Dear Parents,

As part of our Title I School Wide Program, the elementary must complete a comprehensive needs assessment to help guide us in updating our school wide plan. The survey results will identify needs at the elementary level and help plot the course for the next school year. As parents, your input is vital. Please take a few minutes to complete this survey.

Thank you for your continued support and cooperation.

Ms. Jill Taylor

This year, JES will be participating in the One School One Book program once again. One School One Book is a program in which the entire school reads the same book. Reading a book together brings the added joy of building and expanding a sense of community among students, parents, teachers, and staff – and beyond. We would like your input as we determine what book will be read. Please mark your preference:
