SPONSORSHIP OPPORTUNITIES

# It's a Great Day to be an RSTC Lion!

For the first time in the College's history, Reid State Technical College was approved in April of 2022 by the National Junior College Athletic Association to offer **collegiate sports**. The College will begin its athletic tenure offering Men's Basketball, E-Sports and Men's and Women Golf in fall of 2023, followed by Women's Basketball, Men's Baseball, Women's Softball, Volleyball, and Cheer in fall of 2024.

Sporting events have long brought comradery, the spirit of hope and inspiration to communities, youth and adults alike. The Reid State community has rallied around this effort and partnerships have expanded, while new ones were formed. Reid State has collaborated with the City of Evergreen to secure athletic facilities for basketball, baseball and softball. The strength of this partnership between public post-secondary education and city government will be the driving force to transform service area communities from good to great.

Reid State Technical College Foundation invites you to be a part of the institution's growth and collegiate sports initiative. With your sponsorship, Reid State Athletic Department will have an amazing beginning and bright future for regional, state and national championships. Please review our sponsorship levels and consider making a donation today.

We look forward to working with you in the future. Please feel free to contact the College's Coordinator of Institutional Advancement for additional questions at 251-578-1313 ext. 151 or email at [awatters@rstc.edu](mailto:awatters@rstc.edu).

Kindest Regards,

Reid State Technical College Foundation Board
