

SUPERINTENDENT'S DEVELOPMENT OPPORTUNITIES

The Board encourages the Superintendent to stay abreast of educational trends and to seize opportunities for exploring new ideas and programs that may be used to advantage in the School District.

For the benefit of the entire school system, the Board encourages the Superintendent to set aside time each year to attend seminars and conferences and visit other school systems in which promising ideas are emerging, as these activities are delineated in the Superintendents individual employment contract.

As the educational leader in SAU #68, it is expected that the Superintendent will avail himself/herself of a variety of professional development opportunities that will support the School District goals keeping abreast of current educational research and trends that impact student learning.
