course. A notation of inadequate attendance (IA) will be recorded on the report card and on the transcript if the student is passing the course. Students may, pending appeal, be required to make up the class in credit recovery or by re-taking the Carnegie Unit Class.

If the student is failing the course, the actual failing grade will be posted on the report card and on the transcript.

If the principal determines that credit should be withheld based on attendance, the parent will have (5) days to appeal the principal's decision. Appeal procedures will be reviewed annually.

Perfect Attendance

A perfect attendance award will be given only to those students who have not been absent, tardy, checked in or checked out from any class during the entire year.

Perfect attendance is defined as:

- The student is present each day of classes.
- The student has no tardies to school or classes.
- The student does not check in late to school.
- The student does not check out early from school.

SCHOOL DAY SESSION – subject to change

Buses and cars unload 7:20 – 7:30

Breakfast 3 – 12 7:25 – 7:45

Class begins 3 – 6 7:45

Tardy Bell for high school 7:49

TARDINESS

All students are required to get to school and class on time. TARDINESS prevents students from achieving all that is academically possible. Parents are encouraged to make sure that their children are prompt. When a child is tardy to school, the parent shall come to the office to check the child(ren) in.

Students that check-in late to school or out early from school will be given a tardy by the office. Students that miss more than 1/2 of a particular class/block will be counted as absent for that period but will be allowed to enter the classroom for the remainder of the class. This policy is on a semester by-semester basis. Students are to report to the appropriate class immediately upon checking in after receiving a tardy slip from the office.

Tardiness to School

- Students who drive to school and accumulate more than 3 tardies in a semester will not be allowed to drive the car to school for the remainder of the Semester. A request can be made to the Principal beginning 2nd semester for reinstatement.
- Parents who bring their children to school and are late more than three (3) times in a semester will be required to attend a meeting at the central office with Central Office staff and may be required to provide additional proofs of residency.

- Absences or tardy days that cause a student to miss more than half of any period in any single Carnegie Unit class can cause the absence policy to kick in and the student will not be able to gain the Carnegie Unit for the subject without credit recovery or retaking the class.

Habitual Tardiness to a Class (grades 7 – 12)

Students who are habitually tardy will be subject to the consequences outlined on the following discipline ladder:

1st TARDY Teacher records tardy

2nd TARDY Teacher records tardy; student warned.

3rd TARDY One day In-School Solution placement & In-School solution placement or After-School Detention for every tardy thereafter per semester;

Attorney General Opinion:

According to a 1998 Attorney General Opinion, automatic fail provision of an absences policy may not apply against legal, excused absences. Such absences policies may not be applied against absences resulting from disciplinary suspensions if absences policies are applied to truant students who are otherwise passing, the district must afford the student procedural due process. (Attorney General Opinion, Carter, 1-9-98) (#183) (97-0817)

PERMISSION TO LEAVE SCHOOL (JGFC)

Any student who wishes to leave school must check out through the principal's office. Permission must be obtained from the principal or his/her designee. No other school person is authorized to allow a student to leave campus.

1. Parents/legal guardians may pick up the student at school.
2. Parents/legal guardians may write a note (including a phone number where the parent/guardian can be reached) giving the student permission to leave. **No phone calls will be accepted.**
3. Any student leaving the school grounds during the school day for any reason must sign out in the office. If a student leaves the school grounds during the school day without signing out in the office, he/she will be subject to discipline actions. (Parents/legal guardian will be notified)

Early dismissal is highly discouraged. The policy is intended to prevent abuse of school policies and regulations of attendance. Dismissals follow the same policy as excused and unexcused absences.

MAKE-UP Work

Make-up Assignments for Absences: The student will be allowed to make up missed work following an excused absence by communicating with his/her teachers on the first day back at school. **All work, including test and assignments, shall be completed within three days of return to school from the initial excused absence.** Each school shall establish procedural guidelines for making up tests and/or quizzes missed during an excused absence.

It is the student's responsibility to make up work due to an absence. Any student who is assigned to the in-school solution program will be expected to complete assignments during the ISS time. A grade of zero (0) will be given for missing assignments not completed during the ISS period.

EMERGENCY PROCEDURES (AFC)

Bad Weather / Tornado's

When bad weather threatens, all schools are diligent in watching the local conditions. Schools have developed security plans for such conditions and will follow them accordingly.

Basic guidelines during bad weather:

During a Tornado Warning:

- Buses and cars drivers are not dismissed, and students are secured in the main buildings.
- Car riders are dismissed to their parents who wish to check them out, keeping in mind that it is difficult to locate a child quickly when you are in the midst of a storm drill procedure. We ask for your patience in this situation. (NOTE: Students are dismissed **only** to a parent or legal guardian during a weather emergency, unless prior arrangements have been made with the office.)

During Snow and Ice/Inclement Weather:

- This type of weather creates an entirely different problem because of its unpredictable nature. It is the policy of the Western Line School District to have school unless or until conditions (icy roads, downed power lines) dictate otherwise.
- The weather is monitored by television and radio at the schools as well as at the Central Office, through phone calls and faxes from the department of emergency management and local Sheriff's offices, and actual district personnel who ride the roads in all areas of the county.
- In the event of inclement weather, the decision to cancel classes will be made by the Superintendent and relayed to the schools and the local media and the Blackboard Connect System.

Emergency Dismissals

In the event of an emergency dismissal during the school day, parents should have already discussed with their child (and if necessary – the school) a plan for what he/she is to do. All efforts will be made to inform parents by all local media available. Western Line has installed an Alert Now System that will call parents (**at the primary number on file**) and deliver a recorded message if any early dismissals or changes in the school day occur. Parents must provide the school with emergency contact names and phone numbers in the event that they will be unavailable for emergency assistance.

Emergency Drills (EDDC)

The school principal shall have a current disaster plan and conduct regular safety drills as follows: fire (2), tornado (2) bus (2), and lockdown (2).

All dress code rules are to be strictly enforced. Violations of the uniform policy shall be dealt with according to the district discipline policy.

In addition to the other guidelines, if the student's dress is deemed unsafe or a disruption to the class or school by the principal or assistant principal, the student will be required to obtain appropriate clothing before being admitted to class.

FOOD SERVICE (EE)

Cafeteria

The School Cafeteria is operated on a non-profit plan in cooperation with state and federal lunchroom programs. Meals served to students, which include salads and plate lunches, are nutritious and well balanced and meet state and federal guidelines.

Students are assigned a lunch number after completing at the beginning of the school term. Students will be expected to memorize this number. Parents are requested to include their child's lunch number in any correspondence regarding food services matters.

Lunch time is a very important part of each student's schedule. Rules and policies that govern other areas of school life apply here also and must be strictly adhered to. Lunch time will be supervised by administration and instructional personnel.

Sack Lunch: Students who bring bag lunches to school may purchase milk products with their lunch.

Charges: **No one is allowed to charge.**

Price for Adult Meals: Adult Breakfast \$ 2.50 Adult Lunch \$ 3.50

Any other items offered will have prices posted in the cafeteria.

Competitive Foods Regulations

- No food items shall be sold on the school campus for one (1) hour prior to or during any meal service period (breakfast and lunch).
- The child nutrition department shall serve only those foods which are components of the approved federal meal patterns being served (or milk products) and such additional foods as necessary to meet the caloric requirements of the age group being served.
- With the exception of milk, a student shall purchase individual components of the meal or any extra sell items, only if the meal unit is being purchased.

WELLNESS POLICY (JG)

It is the goal of the Western Line School District to pass on the knowledge and skills necessary to make nutritious food choices and enjoyable physical activity choices for a lifetime. To meet this goal, the Western Line School District has adopted a Wellness Policy and has committed itself to promote wellness, nutrition, physical activity, comprehensive health education and a healthy school environment. From education in the classroom, and the marketing of healthy foods, to the encouragement of physical activity, we are promoting mental, educational, and physical wellness.

A copy of the Western Line School District Wellness Policy is on file in the Central Office and in each principal's office in the schools.

LIBRARY / MEDIA CENTER (IFBD)

The school library is important to the school setting and to the total educational program. Students are highly encouraged to make effective use of books and other library materials for both course requirements and recreational reading.

The library/media center is staffed by a full-time media-center specialist and/or student assistants to help in location and selection of library materials. The student will be held responsible for the loss or damage of the library books he/she checks out. If a book is lost or damaged, that book must be paid for before another book is checked out.

The computers in the Media Center are for the benefit of the students. Students are encouraged to utilize them for research and other educational purposes. Prior to the students being allowed to use the Media Center computers, appropriate technology and acceptable use forms must be completed and kept on file at the school. The forms are located in the appendix of this handbook or from the principal's office.

CARE OF SCHOOL PROPERTY (ECBA)

Students are expected to do their individual part in caring for the buildings, school buses, and school grounds. The care given to school property is a reflection of the type of student enrolled in the school. School spirit and pride are evidenced by the proper use of furniture and instructional equipment. It will be the policy of the school system to require the parent to pay for damages to buildings, equipment or buses when it is determined that any such damage was caused by his/her child's carelessness, neglect, or vandalism. We need cooperation of each student to do his/her part to help us maintain a clean and attractive campus.

TEXTBOOKS (IFCA)

Textbooks are furnished by Western Line School District and are paid for by taxpayer's money. Books will be issued by the teacher to each student for courses requiring textbooks each year. **The student will be held responsible for the loss or damage of the textbooks issued to them. If a book is lost or damaged, that book must be paid for before another book is issued.** Since each school is limited to the number of textbooks available to them, it is important that students exercise care and caution to prevent damage or loss of books provided for them.

STUDENT DEVICES

Western Line School District was able to purchase devices for each student in the district. Students must follow the guidelines in the Technology Guideline Handbook and abide by all Acceptable Use Policies for online learning. The devices were purchased to allow students to learn using in person and online instruction. Care for these devices can determine if the student is allowed to continue to use them.

TRANSPORTATION (EDA)

School Bus System:

Western Line School District provides transportation for all students who live in its attendance zones and live more than one (1) mile from the school they attend. School Transportation is a privilege and not necessarily a right. The privilege of a student to public transportation is based upon his/her behavior. Therefore it is a privilege that could be lost if proper conduct is not maintained.

Because of the Western Line School Board's concern for the safety of children riding buses to and from school, the following rules and regulations need to be observed at all time:

School Bus Regulations:

Pupils shall:

1. Be ready in the morning at the scheduled time and place for the bus to arrive.
2. Wait until the bus comes to a complete stop before trying to load or unload.
3. Pass in front of the bus, if necessary, to cross road or highway to mount bus or after dismounting.
4. Be quiet when the bus is nearing and crossing a railroad or highway.
5. Wait for a signal from the driver before crossing if it is necessary to cross the road to enter or leave the bus. Always look in both directions to be sure that it is safe before crossing.

Pupils shall not:

1. Have chewing gum or candy on the school bus.
2. Have cell phones, beepers, pagers, or other electronic devices on the bus.
3. Have radios, cigarette lighters, stereos, electronic games or CD players on the school bus.
4. Play on the road while waiting on the bus.
5. Put head or hand out of the window.
6. Mar or deface, cut, tear, rip seats or any other part of the bus. (Board Policy requires anyone doing so will have to pay for the damages.)
7. Fight or scuffle while on or waiting for the bus.
8. Be out of seat while the bus is moving.
9. Use profane language or make vulgar gestures.
10. Carry weapon(s).
11. Make excessive noise.
12. Throw objects.
13. Strike or threaten the bus driver.
14. Distract the driver's attention except when necessary.
15. Commit any other act of improper conduct.
16. Bring balloons or flowers on any school bus.
17. Bring glass containers on any school bus.

Students may be disciplined by the principal or assistant principal for misconduct on the bus in the same manner provided for discipline in the school. Penalties for any offense above may include: required parent conferences, corporal punishment, bus suspension, denial of the privilege of riding the bus, payment for damages to the bus, and/or other disciplinary action deemed necessary by the principal.

NOTE: If parents would like to discuss a problem or concern with the bus driver, an appointment must be made with the principal. Drivers may not stop on the route for conferences. You may call the Transportation Department at 662-335-7186 to discuss any transportation issues.

COMMUTING STUDENTS (EDDB)

Students who are transported to and/or from school by parents or who ride with another student must come to designated areas to ensure proper safety. No student should be delivered to school before 7:30 a.m. and must be picked up no later than 3:15 p.m. The school district provides transportation. A parent who chooses to bring his/her child to school is responsible for having the child at school on time.

AUTOMOBILES (JGFF)

- No student may bring an automobile on any campus without permission from the principal of that school. Permission will be granted to students in grades 10 – 12 with proof of insurance, a copy of the driver's license, and an approved application form filed with the school office. **Students must exit the vehicle immediately upon arrival to school each day.**
- Students who bring their automobiles to school will park only in student designated parking areas. **All students entering or leaving campus in their automobiles are required to travel in a slow safe manner, at all times.** Once on campus, students should lock their automobiles and not return to them until leaving campus for the day. Driving privileges will be suspended or revoked if students abuse school policies.
- Any student driving his/her own automobile to school shall be required to submit a consent form, signed by both the parent or legal guardian and the student, affording school officials the authority to search, if necessary, the said automobile at any time that it is on the school campus. Any student refusing to sign the required consent form shall be refused the privilege of bringing his/her automobile to the school campus. The consent form may be obtained from the school principal.
- **Any student who drives or has a rider in the car who exceeds three (3) tardies in a year will lose the privilege to bring an automobile on campus.**
- **Any student who drives a vehicle on campus after the privilege has been taken away will have the vehicle subject to towing at the owner's expense.**

SOCIAL SERVICES

The Western Line School District is committed to providing services for students educational, nutritional, social/emotional and physical needs. In an effort to meet these needs, parent liaisons, counselors and mental health workers are located in several of our schools. These staff members address needs that the classroom teacher is not always able to deal with. Both schools have staff members who work with parents on training them to deal with educational, social and emotional issues. Please contact principal at your child's school if you need information to assist you or your child's social/emotional needs.

PARENT CONFERENCES

Daily conferences (KM)

Parent conferences are strongly encouraged. They may be scheduled by the parent, teacher, and/or principal. The school will make every effort for parents to meet with the student's teacher on a timely basis after receiving such a request. Conferences with your child's teacher are of the utmost importance. Each teacher has a 50 minute conference/planning period each day of the week. Parents are asked to call the office to request an appointment with their child's teacher as the need arises.

Parent / Teacher Conference Days

Western Line School District makes every effort to set aside times for parent/teacher conferences. During this unique time, please contact your child's school for information on report days and subsequent parent/teacher conference times. Please make every effort to visit the school and have a conference with your child's teacher.

WORKING STUDENTS (JJ)

For early release, students must meet College- and Career-Readiness benchmarks of 17 in English and 19 in Math on the ACT sub-score **OR** earn a Silver level on the ACT WorkKeys suite of assessments.

For seniors that have not meet the benchmarks, to qualify for early release (work release) students must meet the following requirements:

1. Have a GPA of 2.5 and have passed or meet the assessment option requirements for all four end-of-course assessments
2. Are on track to meet the diploma requirements
3. Are concurrently enrolled in the appropriate Essentials for College Math and/or Essentials for College Literacy

MISCELLANEOUS – Prom & Homecoming

Individual schools will formulate their own policies for activities such as proms, homecoming, cheerleaders, etc. Teacher committees, taking student input into consideration, will determine said policies. Upon completion, the administration will review and submit the recommended policies to the school board for approval.

GRADING AND GRADUATION (IHA / IHF)

The records and reports of individual pupils shall be kept in a form which will be meaningful and clearly understood by teachers, students, and parents.

Teachers must record, for each student, at least ten (10) grades per nine (9) week period for each subject taught. (Board Policy IHA) Grades shall be noted each nine (9) weeks as follows:

Grading Policies:

Pre-K	S, N, U (with skills checklist)
Grades K – 12	A 90 – 100
	B 80 – 89
	C 70 – 79
	D 65 – 69
	F 64 and below

Grades on daily assignments, tests, homework, etc. shall be based on the actual grade earned by the student performance

Literacy-Based Promotion Act

The Mississippi Literacy-Based Promotion Act will help ensure that every student reads at or above grade level by the end of 3rd grade. In 3rd grade, students begin to make the transition from *learning to read* to *reading to learn*. If they are unsuccessful, most will continue to have trouble reading grade level material after 3rd grade and will continue to fall behind. Students are screened quarterly in every grade, beginning in Kindergarten and interventions are put in place with an Individual Reading Plan (IRP) when indicated.

At the end of the third grade, students are given a 3rd Grade Reading Summative Assessment, which is part of the Mississippi K – 3 Assessment Support System (MKAS2). Students scoring below the passing score will have two opportunities to receive interventions and re-take the test prior to the beginning of the next school year. Students, who do not demonstrate sufficient reading skills on any of these assessment options and who are not eligible for a “good cause exemption”, will not be promoted to the 4th grade.

Cursive Writing Component

We have added cursive writing to our instruction as mandated by Senate bill 2273. The bill includes an assessment piece that we are required to complete. The assessment will be administered before the end of 5th grade. The Cursive Writing Assessment will be consistent district wide.

TESTING PROGRAM (II)

Mississippi Academic Assessment Program (MAAP)

The Mississippi Assessment Program (MAAP) consists of grades 3 – 8 ELA and Math assessments, and grades 5 & 8 science assessments. These assessments are based on the most recent Language Arts and Mathematics frameworks developed by the Mississippi Department of Education. The assessments will be used in the Mississippi Accountability system to determine each school Accreditation Level. The results will also provide information that will be used for the purpose of improving instruction and student achievement.

Promotion and Retention:

It is the policy of the Western Line School District that pupil promotion be considered individually and decisions on promotion be contingent on what is best for that pupil. Retention, when enforced, shall occur only after careful consultation with teachers, administration and parents.

All students in K - 6 should master, at a minimum, 65% of the state and district core objectives listed for that grade level in order to be promoted. Promotion or retention shall be based on student performance from scores on daily assignments and tests in each area.

Basic guidelines for promotion for grades K - 2 are as follows:

1. Passing grades in reading, math, and language arts (English).
2. Teacher/administrator judgement of overall classroom performance.

Basic guidelines for promotion for grades 3 – 6 are as follows:

1. Students must pass math, ELA (and reading if taught separately), and 2 other subjects from the following: science, social studies, and health.
2. Students in grade 3 must also pass the Third Grade Summative Assessment administered by the Mississippi State Department of Education.

Basic guidelines for promotion in grades 7 – 8 are as follows:

1. Students must pass 5 of 7 classes, three of which must be English, math, and science.
 2. If a student fails Mississippi Studies, World Geography or Cyber Foundations II, they may be promoted if they pass the other required subjects, but they must retake the Carnegie Unit courses (or STEM) in 9th grade.
- Pre-Algebra, Transition to Algebra, or Algebra I, Mississippi Studies, World Geography and Cyber Foundations II may be taken in 8th grade for Carnegie Unit Credit.
 - Promotion in grades 9 – 12 depends on the number of Carnegie Units the student has taken and passed. The basic guideline is as follows:

9 th / Freshman	0 – 5.5 Carnegie Units
10 th / Sophomore	6 – 11.5 Carnegie Units
11 th / Junior	12 – 16.5 Carnegie Units
12 th / Senior	17 or more Carnegie Units

Graduation Requirements

HOMEWORK (IBH)

Home study by each student is both desirable and necessary (Board Policy IHB). However, excessive demands of homework on a student’s afterschool time do not enhance his/her intellectual growth, his/her community life, or his/her attitude toward learning or the school as a place of learning. Homework should fit into the total school program and should be purposeful.

Teachers should use the following as a guide for assigning homework:

Pre-K through 1	Classwork may be sent home for review, such as word lists. Students should also spend at least 20 minutes reading or being read to.
Grade 2	30 minutes total homework
Grade 3	30 – 45 minutes of total homework
Grade 4 – 8	1 to 1 ½ hours of total homework
Grades 9 – 12	Approximately 2 hours of total homework Research Papers are required in English III and IV.

- In keeping with the school philosophy of individualized instruction, homework should be assigned according to the needs of the students.
- At the grade levels where students have more than one academic teacher, teachers should be aware of major assignments in other academic subjects so that assignment overloads may be avoided.
- In order for homework to be meaningful, **all assigned homework should be checked and feedback given to students.**
- Parents are urged to provide a quiet place for students to work uninterrupted on assignments, making sure that homework assignments are completed and returned to school.

IDEA GRADING AND REPORT OF PROGRESS POLICY (IDDF)

Based on the IDEA '04 Federal Regulations (§300.347(a)(7)), the IEP committee must address the method of measuring a student’s progress and informing the parent/guardian(s) of their child’s progress. Federal regulations require the IEP Committee to determine the following:

- The method of measuring the student’s progress toward the annual goals; and
- The method of regularly informing (through such means as periodic report cards) the student’s parent/guardian(s) of their child’s progress toward annual goals as well as the extent to which that progress is sufficient to enable the student to achieve the goals by the end of the year.

Federal Regulations also require that the parent/guardian(s) be informed “at least as often as parents are informed of their nondisabled children’s progress.”

The policy used for reporting grades or progress for students with disabilities will be as follows:

- The grading system used in the regular education program will be utilized for students who receive instruction through the regular education program and are expected to master the same objectives as regular education students (with necessary accommodations and modifications noted on the student’s IEP).
- For students who receive instruction through the regular education program but an alternate or parallel curriculum (which differs from that provided to grade level peers) is taught, grades will be assigned for each academic area addressed on the student’s Individual Education Plan (IEP). Grades given will be based on the mastery of objectives outlined on the IEP using the regular education grading system with input from both the regular and the special education teachers. The student’s report card will reflect that these grades are based on objectives outlined in the student’s IEP. At the end of each nine (9) weeks (or as indicated on the student’s IEP), the Report of Progress for each objective on the Annual Service Goal Page(s) of the IEP will also be completed and forwarded to the parent(s).
- For students who receive direct instruction in academic areas from a special education teacher, grades will be assigned for each academic area based on mastery of objectives identified on the student’s IEP using the regular education grading system. The student’s report card will reflect that these grades are based on objectives addressed in the student’s IEP. At the end of each nine (9) weeks (or as indicated on the student’s IEP), the Report of Progress for each objective on the Annual Service Goal Page(s) of the IEP will also be completed and forwarded to the parent(s).
- For students who receive direct instruction from a special education teacher in functional/life skills areas or from a language/speech pathologist in a language/speech area(s), grades will be given for each area based on mastery of objectives addressed on the student’s IEP using the following grading system: N = No progress made; P = Progress made. The student’s report card will reflect that these grades are based on objectives addressed in the student’s IEP. At the end of each nine (9) weeks (or as indicated on the student’s IEP), the Report of Progress for each objective on the Annual Service Goal Page(s) of the IEP will also be completed and forwarded to the parent(s).

Any student enrolled in regular education courses who does not meet course requirements, even though accommodations and modification have been implemented in accordance with the student’s IEP, may receive a failing grade. If it is obvious, however, that the student with a disability cannot function properly in a regular education setting, the student’s IEP should be reviewed and possibly revised.

Special Education Promotion Procedures:

For students with disabilities, the Individual Education Plan (IEP) Committee will determine whether or not a special education student shall be promoted or retained based on the following:

- 1) The student’s mastery/progress on the IEP objectives and/or
- 2) The student’s meeting the requirements through regular education as outlined on the student’s IEP.

Graduation Policy for Students with Disabilities under the Individuals with Disabilities Act

An IEP Committee will determine and document the option appropriate for each student.

As determined appropriate by the IEP committee, transition services may include:
 - Introduction in functional academics;

The Western Line School District is CIPA (Children's Internet Protection Act) and COPPA (Children's Online Privacy Protection Act) compliant. Through supports of the Mississippi Department of Education, the district makes use of technology protection measures which block or filter internet access to visual depictions which are obscene, child pornography, or harmful to minors.

TEACHER SUPPORT TEAMS (IEA)

Each school has a Teacher Support Team implemented in accordance with the process developed by the Mississippi Department of Education.

The model shall consist of three tiers of instruction:

- Tier I: Quality Classroom instruction based on MS Curriculum Frameworks
- Tier II: Focused supplemental instruction
- Tier III: Intensive interventions specifically designed to meet the individual needs of students

Teachers use progress monitoring information (a) to determine if students are making adequate progress, (b) identifying students as soon as they begin to fall behind, and (c) modify instruction early enough to ensure each and every student gains essential skills. Monitoring of student progress is an ongoing process that may be measured through classroom assignments, benchmark assignment instruments, and large-scale assessments.

If strategies at Tiers I and II are unsuccessful, students must be referred to the TST. The TST is the problem-solving unit responsible for interventions developed at Tier III. The chairperson of the TST is the school principal or the principal's designee. Interventions shall be:

- ✓ Designed to address the deficit areas;
- ✓ Research based;
- ✓ Implemented as designed by the TST; and
- ✓ Supported by data regarding the effectiveness of the interventions.

In addition to failure to make adequate progress following Tiers I and II, students will be referred to the TST for interventions as specified in guidelines developed by MDE if any of the following events occur.

Individuals with Disabilities Education Act – IDEA (IDDF)

The Western Line School District follows State and Federal Guidelines for providing services for students with disabilities. Information on Grading and graduation of students with disabilities can be found under the Grading and Graduation Section of this handbook. Discipline Procedures are followed in accordance with the Western Line School Discipline policy and the IDEA guidelines from the state and federal government.

Child Find Publicity Campaign

It is the policy of the Western Line School District that the district-wide child identification, location, and evaluation process is on-going. Local school district personnel are continuing the search for un-served children with disabilities in the age range of birth through twenty-one (21) years of age.

Early identification of children in need of special education experiences is most important to each child. Furthermore, this information gathered from contacts with parents and other agencies will be used to help determine present and future program needs as progress is made toward the goal of providing a free appropriate public education to all children with disabilities.

The child-find director works with the local Head Start, Welfare, Health and Mental Health agencies as well all local educational agencies, physicians, licensed day care providers, local juvenile correctional facilities, and other individuals to identify and locate children out of school and in school who may be in need of special education services. Information which could identify an individual child will be maintained by this agency and will be provided to other agencies only in accordance with the Family Rights and Privacy Act and IDEA-B. As a parent, you are guaranteed the right to inspect any such information about your child and to challenge its accuracy. Access to this information is forbidden to any unauthorized person without informed consent.

If you have any questions, regarding the collection, maintenance, and use of data about your child please contact:

**Special Services Office
102 Maddox Road
Avon, MS 38723
(662) 335-7186**

The child-find director is responsible for district-wide coordination of the planning and implementation of the child identification, location, and evaluation effort of children (birth – 21) who have disabilities (regardless of the severity of the disability), and who are in need of special education and/or related services.

Once a referral is made, it is the responsibility of the child-find director to ensure that the referral-to-placement procedures are followed. The director works with the local survey committees at each school to implement the following procedures:

- Prior to evaluation, copies of the “Parent Information Pamphlet” and “Procedural Safeguards” are given to parents.
- District personnel explain the “Parent Information Pamphlet” to parents and ensure that they understand the “Procedural Safeguards”.
- After parental consent for testing is obtained, a non-discriminatory evaluation is conducted.
- Students are evaluated in all areas related to the suspected disability by qualified personnel
- Parents are notified when a student is ruled eligible for a special education program
- An Individual Education Plan (IEP) is developed for the student before the student is placed. Parents must sign permission for placement.
- All students receiving special education services are reassessed at least once a year and reevaluated at least once every three years.

The district now has special education programs (which vary in type depending on student's needs) which serve students ages 3 – 20 who have developmental delays, physical, mental, communicative, and/or emotional disabilities.

GIFTED OPTIONS (IDE)

Gifted Programming:

Currently the Western Line School District offers a pull-out program at Riverside and O'Bannon Elementary (grades 2 – 6) where students are provided instruction developed specifically for gifted students.

Later Options:

Gifted students are encouraged to proceed into higher level classes in grades 7 – 12, with Advanced and AP classes offered online or on campus. Western Line also works with the Mississippi Scholars Program to encourage students to continue taking higher level classes.

NATIONAL HONOR SOCIETY MEMBERSHIP

Membership in the National Honor Society (NHS) is one of the highest honors that can be awarded to a high school student. We are striving to give practical meaning of the Society's standards of scholarship, service, leadership and character. These four ideals are considered as the basis for selection. **No student is inducted simply because of a high academic average.** The National Honor Society strives to recognize the total student – one who excels in all of these areas. The standards used for selection are:

Scholarship: 3.2 Quality point on the unweighted scale

Leadership, Service, and Character: as demonstrated by activities, discipline, and teacher evaluations.

During the spring semester of the school year, students who met the academic average will be notified and will also be given an information sheet to complete and return to the advisor. The advisor will collect the information sheets, teacher evaluations, and discipline referrals to present to the five-member faculty council. The faculty council will review the information presented and vote on each potential member. The advisor and administrators do not vote on members. Members are invited to join if they receive a majority vote from the faculty council. Once a member is inducted, they have the responsibility of upholding the stands of the National Honor Society. If behavior, grades, character, service or leadership is called into question, the faculty council will meet to discuss potential dismissal of the member. If a member is dismissed, they must return any items in their possession that display the National Honor Society insignia. If a student's grades fall below the minimum average, he/she will be given one semester to obtain the minimum cumulative average. There will be no refund of dues in the event a member is dismissed.

ATHLETICS AND SCHOOL ACTIVITIES (JH)

All participants in activities sanctioned by the Mississippi High School Activities Association (MHSAA) must comply with standards as stated in the MHSAA Handbook. This includes athletics, cheerleading, chorus, debate team, and band.

INTERNET PARENTAL CONSENT AGREEMENT (IJE-(2))

Important Note to Parents

Due to the nature of the Internet, it is neither practical nor possible for the school district to enforce compliance with user rules at all times. Accordingly, parents and student must recognize that student will be required to make independent decisions and use good judgment in their use of the Internet. Therefore, parents must participate in the decision whether to allow their children access to the Internet and must communicate their own expectations to their children regarding its appropriate educational use.

As a parent/guardian of this student, I have read the board-adopted policies on Internet Use by Students, the administrative procedures, the Internet Network Access Agreement.

- I understand that Internet access is designed for educational purposes and that the school/district will attempt to discourage access to objectionable material and communications that are intended to exploit, harass or abuse students. However, I recognize it is impossible for the school district to restrict access to all objectionable material, and I will not hold the school or school district responsible for materials acquired or contacts made on the Internet.
- I understand that a variety of inappropriate and offensive materials are available over the Internet and that it may be possible for my child to access these materials if he/she chooses to behave irresponsibly. I also understand that it is possible for undesirable or ill-intended individuals to communicate with my child over the Internet, that there is no practical means for the school/district to prevent this from happening, and that my child must take responsibility to avoid such communications if they are initiated. While I authorize the staff to monitor any communications to or from my child on the Internet, I recognize that it is not possible for the school to monitor all such communications. I have determined that the benefits of my child having access to the Internet outweigh potential risks.
- I understand that any conduct by the herein named student that is in conflict with this is inappropriate, and such behavior may result in termination of access and possible disciplinary action.
- I have reviewed these responsibilities with my child, and I hereby grant permission to the school to provide Internet network access.
- I agree to compensate the school/district for any expenses or cost it incurs as a result of my child's violation of Internet Policies or administrative procedures.
