

Our Family Fire Safety Plan

There's no better time than now to have a meeting with the family in your home about what you will do in case of a fire emergency. Make sure to take a tour around your house and discuss ways to decrease risks of fires in your home!

Know Your Way Out! Visit every room inside of your house and identify an exit.	Get Out and Stay Out! Don't take time to get belongings. Once you're out, don't go back in.	Stay Low and Go! If there's smoke, stay low to the ground as you exit your home.	Safety Steps! Touch door handles & don't open the door if smoke is coming through cracks.	Stop, Drop, and Roll! If your clothes catch fire, don't run! Stop, drop & roll to put it out.
