['We Sensed the Hand of God': God Protected These Christians from Iran's Missiles](#)

When Iran began firing missiles at Israel three weeks ago in response to military action against its regime, some Christian tourists unexpectedly found themselves in harm's way. They made it home safely, and one member of the group then found herself in the midst of another harrowing experience – a campus shooting.

[Nearly 500 Leaders Unite to Call America Back to Scripture Post-Easter](#)

From April 18–25, 2026, nearly 500 Christian leaders and 120 ministries will gather in Washington, D.C., for a continuous, week-long reading of Scripture from Genesis to Revelation. Hosted at the World Stage Theater inside the Museum of the Bible and livestreamed nationally on Great American Pure Flix, the event will launch two weeks after Easter, to coincide with the 250th anniversary of the United States.

[22 Cancun Spring Breakers Baptized in the Ocean: 'On His Knees Right There on the Beach'](#)

When you think of spring break in Cancun, Mexico, spreading the Gospel would not likely be on most people's mind. It turns out, however, to be quite the mission field as the beaches are ripe for the harvest. People partying there and at nearby Playa Del Carmen may look like they're having a good time, but deep down, many are longing for more.

[The Human Rights Campaign is losing influence](#)

The leading LGBT pressure group in this country has long issued its Corporate Equality Index, ranking major businesses on how much they support the gay agenda. But since President Trump's election in 2024, a lot of corporations have refused to be ranked by the HRC. About 60% of companies that used to submit to the HRC's Index no longer do so, including giants such as Walmart, McDonalds and IBM.

[Canada is advancing a new hate crimes law](#)

The House of Commons has passed legislation that critics warn will criminalize quoting the Bible on issues such as homosexuality. Pastor David Cooke tells LifeSiteNews "Christians will almost certainly face an entirely new level of hostility, as the door swings open to actual persecution under a cloak of supposed legality. The bill now goes to the Canadian Senate, which is expected to approve it.

Highlights from Letters to Power 88

I just wanted to take a second and let you know how much you and your station minister to me on a daily basis. I moved to Daphne and started going back to church. I found Power 88 through members of my church and my radio hasn't changed channels since. It is a big help to me to maintain my focus on my walk with God to have inspiring music to listen to on a regular basis

Radio Remains a Dominant Force

Approximately 88% of Americans, or roughly 293 million people, listen to terrestrial (AM/FM) radio on a weekly basis, making it a higher-reach medium than television or social media. Despite the rise of streaming services, radio remains a dominant force, particularly in cars where 70% of drivers tune in.
