## A MESSAGE FROM OUR SUPERINTENDENT

Dear Parents, Guardians, and Caretakers,

Welcome to the start of the 2024-25 school year! I trust this message finds you and your loved ones in good health.

As we embark on another school year dedicated to preparing all students for their futures in college and careers, I am eagerly anticipating the opportunity for our teachers, administrators, and staff to reconnect with our students and their families. Together, we aim to make this year an exceptional experience for every student within the Santa Maria Joint Union High School District – where greatness grows.

Please view this Handbook as your essential companion for the academic year. It contains crucial details about our schools and district, including summaries of pertinent state and federal laws outlining parent/guardian rights and responsibilities.

Your ongoing support and the trust you place in our schools, to nurture both the learning and well-being of our students are deeply appreciated. Should you have any questions, please don't hesitate to reach out to your school's office. I look forward to a safe, productive, and enriching school year ahead for all our students.

With gratitude,

A handwritten signature in black ink that reads "Antonio Garcia".

Antonio Garcia

- Students have the right to a free, public education in a safe, clean environment regardless of any status or belief.
- Students have the right to full use of class time for receiving instruction and learning.
- Students have the right to fair, consistent, and respectful treatment by staff members and other students.

They are free to voice their concerns through student government, student advisory committees, school newspapers, teachers, counselors, and administrators, and any other channel of communication. However, it must be stressed that any expression or communication must not be obscene, libelous, or slanderous; create a clear and present danger of the commission of unlawful acts on school grounds; substantially disrupt or threaten to disrupt the orderly and safe operation of the school; or violate school regulations.
- Pregnant and parenting students in the district shall have the same educational and extracurricular opportunities as all students. Participation in special programs or schools shall be voluntary.

### INSTRUCTIONAL PROGRAM

#### Availability of Course Prospectus [E.C. 49063, 49091.14]

The Board of Education believes that the education of the district's students is a shared responsibility. In an effort to foster this partnership with parents, including titles, descriptions, and instructional aims of every course offered, will be compiled and made available annually. The core curriculum is based on the State content standards and both State and district-adopted instructional materials. Course descriptions and curriculum materials are available upon request.

#### Requesting a Language Acquisition Program

Language acquisition programs are educational programs designed for English learners to ensure English acquisition occurs as rapidly and effectively as possible, and provides instruction to English learners based on the state-adopted academic content standards, including English language development (ELD) standards. (20 U.S.C. § 6312 (e)(3)(A)(iii)(v); EC Section 306(c); Cal. Code Regs., tit. 5, § 11309)

#### English Learners (EL) Program [E.C. 305, 306, 310, 52164.1, 52164.3; BP/AR 6174]

Students whose primary language is one other than English will be assessed, and their parents will be notified as to whether their child has attained fluent

English proficiency or has been identified as an English learner.

Parents of English learners will receive a letter, within the first 30 days of the beginning of the school year, informing them of their child's English

proficiency level, program placement, and general EL Program information.

#### Parental Input

Parents/Guardians may choose an available language acquisition program that best suits their child, if available. However, schools in which the parents or legal guardians of 30 pupils or more per school or the parents or legal guardians of 20 pupils or more in any grade request a language acquisition program that is designed to provide language instruction shall be required to offer such a program to the extent possible. Upon meeting these thresholds, the requests for the same or substantially similar type of language acquisition program shall be responded to consistent with the process set forth in Title 5 of the California Code of Regulations, section 11311, subdivision (h), which may or may not result in implementation of the language acquisition program that was requested. 20 U.S.C. § 6312 (e)(3)(A)(viii)(III); EC Section 310(a); Cal. Code Regs., tit. 5, §11310, subd. (b)(4))

## ANNUAL PARENT/GUARDIAN NOTIFICATIONS

Parents/guardians of English learners have a right to decline, opt their children out of the school district's language acquisition program, or opt out of particular English learner service within a language acquisition program. (20 U.S.C Section 6313(e)(3)(A)(viii)) However, the District remains obligated to provide the student with meaningful instruction until the student is reclassified, inform the parent when progress is not made, and offer the parent programs and services to consider at that time. (Cal. Code Regs., tit. 5, §11302)

### SPECIAL EDUCATION

#### *Student Success Team*

The Student Success Team (SST) is composed of various staff, the student's parent/guardian and the student, if appropriate. An SST can be convened whenever a student is identified as having any barriers to being successful in the classroom or on the school site so the situation can be discussed and appropriate actions will be taken. An SST meeting can be requested by school staff or parents. The purpose of the SST meeting is to discuss the student's strengths and needs, as well as design any necessary accommodations to assist the student in being more successful.

#### **Multi-Tiered System of Support (MTSS)**

Multi-Tiered System of Support is a schoolwide process of early intervention and prevention of academic, social emotional and behavioral needs. It is a process that utilizes all resources within a school in a collaborative manner to create a single, well-integrated system of instruction and interventions guided by student outcome data.

MTSS functions on a set of guiding principles that inform and direct the process of strategic intervention. The primary principle is that, the earlier an intervention is implemented, the more effective it will be for the student. Another principle is the curriculum, past or present, is implemented to meet a particular struggling learner's needs. It is essential to use data to understand a struggling learner's needs and targeting them with specific, meaningful interventions is critical. Social and emotional skills are the tools both children and adults use in social interactions and to manage every day emotional responses. Things like social awareness, setting goals, and taking responsibility for oneself are imperative to maintaining healthy relationships and practicing self-care. The final principle is that speculation is insufficient to determine the efficacy of an intervention; therefore, regular progress monitoring is essential to determine if continued intervention or return to the general curriculum is required.

#### **Library Materials Replacement**

Students who lose or damage library materials will pay the current cost of an item. Library book processing standards prohibit the school district from accepting donated copies of a library book that has been lost or damaged in lieu of payment.

#### **Statewide Testing Notification**

California students take several mandated statewide tests. These tests provide parents/guardians, teachers, and educators with information about how well students are learning and becoming college and career ready. The test results may be used for local, state, and federal accountability purposes. Pursuant to California Education Code Section 60615, parents/guardians may annually submit to the school a written request to excuse their child from any or all of the California Assessment of Student Performance and Progress (CAASPP) assessments.

#### **The California Assessment of Student Performance and Progress (CAASPP) tests consist of the following: Smarter Balanced Assessment Consortium Assessments**

The Smarter Balanced computer adaptive assessments are aligned with the Common Core State Standards (CCSS). English language arts/literacy (ELA) and mathematics tests are administered in grades three through eight and grade eleven to measure whether students are on track to college and career readiness. In grade eleven, results from the ELA and mathematics assessments can be used as an indicator of college readiness.

## ANNUAL PARENT/GUARDIAN NOTIFICATIONS

### **California Science Tests (CAST)**

The computer-based CAST measures students' achievement of the California Next Generation Science Standards (CA NGSS) through the application of their knowledge and skills of the Science and Engineering Practices, Disciplinary Core Ideas, and Crosscutting Concepts. The CAST is administered to all students in grades five and eight and once in high school (i.e., grade ten, eleven, or twelve).

### **California Alternate Assessments (CAAs)**

Only eligible students—students whose individualized education program (IEP) identifies the use of alternate assessments—may participate in the administration of the CAAs. Test examiners administer the computer-based CAAs for ELA, mathematics, and science one-on-one to students. Students in grades three through eight and grade eleven will take the CAA for ELA and mathematics. Test items developed for ELA and mathematics are aligned with the CCSS and are based on the Core Content Connectors.

### **California Spanish Assessment (CSA) for Reading/Language Arts**

The optional CSA for Reading/Language Arts in Spanish is aligned with the California Common Core State Standards en Español. This computer-based test allows students to demonstrate their Spanish skills in listening, reading, and writing mechanics.

### **Advanced Placement Examination Fees [E.C. 48980]**

State funding is available for eligible economically disadvantaged high school pupils to reduce or cover the costs of Advanced Placement exam fees.

Advanced Placement students can request this information from the AP Testing Coordinator or school counselor.

### **Notice of Proficiency Examination [E.C. 48412; 5 CCR 11523]**

Any person 16 years of age or older, or who has been enrolled in the 10th grade for a year, or who is currently enrolled in the final semester of 10th grade, may be granted a Certificate of Proficiency by the California Department of Education (CDE) if s/he passes the performance tests established by the CDE. The principal of each school maintaining 11th and 12th grades will make information available to each student about the California High School Proficiency Examination when requested. The notification is to be made in time to enable interested students to meet examination registration requirements for the Fall test.

## **ATTENDANCE**

### **Parental Consequences for Student Non-Attendance [E.C. 48293]**

Any pupil subject to compulsory full-time education or to compulsory continuation education who is absent from school without valid excuse for three full days in one school year or tardy or absent for more than any 30-minute-period during the school day without a valid excuse on three occasions in one school year, or any combination thereof, is a truant and shall be reported to the attendance supervisor or to the superintendent of the school district. [E.C. 48260(a)] A school may send the first truancy notification to a parent/guardian after their student has met the above qualifications.

Any pupil who has once been reported as a truant and who is again absent from school without valid excuse one or more days, or tardy on one or more days, shall again be reported as a truant to the attendance supervisor or the superintendent of the district. [E.C. 48261] A school may send the second truancy notification to a parent/guardian after their student has met the above qualifications.

Any pupil is deemed a habitual truant who has been reported as a truant three or more times per school year, provided that no pupil shall be deemed a habitual truant unless an appropriate district officer or employee has made a conscientious effort to hold at least one conference with a parent or guardian of the pupil and the pupil himself. [E.C. 48262] A school may send the third truancy notification to a parent/guardian after their student has met the above qualifications.

When a student has had absences due to illness that have been verified equal to or surpassing 10% of the school days to date or of the total school days for the current academic year, the student must obtain verification from a physician, school nurse, or other school personnel for an additional absence. Failure to provide verification from the physician, school nurse, or other school personnel will result in those additional absences being recorded as unexcused. [AR 5113] Any parent who fails to ensure his/her student's attendance in school, unless excused or exempted, is guilty of an infraction and can be sanctioned by a court.

If any minor pupil in any district of a county is a habitual truant, or is irregular in attendance at school, as defined in this article, or is habitually insubordinate or disorderly during attendance at school, the pupil may be referred to a School Attendance Review Board (SARB) [E.C. 48263]. When a student is referred to SARB, a hearing is held and includes the parents of the minor. Although the goal of SARB is to keep students in school and provide them with a meaningful educational experience, SARB does have the power, when necessary, to refer students to Community School or the parents may be referred to the County Truancy Board or directly to the District Attorney. For pupils 13 and older, SARB may also request law enforcement to write a citation for truancy.

### **Instructional Minutes – Physical Education**

High School Students in Grades 9-12: Unless exempted pursuant to Education Code section 51241, students are required to receive at least 400 minutes of physical education instruction each 10 school days. High school students may be excused from physical education classes during one of grades 10, 11 or 12 for up to 24 clock hours in order to participate in automobile driver training, but must still attend a minimum of 7,000 minutes of physical education instruction during that school year.

Any questions or concerns regarding this requirement should be directed first to the school principal. If a parent/guardian believes that the school is not meeting this minimum requirement, a formal complaint under the District's Uniform Complaint Procedures may also be filed. Complaint forms are available at all school sites and the district office.

## **HEALTH**

**Immunizations** [E.C. 48216, 49403, 120370, 120375; BP/AR 5141.31]

Students entering the District shall have received the following: measles/mumps/rubella, diphtheria, tetanus, pertussis, polio, hepatitis B; and varicella. Specific dose and age requirements can be obtained from the [shotsforschool.org](http://shotsforschool.org), school nurse or a local physician's office.

**Type 1 Diabetes Education Update** [E.C. 49452.6]

Type 1 diabetes in children is an autoimmune disease that can be fatal if untreated. See [Guidesheet](#) from the CDE.

**SCHOOL RECORDS** [E.C. 49061(a), 49062, 49063, 49068-49070, 49073; 20 USC 1232g; 34 CFR 99.7; BP/AR 5125]

### **CALPADS Participation Disclosure Language**

In order to comply with federal law as delineated in the Every Student Succeeds Act (ESSA) of 2001 (20 U.S.C. Sec. 6301 et seq.), California Education Code Section 60900 requires local educational agencies to use unique pupil identification numbers (Statewide Student Identifiers or SSIDs) for students enrolled in California public K-12 local educational agencies, and retain all data required by ESSA, including, but not limited to, data required to calculate enrollment and dropout and graduation rates. Parents have the right to inspect student information maintained by the CALPADS program

## ANNUAL PARENT/GUARDIAN NOTIFICATIONS

### **Supplemental Notification of Rights under Family Educational Rights and Privacy Act of 1974 (FERPA) as amended (FERPA, 34 Code of Federal Regulations, Part 99) and to state laws and regulations regarding educational records, privacy, and confidentiality.**

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. These rights are:

(1) The right to inspect and review the student’s education records within 45 days of the day the District receives a request for access. Parents or eligible students should submit to the superintendent or designee a written request that identifies the record(s) they wish to inspect. The superintendent or designee will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

(2) The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate. Parents or eligible students may ask the superintendent or designee to amend a record that they believe is inaccurate. They should write the superintendent or designee, clearly identify the part of the record they want changed, and specify why it is inaccurate. If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

(3) The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has contracted to perform a special task (including, but not limited to, an attorney, auditor, consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

### Families in Transition/Homeless Education

#### Definition of "Homeless"

- The term "homeless" means individuals who lack a fixed, regular, and adequate nighttime residence. The definition includes: children and youths who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; or are awaiting foster care placement;

## ANNUAL PARENT/GUARDIAN NOTIFICATIONS

- children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and
- migratory children who qualify as homeless because the children are living in circumstances described above.

### **Rights of Homeless Students**

The school district shall provide an educational environment that treats all students with dignity and respect. Every homeless student shall have equal access to the same free and appropriate educational opportunities as students who are not homeless. This commitment to the educational rights of homeless children, youth, and youth not living with a parent or guardian, applies to all services, programs, and activities provided or made available.

### **All Homeless Students:**

**Immediate school enrollment:** A school must immediately enroll students including unaccompanied youth, even if they lack health, immunization or school records, proof of guardianship, or proof of residency.

**Enroll in:** The school s/he attended when permanently housed (school of origin), within the school of residence located within the current homeless attendance area, or the school in which he/she was last enrolled (school of origin).

**Remain** enrolled in his/her selected school for as long as s/he remains homeless or, if the student becomes permanently housed, until the end of the academic year.

**Participate** in a tutorial-instructional support program, school-related activities, extracurricular and cocurricular activities and/or receive other support services similar to those offered to other students.

The school district must respond and attempt to resolve it quickly. Any complaint regarding Homeless Education should be filed in Student Support Services.

## **TRANSPORTATION AND SCHOOL BUS SAFETY [E.C. 39831.5]**

### **Authority of the Driver [5 CCR 14103]**

Pupils transported in a school bus or in a school pupil activity bus (charter bus on a school field trip) shall be under the authority of, and responsible directly to, the driver of the bus; and the driver shall be held responsible for the orderly conduct of the pupils while they are on the bus or being escorted across a street, highway, or road. Continued disorderly conduct or persistent refusal to submit to the authority of the driver shall be sufficient reason for a pupil to be denied transportation. A bus driver shall not require any pupil to leave the school bus while traveling between home and school or other destination.

Governing boards shall adopt rules to enforce this section. Such rules shall include, but not be limited to, specific administration procedures relating to suspension of riding privileges and shall be made available to parents, pupils, teachers, and other interested parties.

## ANNUAL PARENT/GUARDIAN NOTIFICATIONS

### **School Bus Stops** [13 CCR 1227; V.C. 22112]

Consideration must be given to homeowner's property at and near the bus stop. There should not be excessive noise or any destruction of property. Complaints by homeowners may result in moving or eliminating a stop. Students must observe safe, responsible conduct at all times while waiting for the bus.

Students must walk safely to and from the bus stop. They must walk on the sidewalk or as close to the edge of the road as possible. Younger children should be given instruction on what to do if an adult is not at their stop or at their home. The bus driver cannot wait for parents to arrive at the stop.

Students should be dropped off on the same side of the street as the bus stop to avoid crossing the street. Students should be at their bus stop five minutes prior to the scheduled pick up time. Parents are requested to park behind the bus if need be. If students cross the street, they must be escorted by a school bus driver under the protection the red light cross over system.

The driver shall stop to receive or discharge pupils only at school bus stops designated by the school district superintendent or authorized by the superintendent for school activity trips. When pupils must cross the highway or private road upon which the school bus is stopped, at a location where traffic is not controlled by a traffic officer or official traffic control signal, the bus driver will:

Activate the flashing red signal (cross-over) lamps.

Before opening the entrance/exit door, ensure that it is safe for pupils to exit the school bus and/or to cross the highway or private road.

Escort all pupils who attend a pre-kindergarten, elementary or middle school across the highway or private road. The driver must use an approved handheld stop sign while escorting any pupil. The driver is not required to escort any pupil at a location where traffic is controlled by a traffic control signal, unless required to do so by the school district.

Require all pupils to walk in front of the bus as they cross the highway.

Ensure that all discharged pupils who must cross the highway have crossed safely and all other discharged pupils are a safe distance from the bus before setting the bus in motion.

### **Parent-Pay Transportation Fees**

The cost of providing student transportation exceeds state funding. Therefore, the governing board finds it necessary to charge fees for home-to-school student transportation. Information on transportation fees is provided to parents at the beginning of each school year. There is a two-week grace period at the beginning of the school year for parents required to pay transportation fees to comply. This decision is based on free/reduced lunch status. Bus passes will be issued and in the possession of the student and must be presented to the driver prior to boarding bus in the morning and in the afternoon. Student will not be transported without a bus pass present. **NO PASS – NO RIDE.**

### **Buses for School Team Sports**

- It is the intended desire to provide transportation to all league activities and CIF playoffs whenever possible and at the discretion of the Assistant Superintendent – Business Services. Muni transport for school bus holds nine passengers. All others will be self-transport and not transported on a school bus. Conduct and behavior expectations are the same on these trips as on a home-to-school ride. While teachers and chaperones are expected to maintain appropriate conduct of the students, the bus driver is the ultimate authority on the bus at all times. Regardless of material, cleats will not be allowed on buses and must be replaced with appropriate foot coverings. Dangerous objects, such as starting guns, shot puts, and other loose projectiles will only be transported if the items can be safely stored in a baggage area or stowed within a seating compartment. Other equipment must be loaded so as not to protrude into exit areas, the aisle, or the stepwell of the bus. Items cannot be transported in the aisles or be carried where they could block an emergency exit. Seat belts must be worn if the bus is equipped.

# ANNUAL PARENT/GUARDIAN NOTIFICATIONS

## School-Sponsored Field/Study Trips [BP/AR 6153; 13 CCR 1212.5]

Transportation will be provided for approved district- and site-funded trips for groups to attend selected festivals, concert tours, and conferences. When at all possible, all such trips should be scheduled to leave after 6 a.m. and return no later than midnight the same day. The organization will be responsible for the expense of approved housing and meals for the bus driver for overnight trips. General rules of conduct applicable to regular home-school/school-home transportation apply to educational, athletic, and other trips. A faculty member or parent is required on each bus for each field/study trip.

## Use of School Buses for Community Service

Because of insurance risks, the district will not rent or lease school vehicles for community service.

## School Bus Danger Zone

The area directly around the school bus is called the **danger zone**. The danger zone is created because of the size of the bus and the obstruction of vision it creates. The two most dangerous areas around the bus are directly in front of the bus and near the rear tires and back of the bus on the passenger loading side. Students should never be in the danger zone. They must stay out of this area at all times. After leaving the bus, students must walk away from the bus and not return. If they drop or lose belongings, they must make eye contact with the driver and wait for help. Students must never go under the bus or touch the wheels. The driver is trained to watch for any activity around the bus before putting it in motion.

Parents dropping off or picking up students at the bus stop must not create a safety hazard by parking where the bus needs to unload. Parents must keep toddlers, strollers, and pets far away from the unloading area so that the bus can park safely.

## General Bus Information

Parents of Special Needs Students must be available to receive their student at student's school release time.

## OTHER IMPORTANT INFORMATION

## Waterways Protection

Storm drains, parking lot run-off, and gutters drain into our creeks and ocean. Most drain grates on district property have been marked with a fish symbol to remind people that nothing but clear water should be allowed into the storm drain system. Parents and students should all do what they can to protect our creeks and coast. Additional information on what is being done to protect these waterways from pollution is available at [www.stormwaterinfo.org](http://www.stormwaterinfo.org).

**NOTIFICATION TO PARENTS/GUARDIANS:  
California Law Regarding Safe Storage of Firearms**

Pursuant to Education Code section 49392, California school districts are required to annually provide information to parents/guardians regarding the safe storage of firearms. This information is provided to you in compliance with that requirement. Below is the information from the California Department of Education, which is to be provided to parents/guardians.

The purpose of this memorandum is to inform and to remind parents and legal guardians of all students in the Santa Maria Joint Union High School District of their responsibilities for keeping firearms out of the hands of children as required by California law. There have been many news reports of children bringing firearms to school. In many instances, the child obtained the firearm(s) from his or her home. These incidents can be easily prevented by storing firearms in a safe and secure manner, including keeping them locked up when not in use and storing them separately from ammunition.

To help everyone understand their legal responsibilities, this memorandum spells out California law regarding the storage of firearms. Please take some time to review this memorandum and evaluate your own personal practices to assure that you and your family are in compliance with California law.

- With very limited exceptions, California makes a person criminally liable for keeping any firearm, loaded or unloaded, within any premises that are under their custody and control where that person knows or reasonably should know that a child is likely to gain access to the firearm without the permission of the child's parent or legal guardian, and the child obtains access to the firearm and thereby (1) causes death or injury to the child or any other person; (2) carries the firearm off the premises or to a public place, including to any preschool or school grades kindergarten through twelfth grade, or to any school-sponsored event, activity, or performance; or (3) unlawfully brandishes the firearm to others.

**Note:** The criminal penalty may be significantly greater if someone dies or suffers great bodily injury as a result of the child gaining access to the firearm.

- With very limited exceptions, California also makes it a crime for a person to negligently store or leave any firearm, loaded or unloaded, on their premises in a location where the person knows or reasonably should know that a child is likely to gain access to it without the permission of the child's parent or legal guardian, unless reasonable action is taken to secure the firearm against access by the child, even where a minor never actually accesses the firearm.
- In addition to potential fines and terms of imprisonment, as of January 1, 2020, a gun owner found criminally liable under these California laws faces prohibitions from possessing, controlling, owning, receiving, or purchasing a firearm for 10 years.
- Finally, a parent or guardian may also be civilly liable for damages resulting from the discharge of a firearm by that person's child or ward.<sup>4</sup>

**Note:** Your county or city may have additional restrictions regarding the safe storage of firearms.

Besmartforkid.org has additional information; please contact your school if you have questions.

Thank you for helping to keep our children and schools safe. Remember that the easiest and safest way to comply with the law is to keep firearms in a locked container or secured with a locking device that renders the firearm inoperable.

## ATTENDANCE INFORMATION

As required by law and the educational code, parents/guardians are responsible for enrollment and regular attendance of their school-age children in their district and school of residence. Regular attendance in all classes is a priority and is important for a successful academic experience culminating in graduation and college and career preparedness.

A direct correlation exists between good attendance and high academic achievement, a rewarding and positive high school experience, and eventual success in higher education and/or a career in the work force. Building good habits for life, such as reliability, punctuality and personal responsibility, are equally important. For these reasons and because attendance at school is the law, our district takes attendance very seriously and sees it as a top priority.

Student attendance also has a financial impact on the quality of education the school is able to provide as the school only receives funding when the student is in class or otherwise accounted for. Therefore, absences of any kind can have an adverse financial effect on the instructional materials, textbooks, field trips, and other important services provided to your student.

For special situations or circumstances that may require a student to miss school, not specifically listed below in subsection (a), 1) through 9), it is extremely important that the parent communicate with the school site (teacher, school counselor, and attendance office). This will help prevent unnecessary and continuous absence notifications, and most importantly, subsequent designation as a truant with referral to the School Attendance Review Board (SARB).

A pupil shall be excused from school when the absence meets the criteria listed below:

(a) Notwithstanding Section 48200, a pupil shall be excused from school when the absence is:

1. Due to his or her illness including an absence for the benefit of the pupil's mental or behavioral health.
2. Due to quarantine under the direction of a county or city health officer.
3. For the purpose of having medical, dental, optometric, or chiropractic services rendered.
4. For the purpose of attending the funeral services of a member of his or her immediate family, so long as the absence is not more than one day if the service is conducted in California and not more than three days if the service is conducted outside California.
5. For the purpose of jury duty in the manner provided for by law.
6. Due to the illness or medical appointment during school hours of a child of whom the pupil is the custodial parent, including absences to care for a sick child, for which the school shall not require a note from a doctor.
7. For justifiable personal reasons, including, but not limited to, an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of his or her religion, attendance at religious retreats, attendance at an employment conference, or attendance at an educational conference on the legislative or judicial process offered by a nonprofit organization when the pupil's absence is requested in writing by the parent or guardian and approved by the principal or a designated representative pursuant to uniform standards established by the governing board.
8. For the purpose of serving as a member of a precinct board for an election pursuant to Section 12302 of the Elections Code.
9. For the purpose of spending time with a member of the pupil's immediate family, who is an active duty member of the uniformed services, as defined in Section 49701, and has been called to duty for, is on leave from, or has immediately returned from, deployment to a combat zone or combat support position. Absences granted pursuant to this paragraph shall be granted for a period of time to be determined at the discretion of the superintendent of the school district.

10. For the purpose of attending the pupil's naturalization ceremony to become a United States citizen.
11. For the purpose of participating in a cultural ceremony or event.
12. For the purpose of engaging in a civic or political event, provided that the pupil notifies the school ahead of the absence.
13. Authorized at the discretion of a school administrator, as described in subdivision (c) of Section 48260.

- A pupil absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit therefor. The teacher of the class from which a pupil is absent shall determine which tests and assignments shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence.
- Student absence for religious instruction or participation in religious exercises away from school property may be considered excused subject to law and administrative regulations. (Education Code 46014) For purposes of this section, attendance at religious retreats shall not exceed four hours per semester.
- Absences pursuant to this section are deemed to be absences in computing average daily attendance and shall not generate state apportionment payments.
- "Immediate family," as used in this section, means the parent or guardian, brother or sister, grandparent, or any other relative living in the household of the pupil. (Education Code 48205(e)(3))

Upon being reported as absent by a classroom teacher, an automated school messenger computer system will call home as a courtesy on the day of your student's absence/tardy each evening between the hours of 6:30 and 7:30 p.m. The automated School Messenger calls any time a student is marked out of class. If your student had permission to attend a school event and was present, this absence will not count as a cut and will be cleared by the teacher/coach the next day.

## ATTENDANCE INFORMATION

(CONTINUED)

### REPORTING AND CLEARING OF ABSENCES

The timeline for notifying, verifying and clearing absences will be on the day they are absent and within 2 days of the school returning to school. When notifying the school of your student's absence, please ensure you include the following when you call-in, email, or send a note to the school:

Student's First Name, Last Name, Grade; ID Number; date and reason for absence, parent/guardian name and relationship to student; and a phone number where the parent/guardian can be reached in case of questions or follow-up. Reporting and clearing of absences will generally be a two-step process with the only exception being an unforeseen emergency/situation.

#### Step 1:

Parents should notify the school the day that their student will not be attending school. Parents will be allowed to report absences in person, via email, parent portal or phone call by accessing the parent portal, and/or the attendance phone line or email address providing the information as required above.

#### Step 2:

From the day their student is absent to no more than 2 days after returning to school, parents/guardians are to verify and clear absences by phone call, submitting a written note, parent portal or email by accessing the attendance phone line or attendance email address.

Please note: Students who are found attempting to clear absences without a parent's permission or have excessive excused absences **WILL NOT** be allowed to submit via email or phone call. They will instead be required to submit written verification (handwritten note). Per district policy, excessive excused absences are defined as 14 or more days of excused absences. In this case, future absences for illness will require verification in writing by a physician

## **Notice of Alternative Schools**

California state law authorizes all school districts to provide for alternative schools. Section 58500 of the Education Code defines alternative schools as a school or separate class group within a school which is operated in a manner designed to:

Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity,

- a. Resourcefulness, courage, creativity responsibility and joy.
- b. Recognize that the best learning takes place when the student learns because of his desire to learn. Maintain a learning situation maximizing student self-motivation and encouraging student in his own time to follow his own interests. These interests may be conceived by him totally and independently or may result in whole or part from a presentation by his teachers of choice of learning projects.
- c. Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be continuous, permanent process.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, in the administrative office of his district, and the principal's office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the Board of Education of the district to establish alternative school programs in each district [E.C. 58501]

## **Minimum Days/Pupil Free Staff Development Days**

Parents shall be advised of any scheduled minimum days or staff development days in which students do not attend school no later than one month prior.

## **ATTENDANCE OPTIONS**

Primary enrollment determination is based on district boundary guidelines. Enrollment decisions shall not be based on a student's academic or athletic performance. Once enrolled in a school on an Intra-district Transfer a student shall not have to apply for readmission.

### **Inter-District Transfers**

Inter-district Transfers are transfers between school districts. Parents use the same transfer form but fill out the section referring to Inter-district Transfers. These transfers must be approved by both the school district of residence and the school district requested. Once the form is signed by the official Superintendent's Designee of both districts the transfer is official. **Students on an inter-district transfer must submit a new transfer request each year.**

### **Enrollment Priorities**

No student currently residing within a school's attendance area shall be displaced by a student residing outside a school's attendance area. The Governing Board retains the authority to maintain appropriate racial and ethnic balances among District schools. Once enrolled at a school of residence or a school of choice through the Open Enrollment process a student shall not have to reapply for readmission. Priority for intra-district transfers under the ESEA 2001 Act requires districts to allow students to change schools if their neighborhood school has been deemed by the state department of education to be dangerous or where the student has been a victim of a violent crime.

### **Appealing Denial of Intra/Inter-District Transfer Request**

If a transfer is denied, a written appeal may be filed with the Superintendent's Designee or the Superintendent. For information, call (805) 922-4573, Ext. 4215.

### **Attendance – Proof of Residency**

A student may establish residency by documenting that he/she lives with a parent/guardian within the district; that he/she is an emancipated minor living in the district; that he/she is in the court-appointed care of a licensed foster home, family home, or children's institution within the district, or that he/she lives in the home of a care-giving adult within the District. (E.C. 48204)

Reasonable evidence of residency may be established by documentation including but not limited to any of the following: property tax payment receipts, rent payment receipts, two utility bills, Landlord/Homeowner Verification of Residence Form plus proof of residence for the landlord/homeowner (i.e. utility bill, payroll stub with the residence address, permanent driver's license, public assistance paperwork, SSI, Cal Works, Welfare, Disability, or two forms of permanent I.D. indicating the address of the residence). E.C. 48204, 48980(g)]

### **Attendance Where Caregiver Resides**

If your child lives in the home of a care-giving adult, as defined by law, your child may request to attend the school district in which that residence is located. There is no guarantee as to the school assigned. The Superintendent or his Designee shall consider space availability and other pertinent factors prior to enrollment. Execution of an affidavit by the care-giving adult is required to enroll the student in school. The affidavit is to be signed under penalty of perjury pursuant to Part 1.5 (commencing with section 6550) of Division II of the Family Code [E.C. 48204(a)(5), 48980(h)]

### **Attendance in District in Which Parent/Guardian is Employed**

There are specific criteria to be met to comply with residency requirements for school attendance in a school district for students when one or both parents/legal guardians are employed within the boundaries of that school district. [E.C. 48204(a)(7)]

## **ATTENDANCE OPTIONS**

The governing board annually reviews attendance options including how students may attend a district school outside their attendance area (Intra-district). This district has non-arbitrary rules explaining how students may apply, be accepted or denied transfer to district schools. Many districts also allow the transfer of students from or to other districts (Inter-district). In some cases the district must provide transportation. [E.C. 46600, 48204, 48301, 48306, 48980].

Students transferring into and out of the district will be considered on a case-by-case basis through the inter-district attendance request process. For students transferring into the district from neighboring districts, placements will be in the school which is closest in geographical proximity to their home district or the least impacted school. Inter-district transfer requests out of the district will be denied if our district can accommodate the student. The district may revoke a student's enrollment if he/she is recommended for expulsion pursuant to Education Code 48918.

### **School Intra-District Transfer Option Within the Santa Maria Joint Union High School District**

The Intra-district Transfer involves consideration of an Intra-district Attendance Permit Application submitted at any time to transfer from one SMJUHSD site to another. Space availability will be a primary consideration.

#### **Space Availability**

The superintendent or designee shall identify those schools which may have space available for additional students for the current school year. A list of these schools will be maintained by the Director of Student Services at the SMJUHSD Office. Parents/guardians and students (18 or older) may submit applications for consideration throughout the year. However, consideration will be given to appropriate timing relative to a change of enrollment. If there are more applicants than a school can accommodate, a waiting list shall be established to indicate the order in which students may be considered, as openings occur under the Intra-district Transfer Policy. The superintendent or designee shall inform applicants by mail as to whether their applications have been approved, denied, or placed on a waiting list. Applicants who receive approval must confirm their enrollment within two weeks. Any complaint regarding the selection process should be taken to the superintendent or designee (Assistant Superintendent of Curriculum and Instruction).

#### **Intra-District Transfer**

Requests for transfers between district schools will be considered under the Intra-district Transfer policy. Each request is considered on a case-by-case basis with the following priorities for consideration:

- The Board's authority to maintain appropriate racial and ethnic balances
- State Designation of Persistently Dangerous Status of a School
- Victim of a violent criminal offense
- Space availability
- Special Circumstances/danger to the student as verified by statement from law enforcement, social services, a licensed therapist, or a court restraining order
- Siblings of students already in attendance at the requested school
- A student whose parent is assigned to the requested school as his/her primary place of employment.

## **Music Selection**

Each individual school will coordinate with the DJ the music selection. If a DJ is playing music that is inappropriate as determined by the school's administration and/or Activities Director, the DJ will be directed to change the music selection. If the DJ refuses to comply, the administrator or designee is authorized to close down the dance.

## **Dance Supervision**

There will be school staff supervision at all dances to ensure a safe and healthy environment for students.

## **Dance Standards**

Any provocative dancing, as determined by the administrator will not be permitted. More specifically, dancing styles that involve touching of breasts, buttocks or genitals, grinding, straddling each other's legs, or those that simulate sexual activity are not permitted. When dancing back to front, all dancers must remain upright - no hands on knees and no hands on the dance floor with buttocks touching dance partner or other dancers.

## **Consequences for Violating Expectations**

Wristbands which are required to be worn at the dance, will be issued during the check-in process. If a staff member determines that a student is dancing inappropriately, they will give the student one warning and remove his/her wristband. If the same student is dancing inappropriately a second time (this student would not be wearing a wristband), he/she would be directed to leave the dance. Parents/guardians will be contacted and arrangements will be made for the student to go home.

## PHILOSOPHY

The development of a well-rounded student is a major goal of all educational institutions, and the Santa Maria Joint Union High School District encourages all students to participate in a varied extra-curricular activities program. It is the belief of the District that a strong extra-curricular program creates and maintains positive school spirit and fosters student responsibility.

Participation in extra-curricular activities is a privilege, not a basic right of all students. The school has the authority to revoke this privilege. Certain rules have been established for all students who become involved in the extra-curricular program. The Athletic/Extra-curricular Code and Contract sets forth these expectations.

## ELIGIBILITY

Students must have a 2.0 grade point average and pass 20 credits at each grading period to participate in extra-curricular activities. An ineligible student is expected to attend all off-season workouts and may practice in-season during his/her period of ineligibility. An ineligible student may not compete or travel with the team for any game unless he/she qualifies and exercises their one-time waiver (Please see next section for waiver eligibility).

## ACADEMIC WAIVER FOR ACADEMIC ELIGIBILITY

All students entering a Santa Maria Joint Union High School District school may use an academic waiver one time in their high school career at any of the schools in the district. This waiver may only be used for one academic grading period and students must meet the following criteria to receive an academic waiver:

- The participant must have at least a 1.5 G.P.A. for the last recorded grading period used to determine eligibility.
- The participant must be on a varsity-level team.
- The Athletic Director, the coach, the parent/s and/or guardian/s of the participant must all agree on the use of the academic waiver with final approval from the Principal.
- The participant must utilize one of the interventions on a weekly basis to continue on the waiver. This may include, but not be limited to, before/after school tutoring, student study teams, weekend/Saturday classes, or department tutoring.
- The participant must meet all other C.I.F., district, school, and team requirements during the waiver period.

## P.E. CREDIT FOR ATHLETICS

5 credits of PE 2 may be waived for any student athlete who participates in a full season of extracurricular athletics during the 9th grade year. A student athlete who participates in an additional full season of extracurricular athletics during their 10th grade year may waive the remaining 5 credits towards PE 2. This waiver process also includes students who participate in Marching Band during the 9th and 10th grade year. No more than 10 credits may be earned in non-physical education classes and applied toward the 20-unit physical education requirement. Non-physical education courses approved by the site in excess of the five credits will earn elective credit.

## BEHAVIOR

All extra-curricular participants are expected to display reasonable behavior, respect the rights of others and abide by school rules. All rules and consequences in the Santa Maria Joint Union High School District Discipline Handbook apply before, during, and after all extra-curricular school events. Suspension from school will carry additional consequence(s) or removal from extracurricular activities, including practice, for the period of suspension and/or may result in removal from the activities beyond the period of suspension. Any inappropriate behavior will carry an additional consequence of possible suspension from school and/or activity. All extra-curricular participants should not be in the presence of another or others where illegal use of alcoholic beverages and/or drugs is taking place.

## **MAJOR DISCIPLINE POLICY**

The District is committed to providing a safe, supportive, and positive school environment which is conducive to student learning and will help prepare students for responsible citizenship by fostering self-discipline and personal responsibility. The District believes that high expectations for student behavior, use of effective school and classroom management strategies, provision of appropriate intervention and support, and parent involvement can minimize the need for disciplinary measures that exclude students from instruction as a means for correcting student misbehavior.

Discipline (i.e. teaching and responding to student behavior) occurs along a continuum in schools; beginning with universal school-wide preventative strategies to ensure daily civility, to best practices for alternative means of correction, to formal school discipline (e.g., suspension, expulsion). When misconduct occurs, staff shall attempt to identify the causes of the student's behavior and implement age-appropriate disciplinary strategies. When choosing between different disciplinary strategies or deciding on the number of days the student should be suspended for, staff shall consider the effect of each option on the student's health, well-being, and opportunity to learn. Staff shall enforce disciplinary rules fairly, consistently, and in accordance with the District's nondiscrimination policies.

Administrators should be mindful that the cumulative total of suspension days shall not exceed 20 schooldays unless recommending for expulsion. Also, the below days of suspension should be considered recommendations rather than requirements, unless the student has committed an Education Code section 48915(c) offense .

### **What is Special Education?**

The Individuals with Disabilities Education Act (IDEA) defines special education as: "Specially designed instruction, at no cost to parents, to meet the unique needs of a child with a disability."

Special education ensures that the unique needs of students with disabilities are met through additional services, supports, programs, specialized placements, or environments. Special education services are provided to eligible students at no cost to the families. The core purpose of special education is to provide specially designed instruction and intervention, as well as to give students with disabilities access to the same educational programs and/or activities that are available to their nondisabled peers.

### **Special Education Child Find**

Identification and Evaluation of Individuals for Special Education E.C. 56301; B.P. and AR 6164.4 The Governing Board recognizes the need to actively seek out and evaluate district residents from birth through age twenty-one (21) who have disabilities in order to provide them with appropriate educational opportunities in accordance with state and federal law. The District wants to locate, identify, and assess all children with disabilities whether homeless, wards of the state, or enrolled in public or private schools in order to provide a free and appropriate education. [E.C. 56020 et seq., 56040, 56301; 20 USC 1412, (10)(A)(ii); 34 CFR 300.121]. The Superintendent or designee shall identify processes to determine when an individual's academic, behavioral, or other difficulties may be related to disabilities and shall establish systematic procedures for special education identification, referral, assessment, planning, implementation, review, and triennial assessment. A student shall be referred for special educational instruction and services only after the resources of the regular (general) education program have been considered and used where appropriate. The Superintendent or designee shall consult with appropriate representatives of private school children with disabilities on how to identify, locate and evaluate these children. The Superintendent or designee shall notify parents/guardians in writing of their rights related to identification, referral, assessment, instructional planning, implementation, and review, including the District's procedures for initiating a referral for assessment to identify individuals. For assessment purposes, staff shall use appropriate tests to identify specific information about the student's abilities in skill areas. In addition, staff shall use multiple measures, including direct observation, to study the effect of interventions or modifications to the regular instructional program. Staff also may consider the student's personal history, development, and adaptive behavior.

The Individuals with Disabilities Education Act (IDEA) is a federal law that requires school districts to provide a free appropriate public education to eligible children with disabilities. A "free appropriate public education" (FAPE) means special education (specially designed instruction) and related services are to be provided as described in an Individualized Education Program (IEP) at no cost to the parent and student or parent/guardian/surrogate parent of children with disabilities/adult student with disabilities. Parents, guardians, surrogate parents of children with disabilities, and adult students with disabilities have the right to participate in the development of the IEP, to participate in IEP team meetings about the identification (eligibility), assessment, or educational placement of the child, and to receive information about the availability of a free appropriate public education including all program options, and all available alternative programs, both public and nonpublic. (20 USC 1401[3], 1412[a][3]; 34 CFR 300.111; EC 56301, 56341.1[g][1], and 56506)

### **How Can Children Be Referred?**

A referral may be made by a parent or by any person concerned about a child. Parent involvement and agreement is obtained prior to any further action. Information is confidential and the privacy of children and parent is protected.

### **Students Attending a Private School**

School districts are required to conduct Child Find for all parentally placed children with disabilities attending private schools within the district's boundaries. Once the child is located and identified, the school district where the private school is located is responsible, upon parental consent, to conduct an initial evaluation.

# SPECIAL EDUCATION

## The Special Education Process

Determines whether or not your child is eligible for special education services and, if so, what special education services are most appropriate for your child. There are five basic steps in the special education process:

(1) Referral for Assessment; (2) Assessment; (3) The Individualized Education Program (IEP) Meeting; (4) Determination; and (5) IEP Review.

Procedural Safeguards (also known as Parents' Rights)

Provides the parent/guardian/surrogate parent of a child with disabilities/adult student with disabilities ages 18 through 21 with an overview of the educational rights of children with disabilities ages three through twenty-one.

The Notice of Procedural Safeguards must be provided to you:

When you request a copy the first time your child is referred for a special education assessment, each time you are given an assessment plan to evaluate your child, upon receipt of the first state or due process complaint in a school year, and when a decision is made to make a removal that constitutes a change of placement (20 USC 1415[d]; 34 CFR 300.504; EC 56301[d] [2], EC 56321, and 56341.1[g] [1])

## Eligibility

Eligibility of students with disabilities for special education is determined by the Individualized Education Program (IEP) team according to specific criteria for each of the eligibility categories shown below.

A student cannot be eligible for special education if the determining factor for eligibility is a lack of appropriate instruction in reading, including the essential components of reading instruction, lack of instruction in math, or solely because they are an English learner. Essential components of reading instruction means explicit and systemic instruction in phonemic awareness; phonics; vocabulary development; reading fluency, including oral reading skills; and reading comprehension strategies. Special education services can begin at birth and continue until the age of twenty-two (22).

## Categories of Disability Under IDEA Law

The IDEA includes 14 primary terms under the main definition of "a child with a disability." These federal definitions guide how states define who is eligible for a free appropriate public education (FAPE) under special education law: Autism, Deaf-Blindness, Deafness, Development Delay, Emotional Disturbance, Hearing Impairment, Intellectual Disabilities, Multiple Disabilities, Orthopedic Impairment, Other Health Impairment, Specific Learning Disability, Speech or Language Impairment, Traumatic Brain Injury and Visual Impairment including Blindness.

The law requires that to the maximum extent appropriate, children with disabilities be educated with children without disabilities. This placement is called "the least restrictive environment." The least restrictive environment is determined in a step-by-step process that starts with the assumption that the student will attend a mainstream classroom in his/her neighborhood school. First, the Individualized Education Program (IEP) team looks at whether the student's placement in the regular classroom can be achieved satisfactorily - The IEP team must assess the following factors:

1. Can supplementary aids and services be used to accommodate the student in a mainstream classroom in his/her neighborhood?
2. In considering a range of placement and support services, how do the academic benefits of the mainstream classroom compare with the benefits of the more segregated classroom?
3. What is the student's overall experience in general education, including nonacademic benefits?
4. What will be the effect of the student's presence on the mainstream classroom?

Second, if the IEP team determines that educating the student in the mainstream classroom is not appropriate; the team must still try to mainstream the student to the maximum extent appropriate, such as during recess, assemblies, special outings and events, etc. The IEP team may consider more restrictive environments ONLY AFTER weighing the above factors and rejecting a less restrictive environment.

## **SPECIAL EDUCATION**

### **Programs, Supports and Services**

A continuum of program options to students found eligible for special education. Individualized Education Program (IEP) teams must consider the general education classroom first in exploring the best setting for the delivery of special education services to students with disabilities. Special education services and supports are provided in a variety of ways including, but not limited to Regular education program and include:

Resource Specialist Program - Instruction and services for students whose needs have been identified in an IEP, who are assigned to regular classrooms for the majority of the school day and are working towards a high school diploma.

Special Day Program (Core Curriculum) - Is designed for students with mild-to-moderate disabilities who are participating in the general education/core curriculum and are working toward a high school diploma. Students are assigned to special education classroom teachers for a majority of a school day (usually more than 50%), and those minutes are counted as outside of the general education program.

Special Day Program (Alternative Curriculum) - Is a setting that serves students with moderate-to-severe disabilities which impact the student's academic, non-academic, cognitive, and adaptive/daily living functioning. High school level program is designed for students who will not enroll in the "a-g" sequence of courses or work toward a diploma and will instead work toward a certificate of completion. Students may be included/mainstreamed in general education classes or programs pursuant to their IEPs in order to provide opportunities to engage with typical peers in the least restrictive environment.

Designated Instruction and Services (Referred to as "Related Services")

Services include: Speech and Language, Audiological, Orientation and Mobility, Home or Hospital instruction, Adapted Physical Education (APE), Physical Therapy, Occupational Therapy, Vision services, Counseling, and guidance (including rehabilitation counseling, Psychological, Health and Nursing, Social Worker, Vocational Education and Career Development, and Recreational Therapy.

### **Behavioral Intervention**

Supports, and other strategies are used in consideration of the student's physical freedom and social interaction, are administered in a manner that respects human dignity and personal privacy, and ensures a student's right to placement in the least restrictive educational environment.

### **Transportation**

Is available as a related service if is necessary for a student to receive FAPE. In making this determination the IEP team must consider: (1) the needs of the student; and (2) the least restrictive form of transportation appropriate for the student.

Transportation is provided as a related service for students with disabilities if the following conditions exist:

1. A student is placed by the District at a school other than their school of residence, which is referred to as the "home school." "Home school" is defined as the student's school of residence or school of choice.
2. A student's disability prohibits them from getting to school in the same manner as their non-disabled peers. If the student requires transportation, the justification must be included on their IEP.

### **Extended School Year (ESY)**

ESY services are provided for students who require special education and related services in excess of the regular academic year. Such disabilities are likely to continue indefinitely or for a prolonged period, and interruption of the student's educational programming may cause regression, when coupled with limited recoupment capacity, rendering it impossible or unlikely that the student will attain the level of self-sufficiency and independence that would otherwise be expected in view of his or her disabling condition. The lack of clear evidence of such factors may not be used to deny an individual an extended school year program if the IEP team determines the need for such a program and includes extended school year in the IEP.

## **SPECIAL EDUCATION**

### **Prior Written Notice for Special Education**

The District must inform you about proposed evaluations of your child in a written notice that is understandable and in your native language or other mode of communication, unless it is clearly not feasible to do so. This notice must also be given when the District proposes or refuses to initiate a change in the identification, assessment, or educational placement of your child with special needs or a provision of a free appropriate public education. (20 USC 1415[b][3] and (4), 1415[c][1], 1414[b][1]; 34 CFR 300.503; EC 56329 and 56506[a])

#### **The Prior Written Notice must include the following:**

1. A description of the actions proposed or refused by the school district;
2. An explanation of why the action was proposed or refused;
3. A description of each assessment procedure, record, or report the agency used as a basis for the action proposed or refused;
4. A statement that a child with a disability has protection under the procedural safeguards;
5. Sources for parents to contact to obtain assistance in understanding the provisions related to the actions;
6. A description of other options that the IEP team considered and the reasons those options were rejected;
7. A description of any other factors relevant to the action proposed or refused;
8. A description of the actions proposed when a parent/guardian/surrogate parent/ adult student revokes consent in writing for the receipt of special education services after the child is initially provided special education and related services. If the notice is not in regard to an initial referral for assessment, the notice must provide a statement that you have protection under procedural safeguards; information on how you can obtain a copy of described procedural safeguards; and sources of additional assistance in understanding the procedural safeguards. (20 USC, Sec. 1415 (c); CFR Title 34, Sec. 300.503; AR 6159.1)
9. State law requires that either party filing for a due process hearing must provide a copy of the written request to the other party. (20 USC Sec.1415 (h); CFR, Title 34, Sec. 300.507; EC 56502 (a)) After a written request is filed, a due process hearing is immediately scheduled, including any mediation conference, and must be completed within forty-five (45) days of the request, with a written, final decision provided. [(E.C. 56505 (f))]

### **Access to Educational Records**

You have a right to inspect and review all of your child's education records without unnecessary delay including prior to an IEP meeting or before a due process hearing. The school district must provide you access to records and copies, if requested, within five (5) business days after the request has been made orally or in writing. (U.S.C., Title 20, Sec. 1415 (b); EC 49060, 56043[n], 56501[b][3], and 56504)

### **Ending Special Education Services**

Parent or Adult student can request to withdraw consent for special education services at any time. Withdrawing consent: The request to revoke consent must be in writing and should specify the request for revocation of all special education and related services, and must be dated and signed by the parent/adult student. Within five (5) business days from the receipt of parent/adult student's request to revoke consent, the District will provide prior written notice informing the parent/adult of the impact of the request on the educational program and the timeline for the cessation of services. All special education and related services will cease fifteen (15) calendar days from the date documented on the completed prior written notice form.

### **Notice of Destruction of Student Records**

Schools maintain various student record concerning students. Though some of these records must be permanently maintained as mandatory permanent records, mandatory interim records may be disposed of in three years once a student leaves or the records are no longer useful pursuant to Ed code 34 CFR 303.416(a) mandates that, "The public agency must inform parents when personally identifiable information collected, maintained, or used under this part is no longer needed to provide educational services to the child."

## **SPECIAL EDUCATION**

### **General Education Services for Students With Disabilities Section 504 of the 1973 Rehabilitation Act**

The SMJUHSD provides a free and appropriate public education designed to meet the educational needs of students with disabilities as adequately as the needs of non-disabled students are met. The District provides accommodations for all students in the general education population who have a physical or mental impairment that substantially limits a major life activity (like learning or working). A few examples of physical or mental impairments are: Diabetes, Seizure Disorders, Attention Deficit Disorder, Auditory Processing Deficit, Asthma, Cerebral Palsy, Depression, Eating Disorders; and/or Auto-Immune Illnesses.

Once a Section 504 referral is made, a school site team of individuals (who are knowledgeable about the student) is convened to determine Section 504 eligibility. For all eligible students, a 504 Accommodation Plan is written. Students who are receiving Special Education services on an Individualized Education Plan (IEP) generally do not need a 504 Accommodation Plan. This would be a duplication of service.

### **Filing for Due Process Complaint for Students with Disabilities**

How do I request a due process hearing?

You need to file a written request for a due process hearing. Parents should use the OAH (Office of Administrative Hearings) Form. You or your representative need to submit the following information in your request:

- Name of the child;
- Address of the residence of the child;
- Name of the school the child is attending; and
- A description of the nature of the problem, including facts relating to the problem(s) and a proposed resolution to the problem(s) to the extent the parent knows what would solve the problem.

If the request does not contain enough information, the due process request can be dismissed. The district must hold a resolution session within 15 days of receipt of the due process complaint unless there is a written waiver by both parties. (EC 56500.3 (e))

### **School Discipline and Placement Procedures for Students With Disabilities**

#### **Can my child be suspended or expelled?**

Children with disabilities may be suspended or placed in other alternative interim settings or other settings to the same extent these options would be used for children without disabilities. If a child exceeds ten (10) days of suspension a Manifestation Determination Meeting must be held to determine whether the child's misconduct is caused by the disability. When a student is recommended for expulsion, the Manifestation Determination Meeting must take place within 10 days of the date of disciplinary action. U.S.C. Title 20, Sec. 1415 (k). As a parent/guardian, you will be invited to participate as a member of this Manifestation Determination Meeting. The school district may be required to develop an assessment plan to address the misconduct or, if your child has a behavior intervention plan, review and modify the plan, as necessary. If the Manifestation Determination Meeting concludes that the misconduct was not a manifestation of your child's disability, the school district may take disciplinary action, such as expulsion, in the same manner as it would for a child without disabilities.

If you disagree with the Manifestation Determination Meeting's decision, you may request an expedited due process hearing from the US Office for Civil Rights of Education's Special Education Office of Administrative Hearings Office.

### **School Meals Program**

Our district participates in the National School Lunch Program and the School Breakfast Program which provides breakfast and lunch daily at no cost to enrolled students. Daily offerings include a variety of fresh, made-to-order, seasonal, and ethnically diverse cuisine. Menus include fresh salads, homemade sandwiches, pizza, daily specials, and favorites such as burgers and fries. We collaborate with local businesses and farmers to provide fresh baked goods and seasonal produce.

Although families do not need to submit an application to receive meals at no cost, we are requesting that they complete a Household Income Data Survey no later than August 30, 2024. The information collected ensures maximum student support services for our student(s). Our schools receive additional State and Federal funding to support supplemental education programs and services. Your family may receive additional benefits such as college admissions test and application fee waivers and home internet discounts.

To complete this annual survey, please click this link [Household Income Data Survey](#). Surveys will also be available at each school site's community liaisons' office and at the District Support Services Center.

Our Foods Services Department maintains strict compliance with the Policy of the SB 19 Bill that mandates nutritional standards for our students' meals. The District's Wellness Policy is available for viewing on this website under the Board Policies, BP 5030.

Please refer to the District's or school's website for further details.

### **School Accountability Report Card**

[E.C. 33126, 35256, 35258]. ## **STUDENT SERVICES**

### **On-line Services/Internet Access**

The Superintendent or designee shall establish regulations governing student access to technology that are age appropriate. These regulations shall address the safety and security of students when using electronic mail, chat rooms and other forms of direct electronic communication as well as shall prohibit access to harmful matter on the Internet, which may be obscene or pornographic, and preclude other misuses of the system. In addition, these regulations shall establish the fact that users have no expectation of privacy, and district staff may monitor or examine all system activities to ensure proper use of the system. Students who fail to abide by district rules shall be subject to disciplinary action, revocation of access to these technologies and legal action as appropriate.

Due to the internet containing an unregulated collection of resources, the district cannot guarantee the accuracy of the information or the appropriateness of any material that a student may encounter. Therefore, before using the district's on-line resources, each student and his/her parent/guardian shall sign and return an Acceptable Use Agreement. This agreement shall specify user obligations and responsibilities and shall indemnify the district for any damages. The parent/guardian shall agree not to hold the District responsible for materials acquired by the student on the system, for violations of copyright restrictions, users' mistakes, negligence or any costs incurred by users. Staff shall supervise students while using on-line services and may ask teacher aides and student aides to assist in this supervision. The Superintendent or designee shall ensure that all district computers with Internet access have a technology protection measure that blocks or filters Internet access to visual depictions that are obscene, child pornography, or harmful to minors, and that the operation of such measures is enforced. [47 USC 254]

### **Student Use of Technology Internet Safety Policy**

The district's system shall be used only for purposes related to education. Commercial, political and/or personal use unrelated to an educational purpose is strictly prohibited. Disclosure, use and dissemination of personal identification information regarding students are prohibited.

### **Advanced Placement and International Baccalaureate Exam Fees**

State funding may be available to qualified low-income students to cover the costs of advanced placement exam fees. A grant program also exists to defray costs to low-income students taking the International Baccalaureate and advanced placement exams; however, the state budget crisis has given districts flexibility in providing these services. [E.C. 48980, 52240]

## **STUDENT RECORDS**

### **Records (Student) Information for Use in Emergencies**

For the protection of your child's health and welfare, the Governing Board of any school district may require the parent/guardian of a pupil to keep current at the pupil's school of attendance, emergency information including the home address and telephone number, business address, and telephone number of the parents/guardians, and the name, address and telephone number of a relative or friend who is authorized to care for the pupil in any emergency situation if the parent/guardian cannot be reached. [E.C. 49408].

We ask that you update contact information through the AERIES parent portal. Please provide the Records Office with updated proof of address.

### **Change of Address/Telephone**

If your address, phone numbers or other personal information changes over the course of the school year, it is very important to update through your AERIES parent portal.

Reports, newsletters, announcements and reminders of meetings are often mailed home. In order for the school to keep parents/guardians well informed, and to insure that contact can be made quickly if necessary, it is imperative that the Records Office be informed of any change of address, phone number and guardianship. Changes of data forms are available at the Records office.

### **Pupil Records**

You and your children over 18 have the right to review, get copies, and inspect their school records within five business days of a written request or oral request or before any meeting regarding an individualized education program or a hearing. Those records are confidential, and privacy will be maintained, except in some instances such as when your child transfers to another school. The records include transcripts, discipline letters, recommendations, attendance, and health information. The records are maintained at the school office by the registrar. There is someone to help interpret the material. When more than one child is named in the records, parents may only see material related to their child. If requested, the district will provide a list of types of records held and their location. District policy or administrative regulation sets forth the criteria by which school officials and employees can look at, change or delete the files and why. Files may be reviewed to identify students eligible for public school choice or supplemental educational services.

You may have copies made free of charge. You also have the right to file a written request with the superintendent challenging the records. You can challenge how your request was handled with the district or with United States Department of Education if you think there is an inaccuracy, unsubstantiated conclusion or inference, a conclusion outside the observer's expertise, comment not based on personal observation with time and date noted, misleading information or violation of privacy rights. You will get to meet with the superintendent or designee within 30 days. If your challenge is sustained, the changes will be made. If not, you can appeal to the school board, which has final authority. If you still have a different view, your view can be included in the student's record.

For further information or assistance, contact the District Office at 922-4573, extension 4215, or the Family Policy Compliance office, U.S. Department of Education, 600 Independence Avenue, SW, Washington, DC 20202-4605. [E.C. 49063, 49060, 49070, 56043, 56504; Family Educational Rights and Privacy Act (FERPA); 34 CFR Part 99; ne]

For a smoother transition, through a relationship established with the Department of Defense and the California Department of Education, the district has established guidelines for transferring credits and meeting graduation requirements of students from military families. [E.C. 51250]

### **Release of Directory Information**

The law allows schools to release "directory information" to certain persons or organizations including military recruiters. Directory information includes name, address, telephone number, electronic mail address, photograph, date and place of birth of students in grades 11 and 12. You may have the district withhold any of this information by submitting a request in writing or indicating on applicable forms. In the case of students with exceptional needs, no material can be released without parent or guardian consent. [E.C.49061(c), 49070, 56515; FERPA]

## **DUE PROCESS AND COMPLAINTS**

This policy shall apply to all acts related to school activity or to school attendance occurring within a district school, and to acts which occur off campus or outside of school-related or school-sponsored activities but which may have an impact or create a hostile environment at school.

The District is primarily responsible for compliance with state and federal laws and regulations and has procedures to address allegations of unlawful discrimination and complaints alleging violation of laws governing educational programs. Employees, students, parents or guardians, advisory committees, and other interested parties are advised how to file a complaint if they so desire.

### **Complaints Regarding Discrimination, Exceptional Need Students, Categorical Programs, Federally Funded Programs**

The district shall follow uniform complaint procedures when addressing complaints alleging unlawful discrimination against any protected group as identified under Education Code, California Code of Regulations and Government Code including actual or perceived race, ethnicity, color, ancestry, nationality, national origin, ethnic group, identification, age, religion, marital, family or parental status, physical or mental disability, medical condition, sex, sexual orientation, gender, gender identity, gender expression, genetic information, homelessness or foster status, or based on association with a person or group with one or more of these actual or perceived characteristics in any district program or activity that receives or benefits from state financial assistance.

The District shall promote programs that ensure non-discriminatory practices in all district activities. If you want further details in this regard, or wish to file a complaint, please contact the District's Uniform Complaint Officer. ## **HEALTH SERVICES**

### **Naloxone Hydrochloride**

#### **Anaphylaxis Treatment Annual Notification to Parents**

California Education Code 49414 authorizes school districts to provide epinephrine auto-injectors to trained personnel to use to provide emergency medical aid to persons suffering from an anaphylactic reaction.

Anaphylaxis is a rapid, severe allergic response triggered by insect stings, foods, medications, latex materials, exercise, or in rare cases by unknown causes. This is a life-threatening allergic condition, requiring immediate treatment. Administering epinephrine to students during a medical emergency may help to insure the student's health and safety at school. Therefore, Santa Maria Joint Union High School District has adopted a policy for giving life-saving epinephrine to students in need of such treatment.

This policy states that a credentialed, licensed school nurse or trained, unlicensed school staff, under the direct or indirect supervision of the credentialed school nurse (or supervisor of health), may administer epinephrine in the form of an EpiPen during a severe, life-threatening allergic reaction. The EpiPen rapidly delivers a pre-measured, sterile, single dose of epinephrine by direct injection through the skin. If parents/guardians do not wish their child to receive this treatment, they must indicate in writing within two weeks of the beginning of school.

#### **AR 5141.21 Administering Medication And Monitoring Health Conditions**

##### **Emergency Medication for Opioid Overdose**

Naloxone is a medicine that rapidly reverses an opioid overdose. It is an opioid antagonist. This means that it attaches to opioid receptors and reverses and blocks the effects of other opioids. Naloxone can quickly restore normal breathing to a person if their breathing has slowed or stopped because of an opioid overdose. But, naloxone has no effect on someone who does not have opioids in their system, and it is not a treatment for opioid use disorder.

Each school site has trained staff to administer naloxone hydrochloride. The District has made naloxone hydrochloride or another opioid antagonist available for emergency medical aid to anyone suffering or reasonably believed to be suffering from an opioid overdose. (Education Code 49414.3)

The district may elect to make emergency naloxone hydrochloride or another opioid antagonist available at schools for the purpose of providing emergency medical aid to persons suffering, or reasonably believed to be suffering, from an opioid overdose. In determining whether to make this medication available, the Superintendent or designee shall evaluate the emergency medical response time to the school and determine whether initiating emergency medical services is an acceptable alternative to providing opioid antagonist and training personnel to administer the medication. (Education Code 49414.3)

When available at the school site, the school nurse shall provide emergency naloxone hydrochloride or another opioid antagonist for emergency medical aid to any person exhibiting potentially life-threatening symptoms of an opioid overdose at school or a school activity. Other designated personnel who have volunteered and have received training may administer such medication when a school nurse or physician is unavailable and shall only administer the medication by nasal spray or auto-injector. (Education Code 49414.3)

At least once per school year, the Superintendent or designee shall distribute to all staff a notice requesting volunteers to be trained to administer naloxone hydrochloride or another opioid antagonist, describing the training that the volunteer will receive, and explaining the right of the volunteer to rescind the offer to volunteer at any time, including after receiving training. The notice shall also include a statement that no benefit will be granted to or withheld from any employee based on the offer to volunteer and that there will be no retaliation against any employee for rescinding the offer to volunteer. (Education Code 49414.3)

The principal or designee may designate one or more volunteer employees to receive initial and annual refresher training, based on standards adopted by the SPI, regarding the storage and emergency use of naloxone hydrochloride or another opioid antagonist. The training shall be provided at no cost to the employee, conducted during regular working hours, and be provided by a school nurse or other qualified person designated by an authorizing physician and surgeon. Written materials provided during the training shall be retained at the school for reference. (Education Code 49414.3)

## HEALTH SERVICES

### **Emergency Medication for Opioid Overdose (continued)**

A school nurse, other qualified supervisor of health, or, if the district does not have a qualified supervisor of health, a district administrator shall obtain a prescription for naloxone hydrochloride or another opioid antagonist for each school from an authorized physician and surgeon. Such prescription may be filled by local or mail-order pharmacies or manufacturers. (Education Code 49414.3)

If the medication is used, the school nurse, other qualified supervisors of health, or district administrator, as applicable, shall restock the medication as soon as reasonably possible, but no later than two weeks after it is used. In addition, the medication shall be restocked before its expiration date. (Education Code 49414.3)

Information regarding defense and indemnification provided by the district for any and all civil liability for volunteers administering naloxone hydrochloride or another opioid antagonist for emergency aid shall be provided to each volunteer and retained in the employee's personnel file. (Education Code 49414.3)

A school may accept gifts, grants, and donations from any source for the support of the school in carrying out the requirements of Education Code 49414.3, including, but not limited to, the acceptance of the naloxone hydrochloride or another opioid antagonist from a manufacturer or wholesaler. (Education Code 49414.3)

The Superintendent or designee shall maintain records regarding the acquisition and disposition of naloxone hydrochloride or another opioid antagonist for a period of three years from the date the records were created. (Business and Professions Code 4119.8)

Any student without the required evidence of immunization shall be excluded from school until the immunization is obtained or until the student presents a letter or affidavit of exemption. Exemption is allowed to the extent indicated by an authorized health care provider's written statement describing the medical condition of the child and the probable duration of the medical condition or circumstances which contraindicate immunization. The District has developed policies relating to the surveys and personal information. [E.C. 60650, 51513, 60614, 60615; PPRA, 20 U.S.C 1232h]

If a student participates in a survey regarding information about beliefs and practices as identified above, school officials and staff members shall not request or disclose the student's identity.

## RULES/RIGHTS/RESPONSIBILITIES

### Dress Code

The dress code complies with District and State policies and applies to all school activities. These policies require that student attire be neat, clean, and non-disruptive. Interpretation of this policy rests with the individual classroom instructor, site administrators or any staff member while students are on campus.

Requirements apply to all students, as provided in the Education Code and/or District Policy. They are:

1. No attire including clothing, jewelry, hats or personal items:
  - May promote or advertise drugs, alcohol or tobacco use.
  - Depict obscenity or lewdness.
  - Be inflammatory with regard to race, religion or heritage.
  - May promote gang affiliation.
2. Feet must be covered, minimally, providing protection to the bottom of the foot.
3. The upper torso must be covered. Clothes shall be sufficient to conceal undergarments at all times. See-through or fishnet fabrics, halter tops, spaghetti straps (must be two inches wide), off-the-shoulder or low-cut tops, bare midriffs and skirts or shorts shorter than mid-thigh are prohibited.
4. Pajamas and slippers are not appropriate school apparel.

Students who are not in compliance with this dress code will:

1. Be referred to an assistant principal.
2. Have their parents contacted by the school.
3. Not be permitted to return to class until the dress code infraction is corrected.
4. Repeated non-compliance may result in on- or off-campus suspension.

Due to law enforcement identification of student use of hat wear to indicate affiliation with particular gangs, the District is restricting the use of sun-protective clothing worn during regular school activities on the head to school-logoed caps or all-black caps without a school logo. Students may purchase a school-logoed cap or an all-black cap; students who cannot afford to pay for the cap may request a waiver of the payment. Each school in the District will implement this policy, and language regarding the same shall be included in the parent/guardian handbook and annual notification. Students who cannot wear the cap for religious observance and/or disability accommodation should consult with school officials for accommodations.

## **RULES/RIGHTS/RESPONSIBILITIES**

### **Electronic Devices**

Electronic devices may be carried by students, but will be confiscated if they disrupt the educational process. Two-way radios, laser pointers, and/or any type of electronic devices designed for communication are not permitted on campus. CD players, iPods, cameras, and portable speakers are not permitted during instructional time. Fog machines are not allowed on campus. If any of the above items become an educational disruption, they will be taken from the student and not returned until at least the end of the class period, with the exception of a cell phone. The school is not financially responsible for any lost or stolen items. During testing, all students will turn off all electronic devices including mobile devices, speakers, iPods, MP3's and any form of technology and place them with personal belongings.

### **Mobile Communication Devices**

Use of a cell phone, smartwatch, pager, or other mobile communication device during instructional time or in an unauthorized manner in violation of district policy.

Such devices shall be turned off in class, except when being used for a valid instructional or other school-related purpose as determined by the teacher or other district employee, and at any other time directed by a district employee. Any device with camera, video, or voice recording function shall not be used in any manner which infringes on the privacy rights of any other person.

No student shall be prohibited from possessing or using an electronic signaling device that is determined by a licensed physician or surgeon to be essential for the student's health and the use of which is limited to purposes related to the student's health. (Education Code 48901.5)

1. In the case of an emergency, or in response to a perceived threat of danger
2. When a teacher or administrator grants permission to the student to possess or use a mobile communication device, subject to any reasonable limitation imposed by that teacher or administrator
3. When a licensed physician or surgeon determines that the possession or use is necessary for the student's health and well-being
4. When the possession or use is required by the student's individualized education program

Smartphones and other mobile communication devices shall not be used in any manner which infringes on the privacy rights of any other person.

When a school official reasonably suspects that a search of a student's mobile communication device will turn up evidence of the student's violation of the law or school rules, such a search shall be conducted in accordance with BP/AR 5145.12 - Search and Seizure.

When a student uses a mobile communication device in an unauthorized manner, the student may be disciplined and a district employee may confiscate the device. The employee shall store the device securely until it is returned to the student or turned over to the principal or designee, as appropriate.

A student may also be subject to discipline, in accordance with law, Board policy, or administrative regulation, for off-campus use of a mobile communication device which poses a threat or danger to the safety of students, staff, or district property or substantially disrupts school activities.

## **RULES/RIGHTS/RESPONSIBILITIES**

### **Student Public Displays of Affection**

School is not the right place for students to engage in public displays of affection (e.g., kissing, lap-sitting, standing with bodies in contact or walking with arms wrapped around each others' waist, etc.) During school hours, this becomes a distraction from educational learning, and at times, an uncomfortable situation for both students and adults.

### **Student Parking Policy**

All vehicles are required to have a permit to park on campus. Permit applications may be obtained from the ASB Business Office. Items required include a valid driver's license, proof of insurance, and registration. Students must maintain good academic standing, attendance and citizenship with no outstanding school charges. Permits are not-transferable. Use of the school parking lot is a privilege that can be revoked at the school's discretion.

For detailed information such as student parking requirements and fees, contact your school's Administration Office.

### **Tobacco Free School**

SMJUHSD campuses are a tobacco free work site. This means all tobacco products are prohibited at any school-sponsored event. This applies to all staff, students, parents and community members. Tobacco cessation information is available in the Health Offices.

### **Use of Contraband Detection Dogs**

Federal and State law and the Board policies of the Santa Maria Joint Union High School District authorize the use of trained nonaggressive dogs to sniff out and alert staff to the presence of substances prohibited by law or Board Policy. The dogs may sniff the air around lockers, desks, or vehicles on district property or at district-sponsored events. The use of contraband detection dogs will be conducted only in accordance with the law and Board Policy 5145.12(a)

### **Cheating**

*The use of notes, documents, answers, or electronic communication devices (i.e. cell phones) during a test, or the copying of one student's completed assignments or answers by another; allowing another to do the same, or having access to information such as formulas or calculations.*

Giving or receiving limited help in troubleshooting a part of an assignment is not normally considered cheating. However, allowing another student to write any part of an assignment, copying another's file, or assignment, and excessive collaboration on assignments, are all considered cheating. Unless specifically approved by the teacher, the student providing such assistance is considered to be cheating as well. Never allow another student to look at your assignment nor to borrow your electronic file.

## PLAGIARISM AND UNAUTHORIZED COLLABORATION

The Santa Maria Joint Union High School District defines plagiarism as follows:

***The use of another's words, ideas, or creative productions without assigning credit to the original source.***

To plagiarize is to take ideas or words of another person and pass them off as one's own. In short, it is stealing something intangible rather than an object. Obviously, it is not necessary to state the source of well-known or easily verifiable facts. But students are expected to acknowledge the sources of ideas and expressions they use in their written work, whether those expressions are quoted directly or paraphrased. To provide adequate documentation is not only an indication of academic honesty, but also a courtesy which enables the reader to consult your sources with ease. Failure to do so constitutes plagiarism.

It is also considered plagiarism and/or cheating if a student submits a paper written in whole or in part by someone other than themselves or copies the answer or answers of another student in any test, examination, or assignment.

The Santa Maria Joint Union High School District defines unauthorized collaboration as follows:

***Collaborating with students, non-students, and artificial intelligence in a manner not deemed appropriate by your teacher.***

With access to collaborative tools like Microsoft Office 365 and Google for Education, students have the ability to share and collaborate on content with each other. In addition, with the onset of open artificial intelligence platforms (Open AI), and a wide range of information from the internet, students have access to a plethora of information and content. It is considered unauthorized collaboration when students utilize these collaborative tools outside the scope and directions set forth by the teacher for an assignment or test. Unauthorized collaboration will be deemed plagiarism and appropriate consequences assigned.

## OTHER INFORMATION

### Management Plan for Asbestos-Containing Material

In compliance with the U.S. Environmental Protection Agency (EPA) Asbestos Hazard Emergency Response Act (AHERA), in 1990 the district performed inspections of each school building for asbestos-containing building materials. The inspection findings and asbestos management plans have been on file in the maintenance director's office as well as in each school maintenance office since that time.

The EPA requires us to perform re-inspections of asbestos materials every three years. During November 2015, an accredited asbestos inspector performed these re-inspections. An accredited management planner reviewed the results of the re-inspections and recommended actions we should take to safely manage each asbestos material in our buildings.

Significant abatement events occurred during the 2023-24 school year:

1. Abated floor tile and flooring mastic in Ernest Righetti High School in room 407.
2. Abated drywall/joint compound, roofing mastic and roofing felt in the Ernest Righetti High School Modernization Project: Buildings 200(D) and 300E/

The results of the reinspection are on file in the management plan in the maintenance director's office as well as in each school's maintenance office [Code of Federal Regulations: 40 CFR 763.93]. Everyone is welcome to view these anytime during normal school hours.

### Pesticide Use

In September 2000, Governor Davis signed into law the Healthy Schools Act of 2000 (Assembly Bill 2260). The law was amended in 2014 (SB1405). It changed the requirements for reporting and integrated pest management. This law requires schools to notify parents, guardians and school employees about pesticides used in their schools. It also requires the Department of Pesticide Regulation to promote the adoption of integrated pest management (IPM) practices in California schools. Most provisions of the law became effective January 1, 2001. Each school district is to implement the following requirements of the law:

- Notification of all pesticide products the school district expects to use on school grounds must be sent annually to parents or guardians of all students. These products include over-the-counter pesticides available at retail outlets, but do not include certain products exempted under the law. The notifications must list the active ingredients in each pesticide product and the Internet address for the Department of Pesticide Regulation (DPR) to access additional information. Visit DPR's Web site at <http://www.cdpr.ca.gov> and click on Pest Management Schools.
- Each school district will establish a list of parents or guardians who want to be notified before individual pesticide applications are made.
- Each school district will ensure that warning notices are posted in areas where pesticides will be applied. Notices will be posted 24 hours in advance and 72 hours after application of pesticides, and will contain information as specified in the law.

Each school will maintain records of all pesticide use at the school for four years and the records will be available to the public upon request.

## TRANSPORTATION INFORMATION

### Information Pertaining to Bus Riding

Although transportation of students to and from school is the legal responsibility of parents, the district does assist in that process by providing transportation for students that live within the approved transportation areas for their assigned school. Bus schedules are established prior to the opening of school and are subject to change.

#### **Bus Stops and School Loading Zones:**

Students need to be at their assigned bus stop 5 minutes prior to the scheduled arrival of the bus. The bus will leave at assigned times to maintain the bus schedule. Students who are late need to find other means of transportation to school. Students may only board and disembark at their approved stop.

#### **Identification Cards (Digital or Physical):**

Students must present a valid school identification card with the proper bus assignment indicated prior to boarding and exiting the school bus. Failure to present an identification card will lead to denial of service.

#### **Tracking of Students Location**

The District does not digitally track what stop the student enters and exits the bus.

#### **Authority of the Driver:**

The bus driver's authority as defined in the California Code of regulations, Title 5, Section 14103:

(a) Pupils transported in a school bus or in a school pupil activity bus shall be under the authority of, and responsible directly to, the driver of the bus, and the driver shall be held responsible for the orderly conduct of the pupils while they are on the bus or being escorted across a street, highway or road. Continued disorderly conduct or persistent refusal to submit to the authority of the driver shall be sufficient reason for a pupil to be denied transportation. A bus driver shall not require any pupil to leave the bus en route between home and school or other destinations.

(b) Governing boards shall adopt rules to enforce this section. Such rules shall include, but not be limited to, specific administration procedures relating to suspension of riding privileges and shall be made available to parents, pupils, teachers, and other interested parties.

#### **Conduct Reports:**

All conduct reports must be signed by the parent and returned to the driver. Failure to return a signed conduct report will result in denial of transportation. If a student is denied school bus transportation, it is still the responsibility of the parent to transport their student to and from school. Any absences incurred due to denial of school bus transportation will be unexcused.

A copy of the School Bus Conduct report is included on the next page for parent and student information.

Surveillance systems may be installed and students may be monitored on school buses and other district vehicles which transport students in order to ensure student safety, improve discipline, and help deter misconduct. The contents of the video and audio recordings from these surveillance systems may constitute a student record which could be used in disciplinary proceedings or provided to law enforcement where appropriate. Students are prohibited from tampering with the bus surveillance system and any student discovered tampering with the system shall be subject to discipline and shall be responsible for the costs of any necessary repairs or replacement. (See Board Policy and Administrative Regulation 5131.1)
