3.	<p>Public Comment</p> <ul style="list-style-type: none"> • Mrs. Faulenbach reviewed the protocol for public comment. The Board is grateful for participation and will listen but not respond. Public comment is not a dialogue. Individuals are limited to approximately 3 minutes. Comments should be addressed to the Board. • Erin Sarsfield said she was aware of a discussion that took place at the Townwide PTO meeting the previous evening where a decision was made to mandate vaccinations for PTO volunteers in our schools. She said she is speaking on behalf of HPS PTO and she does not agree with the decision. She thinks following current protocols and testing are more preventive measures and said that mandating vaccinations is inappropriate. • Crystal O’Sullivan, PTO member, said she is disturbed by the discrimination over vaccination mandates. She said it will create divisions in the community and it should be freedom of choice. • Danielle Torzilli, HPS PTO, said it is totally inappropriate for PTO to be asking individuals about their vaccination status and it will be divisive. This is not what PTO stands for and we should be encouraging togetherness instead. • Tom O’Brien, candidate for school board, said the vaccine is a protective measure for both 	<p>Public Comment</p>

	<p>vaccinated and unvaccinated. Children under 12 are not yet eligible and can become sick and spread illness. He said we shouldn't expose children unnecessarily and he doesn't think a vaccination requirement is unreasonable.</p> <ul style="list-style-type: none">• Erica Cabrera said she is a current volunteer and if the mandate is enacted she will not volunteer any longer. She said testing is not free and would be an expense to unpaid, unvaccinated volunteers. She said there can be complications from vaccination too.• Nannette Pelletier, PTO Townwide President, said there was a vote last night. It was discussed that the PTO policy should mimic the staff requirement and 6-3 voted in favor. They are following all cautions in the hopes of keeping events moving going forward.• Megan Byrd said the PTO policy is a stop gap put in place while the Board decides on its volunteer policy requirements. When that is finalized, the PTO will follow those requirements. The goal is to keep events going forward and keep children in school. Individual health decisions have an effect on a public health crisis.• Vesper Stamper, parent and published author, said she has done research on totalitarianism and genocide. She said she has concerns over vaccine and mask mandates and feels we are putting the burden on children to protect adults. She said this is a weaponization of science and callousness towards those who do not make the same choices. She is vehemently opposed to the mandate.• Jen Fairchild said hand washing is the first line of defense, not masks. Masks are causing their own issues. She said the mandate is discriminatory to those who can't do it for medical or other reasons.• Mrs. Faulenbach thanked all speakers for sharing their comments.

She thanked the Board for their support as well.</p> <ul style="list-style-type: none">● We have begun the process of working directly with the school-based health center director in order to have her begin hiring clinicians for mental health in our schools. Once clinicians are hired, we will match them with the schools most in need to begin. Once all three are hired, they will cover the full district. Medical health groundbreaking will take place at NES and SMS as soon as we receive our ESSER III funding.● Our COVID numbers have increased slightly at the primary schools due to a few positive cases resulting in higher numbers of students being quarantined. We watch this closely to inform decision making. Daily updates to our COVID counts are posted on our website for each school and the district.● Our staff continue to comply with the executive order mandate for vaccination and testing, as do as our vendors.● As a district, we have begun our work with Strategic Coherence Planning and have had two meetings to address the work ahead. Currently, a data audit is being conducted in order to determine where we stand with strengths and weaknesses on each indicator in order to further plan and help craft district goals.● Parent conferences are scheduled for November 1 and 2. We are reviewing the format, virtual or in person, and will communicate the schedule soon to parents.● In school flu clinics were offered to staff and students in conjunction with New Milford Department of Public Health and had a high turnout.● Regarding fundraising, there were six new fundraisers submitted for the high school. We continue to work with groups submitting to ensure they are following the revised policy

8.	<p>Board Chairman's Report</p> <ul style="list-style-type: none"> • Mrs. Faulenbach said strategic planning is in full swing and she thanked Mrs. McInerney for participating with her as Board representatives, along with staff and community members. • Thank you to Mr. Helmus for joining the turf field committee. • The Feasibility Report for central office moves was presented at a special meeting. She provided the data to Mayor Bass and reached out to him to discuss next steps to keep moving towards a solution for the district and community. • Mrs. Faulenbach said much of the Board work takes place in subcommittees and those minutes are posted. She said committee reports may be added back onto the Board agenda in the future, as they were in the past, for transparency to the community. 	<p>Board Chairman's Report</p>

She noted this is a needed position for student safety and the current fill-in model does not provide an assurance of coverage. • Mr. Failla asked where the additional funding will come from. Ms. DiCorpo said they will look at the non-certified and certified lines, and any other lines that may provide savings. • Mr. Giovannone said they will submit a transfer request when the actual hire takes place. • Ms. DiCorpo said this type of action has been done in the past when a contracted service wasn't working due to a shortage area, for example with the BCBA hire. It may be a temporary change based on the job market. • Mr. Failla noted for transparency purposes that approving this hire adds another position to the district as well as additional cost. • Mrs. Monaghan asked if there are legal ramifications to having a trainer at games. • Mr. Lipinsky said a trainer is required by the 	<p>D. 10.	Items for Information and Discussion	Items for Information and Discussion
A.	Policy for Second Review: 1. 1212 School Volunteers <ul style="list-style-type: none"> • Mrs. Faulenbach said this is the second review by the Board. It has also been reviewed twice by the Policy committee. It is for discussion only this evening and will come back to the Board in November for action. • Mr. Failla said for context that he is vaccinated and in favor of vaccination. However, he is not in favor of this revision because he does not support additional regulations beyond what the state of CT requires. • Mr. Hansell said he agrees with Mr. Failla and does not feel this revision is needed. • Mrs. Rella said she has heard the parents and the concerns from both sides. She can't think of how we can mandate staff be vaccinated or tested but open our gates to volunteers without asking them to do the same. The goal is to keep schools open. Other districts are not allowing volunteers at all. She feels this is a compromise solution and appropriate at this time. • Mr. Helmus said he wonders if these PTO parent volunteers will stop volunteering if we mandate vaccinations. He said kids are still exposed, and this doesn't solve anything while depleting volunteers. He said the Governor created this problem; let him solve it. Mr. Helmus said he won't vote to mandate action of another human being. • Mrs. Faulenbach noted that the revision still allows a testing option. • Mr. Helmus said there is a cost for that, so we are basically taxing unpaid volunteers. • Mrs. McInerney noted that the PTO is its own organization. She said her decision making is 	A. Policy for Second Review: 1. 1212 School Volunteers

	<p>informed by the safety of students and staff. She doesn't know why the Governor didn't include volunteers when others are mandated. Another option is to not allow volunteers at all.</p> <ul style="list-style-type: none"> • Mr. McCauley said no volunteers are allowed where he works. He agrees volunteers should be held to the same requirement as staff. • Mrs. Faulenbach said she struggles with this. They want volunteers to be involved and are trying to find a compromise to make that work. • Mrs. Monaghan said she agrees with the revisions but asked what happens next year when times have changed. • Mrs. Faulenbach said the Board can delete or change the policy at that time if needed. • Mrs. Monaghan suggested no volunteers this year and review next year instead. • Ms. DiCorpo said she would like to clarify that the Reopening Plan said volunteers were not permitted. She has been reviewing this month to month and now allows a very few, including PTO Board members who are not mingling with students, and most recently two volunteers per book fair with mitigation measures in place. These revisions, if adopted, will also impact evening events going forward, which have been separate until now. • Mrs. Rella said the vote at the PTO meeting approved a mandate; she would like to support them in that. • Mr. Hansell said he has gathered data from the CDC site and statistics show very low risk percentages for children. He said no one wants to harm children but the response is not proportional to the risk.

APPROVAL AT INITIAL BOARD PRESENTATION**

Language in **RED** constitutes an addition

COMMENTARY: The recommended changes below are designed to better align the Board's mandatory vaccination policy with the latest Connecticut Department of Health guidance implementing Governor Lamont's executive orders mandating COVID-19 vaccination or weekly testing for board of education employees. Pursuant to Governor Lamont's Executive Order #13G, current District employees and those hired prior to September 27, 2021 who are not fully vaccinated as of September 27, 2021 (whether by choice or pursuant to an exemption) may undergo weekly COVID-19 testing and report the results to the school district in-lieu of vaccination. In addition, optional language regarding the responsibilities of contractors is included in green font.

Personnel

COVID-19 Staff Vaccination

The Board of Education's highest priority is ensuring the health and safety of the District's students and their families, the District's employees and their families, and our greater community. Pursuant to this obligation and Connecticut Governor Ned Lamont's September 10, 2021 Executive Order # 13G, the Board mandates that all District employees who perform work within the District's schools be vaccinated against COVID-19 unless otherwise exempt as set forth in this policy.

Definitions

For the purposes of this policy, the following definitions apply:

"Fully vaccinated" means at least 14 days have elapsed since a person has received the final dose of a vaccine approved for use against COVID-19 by the U.S. Food and Drug Administration, or as otherwise defined by the Centers for Disease Control.

"District employee" refers to all New Milford Public Schools' employees, both full and part-time, including substitutes and student teachers. This definition applies to all District staff regardless of the amount of student contact time a particular staff member may have. This definition does not apply to District volunteers.

Mandatory COVID-19 Vaccination

1. Prospective District Employees Hired On or After September 27, 2021

On or after September 27, 2021, the District shall offer employment only to individuals who are fully vaccinated. The exceptions to this rule are as follows:

Personnel

COVID-19 Staff Vaccination

- (1) The candidate has received the first dose of the vaccine and has either received the second dose (and less than 14 days have elapsed) or has an appointment for the second dose **in a two-dose series vaccination, or has received a single-dose vaccine (and less than 14 days have elapsed)** and he/she undergoes weekly COVID-19 testing and submits such results to the District until such time as the he/she is fully vaccinated; or
- (2) The candidate is exempt from the vaccination requirement because the vaccine is likely to be detrimental to the individual's health or the person is exempt due to a sincerely held religious belief and he/she undergoes weekly COVID-19 testing and submits such results to the District and he/she is able to perform the essential functions of his/her job with a reasonable accommodation that is not an undue burden to the Board.

It shall be the responsibility of the candidate to provide proof of vaccination or to obtain and provide documents in support of his or her entitlement to any exemption. Decisions regarding exemptions shall be determined on a case-by-case basis.

The failure to meet any of these conditions will result in the candidate not being offered a position of employment.

The New Milford Public Schools shall not pay for the costs associated with weekly COVID-19 testing.

2. Existing District Employees and Those Hired Prior to September 27, 2021

On or after September 27, 2021, all non-exempt employees must be fully vaccinated against COVID-19 in order to maintain employment with the New Milford Public Schools unless:

- (1) The employee has received the first dose of the vaccine and has either received the second dose **(and less than 14 days have elapsed)** or has an appointment scheduled to obtain the second dose **in a two-dose series vaccination, or has received a single-dose vaccine (and less than 14 days have elapsed)** and undergoes weekly COVID-19 testing and submits such results to the District; or

Personnel

COVID-19 Staff Vaccination

- (2) The employee is exempt from the vaccination requirement because the vaccine is likely to be detrimental to the individual's health or the person is exempt due to a sincerely held religious belief and the employee undergoes weekly COVID-19 testing and submits such results to the District and the employee is able to perform the essential functions of his/her job with a reasonable accommodation that is not an undue burden to the Board; or
- (3) The employee undergoes weekly COVID-19 testing and submits such results to the District.

It shall be each employee's responsibility to provide proof of vaccination or to obtain and present documents in support of his or her entitlement to any exemption. Decisions regarding exemptions shall be determined on a case-by-case basis.

Employees who fail to comply with the above provisions will not be permitted to report to work or to enter into any school building or District facility. In addition, failure to produce proof of vaccination or weekly testing results will render employees ineligible for continued employment.

The New Milford Public Schools shall not pay for the costs associated with weekly COVID-19 testing.

Acceptable Proof of Vaccination

Employees may demonstrate proof of vaccination by providing **a copy of any one of the following categories of documentation plus a signed declaration of authenticity as described below:**

- ~~1. A CDC COVID-19 Vaccination Record Card or photo of the Vaccination Record Card;~~
- ~~2. Documentation from a health care provider or electronic health care records;~~
- ~~3. State Immunization Information Record, or~~

1. **A valid CDC Vaccination Card, which must contain the employee's name and date of birth, along with the manufacturer of (and date on which) the vaccine that was administered;**
2. **A record from the individual's vaccine provider providing the same information listed in #1, above;**

Personnel

COVID-19 Staff Vaccination

3. A certificate from the Vaccine Administration Management System (“VAMS”), if the individual received vaccination through the VAMS system, providing that same information, or
4. A copy of the individual’s official immunization record from the Connecticut Immunization Information System, (CT WiZ. State Immunization Information Record) providing that same information.
5. Other documentation prescribed by the Connecticut Commissioner of Public Health.

In addition, such documentation will not be deemed valid unless accompanied by the individual’s signed declaration as to the authenticity of their proof of vaccination (including any copies of such records submitted). The School will provide you with access to the declaration form to be used. Appendix A from “*Implementation Guidance for Executive Order 13G*” from Department of Public Health (“DPH”), dated 9/17/21.

Personal attestation (~~without the required documents~~) will not be accepted as an acceptable form of proof of a COVID vaccination.

Exemptions to COVID-19 Vaccination Requirement

1. Medical/Disability

District employees seeking to be excused from receiving the COVID-19 vaccination ~~due to medical restrictions and/or a disability~~ ~~because the administration of COVID-19 vaccine is likely to be detrimental to the individual’s health~~ must request a medical exemption from Executive Order 13G’s vaccination mandate via a form complying with the “Implementation Guidance for Executive Order 13G” (Appendix B) that is signed by that individual’s physician (MD or DO), physician’s assistant, or advance practice nurse practitioner. The District shall keep such documentation confidential to the extent permitted by law. ~~must submit a request in writing to the Superintendent or his or her designee, along with any supporting documentation as may be requested by the Administration. Such supporting documentation shall include a statement from a physician, physician’s assistant or advanced practice registered nurse indicating that the administration of the COVID-19 vaccination is likely to be detrimental to the District employee’s health.~~

Personnel

COVID-19 Staff Vaccination

The Superintendent or his or her designee shall engage in discussion with the employee and make an individualized assessment as to whether the employee (if unvaccinated) will expose others to the virus or otherwise pose a direct threat to safety and health of the school community, based upon the following considerations:

- the duration of the exposure to others;
- the nature and severity of the potential harm from exposure;
- the likelihood that this potential harm will occur; and
- the imminence of this potential harm.

If the Superintendent determines that the unvaccinated employee poses such a direct threat to the school community, the Superintendent will consider whether there are reasonable accommodations or mitigation efforts (absent undue hardship) that would eliminate or reduce the risk such that the unvaccinated employee will not pose a direct threat to others. Such measures may include but not be limited to greater isolation/social distancing and the use of enhanced personnel protective equipment, (for example, face shields worn in addition to masks), provided that they do not constitute an undue hardship to the District.

If the unvaccinated employee poses a direct threat that cannot be reduced to an acceptable level, the Superintendent may exclude the employee from physically entering any District schools or facilities. Such an employee may take, or be required to take, available leave pursuant to the terms of: 1. Any applicable collective bargaining agreement or individual contract of employment; 2. Any applicable Board policies, or; 3. Any applicable state or federal statutory provision such as the Americans with Disabilities Act (“ADA”) or the Family and Medical Leave Act (“FMLA”).

In making the above-described determinations, the Superintendent shall consult with local health authorities, and may consider the following factors, amongst others: 1. The general community (and workplace) spread of the virus; 2. The nature of the employee’s worksite, including the risk of exposing students, fellow District employees or other school community members to the virus; 3. The prevalence in the workplace of District employees who have already received a COVID-19 vaccination and the amount of contact with third parties, whose vaccination status may be unknown, and; 4. The availability and likely effectiveness of preventative measures.

2. Religious Practice or Belief

Individuals who object to vaccination on the basis of a sincerely held religious or spiritual belief may request an exemption from Executive Order 13G’s vaccination mandate by using an exemption request form provided by the District to the Superintendent; Appendix C from “Implementation Guidance for Executive Order 13G”; along with any supporting documentation as may be requested by the Administration.

Personnel

COVID-19 Staff Vaccination

~~District employees who assert that they are unable to receive a COVID-19 vaccination because of a sincerely held religious practice or belief, must submit a request in writing to the Superintendent, along with any supporting documentation as may be requested by the Administration.~~

The Superintendent or his or her designee shall engage in discussion with the employee and make an individualized assessment as to whether the employee (if unvaccinated) will expose others to the virus and thus pose a direct threat to the safety and health of the school community, based upon the factors described above.

If the Superintendent determines that the unvaccinated employee poses a direct threat to the school community, the Superintendent will consider whether there are reasonable accommodations or mitigation efforts (absent undue hardship, i.e., more than a *de minimis* cost or burden on the District) that would eliminate or reduce this risk so that the unvaccinated employee does not pose a direct threat to others. Such measures may include but are not limited to include greater isolation/social distancing and use of enhanced personnel protective equipment (for example, face shields in addition to masks), provided they do not impose an undue hardship on the District.

If the unvaccinated employee poses a direct threat that cannot be reduced to an acceptable level, the Superintendent may exclude the employee from physically entering the worksite. Such an employee may take, or be required to take, available leave pursuant to the terms of: 1. Any applicable collective bargaining agreement or individual contract of employment; 2. Any applicable Board policies, or; 3. Any applicable state or federal statutory provisions.

In making the above-described determinations, the Superintendent shall consult with local health authorities, and may consider the following factors, amongst others: 1. The general community (and workplace) spread of the virus; 2. The nature of the employee's worksite, including the risk of exposing students, fellow District employees or other school community members to the virus; 3. The prevalence in the workplace of District employees who have already received a COVID-19 vaccination and the amount of contact with third parties, whose vaccination status may be unknown, and; 4. The availability and likely effectiveness of preventative measures.

3. Weekly Testing

District employees who are not fully vaccinated by September 27, 2021, must obtain weekly testing for COVID-19 and present the results of such tests to the District. This requirement applies to District employees who are exempt from vaccination pursuant to the disability and religious practice or belief exemptions described above as well as any other District employees who were hired prior to September 27, 2021 and who are not fully vaccinated by September 27, 2021. Pursuant to Executive Order 13G, employees hired on or after September 27, 2021 do not have a COVID-19 testing option unless they apply for and are approved for an exemption or have received

Personnel

COVID-19 Staff Vaccination

the first dose of the vaccine but are not yet fully vaccinated. The only exemption to this testing requirement is for situations where employees can provide documented proof that they have tested positive for, or been diagnosed with, COVID-19 infection in the prior 90 days, using a District-approved form for such purpose. An individual granted a temporary waiver from SARS-CoV-2 testing must return to regularly weekly testing at the expiration date indicated on the waiver form if they are not fully vaccinated by that date.

The procedures for submission of testing results shall be determined by the Superintendent or his or her designee. It shall be the responsibility of the District employee to obtain such testing at his or her cost. Employees are expected to obtain such testing outside of regular working hours. The New Milford Public Schools shall not pay for the costs associated with weekly COVID-19 testing.

Such testing must be either PCR or antigen SARS-CoV-2 tests and must be administered and reported by a state licensed clinical laboratory, pharmacy-based testing provider, or other healthcare provider facility with a current "Clinical Laboratory Improvement Amendments" waiver. Only test results submitted to the District within 72 hours of the test administration date will be deemed compliant with the testing requirement. Test result reports should include the name and location of the testing laboratory or provider facility, the name of the person tested, the date the sample was collected, and the test result. Please note: Home-based testing and results obtained outside of the above listed types of facilities are not considered adequate proof of a test.

Weekly testing results along with proof of vaccination shall be maintained by the District as confidential employee medical information and only disclosed to District staff on a need to know basis.

Compliance and Discipline

District employees who fail to comply with the above provisions will not be permitted to report to work or to enter into any school building or District facility. In addition, failure to produce proof of vaccination or weekly testing results will render New Milford Public School employees ineligible for continued employment with the District. Accordingly, such employees may be subject to discipline, up to and including termination of employment. Any District employee who knowingly provides false or misleading information to the District regarding his or her vaccination status, eligibility or qualification to receive the vaccine, and/or in connection with a request for a reasonable accommodation, will be subject to discipline, up to and including termination of employment.

Personnel

COVID-19 Staff Vaccination

Employees who are subject to testing due to not being fully vaccinated will not be permitted to report to work or to enter into any school building or District facility unless the most recent test result provided is “negative” or indicate that virus material is “not detected”. Results provided as “inconclusive” are not considered negative results and as such require retesting. If an individual receives an inconclusive result and cannot be retested and provide a negative result within 7 days of their last negative test, then that individual should be excluded from on-site work until they can provide a negative test result.

Confidentiality of Medical Information

District employee vaccination information, weekly testing results and other medical information will be kept confidential as required by law. The District will maintain the confidentiality of such information to the most reasonable extent possible, in compliance with applicable laws and regulations, including but not limited to the Americans with Disabilities Act and Title VII of the Civil Rights Act, as may be applicable. If necessary, medical information may be shared in limited circumstances and subject to appropriate controls to those persons who have a legitimate need to know including but not limited to District administration, first aid and safety personnel, and government officials, as required by law or other relevant guidance.

District Contractors

Vaccination: On and after September 27, 2021, contractors must 1) authenticate the vaccination status of its contract workers, 2) maintain documentation of vaccination or exemption of such contract workers, and 3) provide such documentation upon request and report compliance to the District upon request in a form and manner directed by the Department of Public Health.

Testing: On and after September 27, 2021, contractors must 1) implement a policy that requires their contract workers who have not demonstrated proof of full vaccination to submit to COVID-19 testing not less than once per week on an ongoing basis until fully vaccinated and 2) provide adequate proof of the results of the testing on a weekly basis to the District, in a form and manner prescribed by the Department of Public Health. The Department of Public Health may promulgate a policy and procedures for limited-duration waivers of the testing requirements contained herein.

The above-named individual has requested a medical exemption from COVID-19 vaccination as required by their employer under the Governor’s Executive Order No. 13G. This request for exemption will be evaluated based on the medical information you provide. A medical exemption is allowed only for currently recognized contraindications or other compelling medical reasons.

The New Milford Public Schools requires a COVID-19 vaccination as a condition of employment. The above-named employee is requesting an exemption from this vaccination requirement under the Governor’s Executive Order No. 13G. A medical exemption is allowed only for currently recognized contraindications or other compelling medical reasons.

Please complete this form if the person listed above seeking a medical exemption is your patient, you agree that this patient has medical contraindications to receiving all currently available COVID-19 vaccines, and you recommend that this patient should NOT be vaccinated for COVID-19 based on their individual medical condition(s). More information on clinical considerations for COVID-19 vaccination, including contraindications, can be found on the CDC website: <https://www.cdc.gov/vaccines/covid19/clinical-considerations/covid-19-vaccines-us.html>.

Please complete the form below to enable the District to determine whether the above-named employee should be exempted from the COVID-19 vaccination requirements and/or if the above-named employee should be provided with any additional accommodations that do not impose an undue hardship on the Board. Part 2. Specific Contraindications Medical contraindications

As per the Connecticut Department of Public Health, *Implementation Guidance for Executive Order No. 13G* (September 17, 2021), medical contraindications and precautions for COVID-19 vaccine are based upon the Advisory Committee on Immunization Practices (ACIP) Interim Clinical Considerations for Use of COVID-19 Vaccines Currently Approved or Authorized in the United States, published by the Centers for Disease Control and Prevention.

A **contraindication** is a condition in a recipient that increases the risk for a serious vaccine adverse event (VAE) or compromises the ability of the vaccine to produce immunity.

A **precaution** is a condition in a recipient that might increase the risk for a serious VAE or that might compromise the ability of the vaccine to produce immunity. Under normal conditions, vaccinations are deferred when a precaution is self-limiting, but can be administered if the precaution condition improves.

Neither contraindications nor precautions to COVID-19 vaccination

Allergic reactions (including severe allergic reactions) not related to vaccines (COVID-19 or other vaccines) or injectable therapies, such as allergic reactions related to food, pet, venom, or environmental allergies, or allergies to oral medications (including the oral equivalents of injectable medications), are **not** a contraindication or precaution to COVID-19 vaccination. The vial stoppers of COVID-19 vaccines are not made with natural rubber latex, and there is no contraindication or precaution to vaccination for people with a latex allergy. In addition, because the COVID-19 vaccines do not contain eggs or gelatin, people with allergies to these substances do not have a contraindication or precaution to vaccination.

Delayed-onset local reactions have been reported after mRNA vaccination in some individuals beginning a few days through the second week after the first dose and are sometimes quite large. People with only a delayed-onset local reaction (e.g., erythema, induration, pruritus) around the injection site area after the first vaccine dose do **not** have a contraindication or precaution to the second dose. These individuals should receive the second dose using the same vaccine product as the first dose at the recommended interval, preferably in the opposite arm.

Please mark the vaccine(s), exemption duration, and all contraindications/precautions that apply to this patient for each vaccine.

* Immediate allergic reaction to a vaccine or medication is defined as any hypersensitivity-related signs or symptoms consistent with urticaria, angioedema, respiratory distress (e.g., wheezing, stridor), or anaphylaxis that occur within four hours following administration.

RELIGIOUS OR SPIRITUAL BELIEF
VACCINATION EXEMPTION FORM

Pursuant to Executive Order No. 13G, Covered State Agencies, School Boards, or Child Care Facilities may exempt an individual from the facility's COVID-19 vaccination requirement if an individual objects to the vaccination based on sincerely held religious or spiritual beliefs and practices. In such cases, the facility may allow the individual to continue to perform their job functions if the individual:

1. is able to perform their essential job functions with a reasonable accommodation that is not an undue burden on the facility,
2. does not pose a direct threat to the health or welfare of others, and
3. submits adequate proof of a negative test for SARS-CoV-2 on a weekly basis

A "sincerely held religious or spiritual belief":

- should be more than a social, economic, or political philosophy; and
- need not be tied to a specific religious organization, but should relate to a belief system that is comprehensive and addresses fundamental and/or ultimate questions.

To request a sincerely held religious or spiritual belief-based exemption to the Board's COVID-19 mandatory vaccination policy, please provide the information requested and return this fully completed form (Parts 1, 2 and 3) to **Human Resources Office, attention Catherine Gabianelli**, so that the District may evaluate your request for an exemption. If you refuse to provide such information, your refusal may impact the District's ability to adequately respond to your request or to effectively identify possible accommodations, which could lead to suspension or termination of employment in the event that you refuse to be vaccinated.

Please note, submitting this request does not guarantee approval of the exemption. You will be notified in writing if the exemption has been granted. If the information provided does not support that an exemption should be granted then you will need to be vaccinated against COVID-19 or obtain COVID-19 testing and provide the results of such testing to the District on a weekly basis.

COVID-19 Test Results Declaration

Pursuant to Executive Order No. 13G, all District employees, and any contract workers who work in District schools on more than a one-time or limited duration basis who are not fully vaccinated against COVID-19 by September 27, 2021, and who cannot provide documented proof of COVID-19 infection in the prior 90 days, are required to submit “adequate proof of the results” of COVID-19 testing to the District on a weekly basis. Exempted from this requirement are District employees who have experienced a documented COVID-19 infection within the past 90 calendar days. This is because some components of viral RNA may remain present in a COVID-19 recovered person’s body for up to 90 days, and as a result cause a person to test positive for SARS-CoV-2 even when they are not actively infected (i.e., false positives). Individuals who are experiencing symptoms of COVID-19 who have been infected in the prior 90 days should consult with their healthcare provider regarding the utility of SARS-CoV-2 testing.

To request a waiver on the basis of prior COVID-19 infection, please have your healthcare provider complete the information starting on page 2. You and your healthcare provider must attest to the accuracy of the information provided. Once the form is completed, please submit it to Human Resources Director Catherine Gabianelli.

FOR APPROVAL

COMMENTARY: On August 19, 2021, Governor Lamont issued Executive Order #13D which mandated that all Connecticut school employers implement a policy that requires that non-exempt school employees receive at least their first COVID-19 vaccination shot by September 27, 2021. On September 10, 2021, Executive Order #13D was repealed and replaced by Executive Order #13G which imposes the same vaccination requirement but provides that existing school employees can elect to undergo weekly COVID-19 testing in-lieu of vaccination.

Executive Order #13G does not impose any vaccination or testing requirements on school volunteers. The Board therefore has discretion to impose such requirements if it so chooses. The text added below would impose a vaccination or weekly testing option. The Board could opt for a testing only approach for volunteers rather than vaccination if it so chooses.

1212(a)

Community Relations

School Volunteers

The Board of Education recognizes that volunteers can make many valuable contributions to our schools. The Board endorses a program encouraging community residents to take an active role in improving schools and to become school volunteers in schools subject to suitable regulations and safeguards. Appropriate recognition of volunteer services shall be made by the Board and school district administration.

The Board of Education encourages the use of volunteers to: (1) increase students' educational attainment, (2) provide enrichment experiences for students, (3) increase the effective utilization of staff time and skills, (4) give more individual attention to students, and (5) promote greater community involvement.

The Superintendent shall establish procedures for securing and screening resource persons and volunteers. No person who is a "sex offender," as defined by Connecticut General Statutes §54-250, "Registration of Sexual Offenders" shall be used.

Only persons who have been fully vaccinated against COVID-19 or produce proof of negative COVID-19 test results in connection with a COVID-19 test undertaken no longer than 48 hours prior to the commencement of the volunteer assignment shall be eligible to serve as volunteers in the New Milford Public Schools.

Securing and Screening Volunteers

The Building Principal or his/her designee directs the use of volunteers within the school. Specifically, the Principal or designee directs volunteer recruitment, screening, placement, and training within the following perimeters:

Community Relations

School Volunteers

1. **Qualifications.** Volunteers may come from all backgrounds and all age groups. The main qualification for a volunteer is that he or she has a desire to give his or her time and talent in order to enrich student learning opportunities and the school community generally.
2. **Persons Not Allowed to Serve as Volunteers.** No person who has a criminal record of any felony conviction may serve as a volunteer. Criminal background checks shall be required of all prospective volunteers. Every time a new list of registered sex offenders is received, the Building Principal or his/her designee shall review it for any person's name who has submitted a volunteer information form during that school year. Whenever someone submits a new volunteer information form, the Building Principal or designee shall review the sex offender list. **In addition, persons who are not fully vaccinated against COVID-19 or who fail to submit negative COVID-19 test results as set forth in this policy shall not be permitted to serve as volunteers.**
3. **Recruitment.** School personnel may recruit volunteers through the following resources: parent(s)/guardians, parent organizations, retired teachers and other senior citizen groups, community businesses, local volunteer centers, and universities. If a staff member, other than the Principal, recruits a volunteer, the staff member must provide the volunteer's name and address to the Principal.
4. **Role.** Volunteers serve only in an auxiliary capacity under the direction and supervision of a staff member; they are not a substitute for a member of the school staff. Volunteers do not have access to confidential student school records.
5. **Selection, Placement, and Supervision.** Volunteer selection and placement shall be on the basis of the volunteer's qualifications and availability and the school's needs. A volunteer will be assigned to a staff member only with the staff member's consent. The relationship between a volunteer and staff member should be one of mutual respect and confidence.
6. **Screenings.** Screening volunteers is critical because of the vulnerability of the population the school district serves. Each volunteer must register in the school's main office at the beginning of each visit and wear a name tag while in the building. Unless he or she has already done so during the current academic year, the volunteer must complete an information form and waiver. Absent an indication on the form that the volunteer may not qualify, e.g. the volunteer is a convicted felon; the volunteer may proceed to the assigned activity.
A request to volunteer or to continue volunteering will be denied if the volunteer behaves in any manner that demonstrates he or she is not a good role model or is otherwise detrimental to the school environment. Examples of such behavior include: swearing, failing to be dependable, failing to follow the supervisor's instructions, committing any criminal act on school grounds or at a school activity, touching a student in a rude or overly forceful manner, failing to dress in an appropriate manner, or violating any school rule.
7. **Training.** Each academic year, when a person first completes the volunteer registration form, the Principal or designee should give the person a copy of this administrative procedure along with other pertinent information. The staff member to whom the volunteer is assigned is responsible for explaining his or her expectations of the volunteer. The Principal or designee should arrange appropriate training opportunities for those volunteer activities requiring a skill or knowledge base, e.g., working in the computer lab.

COVID-19 Vaccination or Negative Testing Option

All New Milford Public Schools' volunteers must be fully vaccinated against COVID-19 or produce proof of negative COVID-19 test results in connection with a COVID-19 test undertaken no longer than 48 hours prior to the commencement of the volunteer assignment. For purposes of this policy, "fully vaccinated" means that at least 14 days have elapsed since a person has received the final dose of a vaccine approved for use against COVID-19 by the U.S. Food and Drug Administration, or as otherwise defined by the Centers for Disease Control.

Prospective volunteers may demonstrate proof of vaccination by providing one of the following to the **[FILL IN APPROPRIATE OFFICE/CONTACT PERSON]**:

1. A CDC COVID-19 Vaccination Record Card or photo of the Vaccination Record Card;
2. Documentation from a health care provider or electronic health care records; or
3. State Immunization Information Record, or
4. Other documentation prescribed by the Connecticut Commissioner of Public Health.

Personal attestation will not be accepted as an acceptable form of proof of a COVID vaccination.

Otherwise eligible individuals who are not fully vaccinated against COVID-19 may be permitted to serve as volunteers within the New Milford Public Schools if they provide proof of negative COVID-19 test results in connection with a COVID-19 test undertaken no longer than 48 hours prior to the commencement of the volunteer assignment. For purposes of this policy Molecular/PCR or Antigen COVID-19 test results will be accepted but only so long as such tests are verifiable through a third party (i.e. rapid Antigen home testing results are not acceptable).

Approved volunteers who are not fully vaccinated must undergo and provide proof of negative COVID-19 testing results on a weekly basis for any volunteer assignment that is longer than a week in duration.

All volunteer and prospective volunteer testing information should be submitted in hard copy form to **[FILL IN APPROPRIATE OFFICE/CONTACT PERSON]**. Absent extraordinary circumstances the District shall not reimburse a volunteer or prospective volunteer for the cost of COVID-19 testing.

COMMENTARY: This policy is not mandated by law and is not a policy commonly found in school districts across the state. The rental portion of this policy is not particularly useful since it really just refers to policy 1330 which addresses community use of school facilities.

Legal recommends deleting this policy in its entirety.

New Milford, Connecticut

FOR SECOND REVIEW

COMMENTARY: Connecticut boards of education have discretion in determining the criteria for acceptance of gifts to their district. The below changes are recommended for clarity and to harmonize this policy with recommended changes to the Board's fundraising policies. In addition, the new language regarding donation of teaching services is added to better align with Connecticut General Statutes § 10-21c which provides that a board of education may accept the donation of teaching services only in identified areas with workforce shortages of certified teachers.

3280(a)

Business/Non-Instructional Operations

Gifts to the School

Because all gifts and/or donations to the school system become the property and responsibility of the school district, the Board shall have knowledge of and recognize gifts received.

The New Milford Board of Education is grateful for gifts and donations given to the school system, whether such gifts and donations ~~are solicited or unsolicited and whether they are made~~ be in the form of money, services, programs, equipment or other items of value. The Superintendent of Schools shall be authorized to accept, on behalf of the Board, gifts to the ~~school system~~ District of up to a cumulative value from one source ~~or fundraising campaign~~ of one thousand dollars (\$1,000), and shall notify the Board of such gifts at the next regular Board meeting. The Board shall ~~authorize the acceptance of all gifts to the District~~ approve gift/gifts ~~from one source or fundraising campaign~~ valued at one thousand dollars (\$1,000) or more; as well as gifts that shall likely involve future cost to the ~~school system~~ District regardless of value.

When gifts and donations are accepted, the Board of Education shall have care and custody of such items, and they shall be expended or used at its discretion; however, should the donor restrict the use of a gift or donation, the ~~board~~ Board shall honor the restriction or return the property to the donor.

The following rules shall apply to all gifts or donations:

1. Individuals, groups, or corporations wishing to give a gift or donation to the New Milford Schools shall direct their offer in writing or in person to the Office of the Superintendent. ~~This rule shall not apply to traditional or online fundraising campaigns (i.e. crowdfunding) as long as the campaign complies with the Board's fundraising policies.~~
2. Receipt of gifts and donations by the Superintendent shall be acknowledged in writing by the Superintendent's secretary; receipt of gifts and donations by the Board of Education shall be acknowledged in writing by the Board Secretary or Assistant Secretary.

Business/Non-Instructional Operations

Gifts to the School

3. The New Milford school system shall not be inappropriately influenced or constrained due to gifts and/or donations from an individual, group or corporate donor.

Donation of Teaching Services

~~Any donation of teaching services by private sector specialists shall be in compliance with Connecticut General Statutes § 10-21c and applicable collective bargaining agreements.~~

In accordance with Connecticut General Statutes § 10-21c, the Board may solicit and accept teaching services donated by business firms for qualified private sector specialists to teach in areas with a demonstrated shortage of certified teachers in those fields, as identified by either the State Board of Education or by the Labor Commissioner in accordance with Connecticut General Statutes § 4-124w. A private sector specialist shall neither be permitted to work more than one-half of the maximum classroom hours of a full-time certified teacher, nor will a private sector specialist have sole responsibility for a classroom. No certified teacher may be terminated, transferred, or reassigned due to the utilization of any private sector specialist. The Board shall annually review the need for private sector specialists. The Board's acceptance of any donated teaching services will be subject to applicable collective bargaining agreements.

Donation of Technology

If a donation of technology includes new computers or used computers that are ~~not more~~ less than two years old at the time of the donation, the Board of Education may accept such donation in accordance with Connecticut General ~~Laws~~ Statutes § 10-228b.

FOR SECOND REVIEW

COMMENTARY: The Board's existing fundraising policy does not address "crowdfunding" campaigns and is in need of general language clean-up. Use of "crowdfunding" websites (i.e. GoFundMe, AdoptAClassroom, etc.) by district employees raises a number of important issues that this policy seeks to address including control and ownership of funds, use of FERPA-protected images/student records, adherence to crowdfunding website terms of use agreements, etc. As a result, Legal recommends that the Board replace its existing fundraising policy entirely with this policy in order to address crowdfunding issues as well as general fundraising issues. Legal would also recommend that the administration use a new crowdfunding request form in connection with this policy.

Business/Non-Instructional Operations

School Fundraisers

Fundraising

While the Board of Education is committed to securing and allocating sufficient resources to ensure that all New Milford Public School students receive appropriate school programming, the Board recognizes that fundraising activities and campaigns allow teachers and organizations to procure supplemental funding for specific projects and programs that may greatly enhance the educational experiences of New Milford Public School students. Accordingly, the Board of Education permits District employees and District-affiliated organizations to participate in fundraising activities on behalf of District students so long as the rules and procedures set forth in this policy and its accompanying administrative regulations are strictly adhered to.

Definitions

Board Property

All money and items received in connection with traditional or crowdfunding fundraising campaigns shall become the property of the New Milford Public Schools unless explicitly disclaimed by the Board of Education. All money and items generated as a result of approved campaigns are subject to the same controls and regulations as other District monies and property except as otherwise provided for under state and federal law or Board of Education policy. In no event, shall any money or property received by the Board of Education pursuant to a traditional or crowdfunding campaign be distributed for any use inconsistent with the mission of the New Milford Board of Education.

Fundraising Campaign Requests

Written Request Requirements

District employees and eligible organizations wishing to initiate either a traditional or crowdfunding fundraising campaign for the benefit of the District must first obtain written permission to do so by submitting a campaign request form, consistent with the requirements of this policy, to the applicable building principal, or in the case of District employees not assigned to a specific District school, to a designated Central Office administrator. District employees and eligible organizations must receive written permission to engage in a fundraising campaign by a designated administrator before launching a fundraising campaign for the benefit of District students and programs.

Review of Fundraising Campaign Requests by Designated Administrators

Fundraising campaign requests shall not be approved by a designated administrator unless such administrator determines the following:

1. The proposed fundraising campaign has a purpose that is consistent with the mission and goals of the New Milford Public Schools and will not be inappropriate or harmful to the best interests of students;
2. The proposed fundraising campaign meets the requirements set forth in this policy and its accompanying administrative regulations;

16. Students in grades K-5 shall not be asked to solicit funds or sell merchandise outside of their home;
17. The proposed fundraising campaign will not be in conflict with state or federal law or Board of Education policy.

Prohibited Fundraising Campaign Activity

If a District employee or eligible organization's fundraising request is approved, the employee or organization must comply with all provisions contained in the approved proposal request form. Notwithstanding a building administrator's prior approval of a fundraising campaign, the Superintendent and Board of Education reserve the right to deny fundraising campaign requests or to direct District employees or eligible organizations to suspend or discontinue active fundraising campaigns, if the Superintendent or Board of Education determines that a particular campaign conflicts with the mission, goals or objectives of the New Milford Public Schools.

Approved fundraising campaigns must not:

1. Disparage the New Milford Board of Education, the New Milford Public Schools or any of its buildings, programs, students, or employees or paint the District or any of its buildings, programs, students, or employees in a negative light;
2. Include pictures of current or former District students on any website except with the prior written permission of the student's parent or guardian, or the student or former student, if the student or former student is 18 years of age or older;
3. Include the personally identifiable information of any District student or former student on any website;
4. Be used for personal gain or for any other purpose other than those expressly stated in the campaign's purpose;
5. Result in funds and/or items being directly provided or delivered to the District employee who requested the funds and/or items;

Business/Non-Instructional Operations

School Fundraisers

6. Solicit funds for items or projects that are religious or political in nature or that have a religious or political purpose;
7. Violate Title IX or any other applicable state or federal law;
8. Be contingent on additional District spending or require “matching” funds from the District or another organization;
9. Request food items that do not meet the “smart snacks” standards of the USDA regulations for school nutrition; or
10. Contain language that suggests or states that an item or items for which the donations are being sought are required for or otherwise integral to a student’s special education program, necessary for a student to achieve his/her IEP goals, or necessary to ensure participation of a student or students with disabilities in school or any program offered by the District.

Notwithstanding a building administrator’s prior approval of a fundraising campaign, the Superintendent and Board of Education reserve the right to deny fundraising campaign requests or to direct District employees or eligible organizations to suspend or discontinue active fundraising campaigns, if the Superintendent or Board of Education determines that a particular campaign conflicts with the mission, goals or objectives of the New Milford Public Schools.

Employee Requirements

District employees, including coaches, may not engage in fundraising campaigns related to their roles or duties as a District employee or otherwise benefiting the District, including District programs, initiatives, students or staff, without first receiving prior written approval from a designated administrator. Likewise, only eligible organizations that have received prior written approval by a designated administrator pursuant to this policy are permitted to utilize fundraising campaigns for District purposes or programs. Groups, clubs and/or organizations that have not been granted formal recognition or approval by the Board may not be granted permission to engage in fundraising campaigns on behalf of the District.

District employees and eligible organizations that have not obtained prior written approval to engage in fundraising activity pursuant to this policy may not solicit funds or items on behalf of the District; give the appearance of soliciting funds or items on behalf of the District on a crowdfunding or other website; use the District’s name, logo, mascot, or other identifying information on a crowdfunding or other website; or link to or reference any of the District’s

Business/Non-Instructional Operations

School Fundraisers

websites, social media sites, or any other online platforms on a crowdfunding or other fundraising website.

Absent prior written approval by a designated administrator pursuant to this policy, District employees are prohibited from identifying on a crowdfunding site that they are an employee of the District. Employees may not utilize their District email address for any crowdfunding campaigns, unless the campaign has been approved by the District.

District employees shall not use their positions to compel or coerce students, parents, guardians or community members to donate or otherwise participate in any fundraising campaigns. District employees shall likewise not take any adverse action against or withhold any benefit from any students, parents, guardians or community members who elect not to donate or otherwise participate in any fundraising campaign.

Approved Campaigns

Approved fundraising campaigns must operate in accordance with all applicable laws, Board of Education policies and administrative regulations. If a District employee or eligible organization's fundraising request is approved, the employee or eligible organization shall be responsible for maintaining all materials and information relating to the campaign and keeping District administration apprised of the status of the campaign. It shall be the continuing responsibility of the individual whose fundraising campaign is approved to ensure that all applicable laws and rules, including rules and requirements established by any crowdfunding site, if applicable, are followed.

Each Principal shall develop and maintain a list of all approved fundraising activities operating within his or her school and report all activities to the Superintendent pursuant to procedures issued by the Superintendent.

The Superintendent will furnish the Board of Education with an up-to-date listing of all fundraising activities being conducted in the schools during the Superintendent's Report portion of all regularly scheduled Board meetings.

Crowdfunding Campaigns

Crowdfunding campaigns may only be permitted to take place via crowdfunding websites that have been approved by the Superintendent or his or her designee. In order to be approved a proposed crowdfunding site must meet the following requirements:

Business/Non-Instructional Operations

School Fundraisers

1. The site must be operated by a legitimate corporation or limited liability company with no history of fraud, unlawful activity, financial mismanagement or other misconduct; and
2. The site must have a policy that requires funds and/or items donated to a crowdfunding campaign go directly to the applicable school or district and not the individual who launched the crowdfunding campaign.

The Superintendent or his or her designee shall maintain a list of approved crowdfunding sites. District employees or eligible organizations that want to use a crowdfunding site in connection with a campaign that has yet to be approved by the Superintendent or his or her designee may request that the proposed crowdfunding site be reviewed for approval.

When a crowdfunding campaign request lists multiple possible crowdfunding sites, those crowdfunding sites designed for crowdfunding by schools and/or educators shall be given preference, so long as they meet the requirements of this section.

If a District employee or eligible organization's approved crowdfunding campaign is not fully funded within the time period identified in the employee or organization's request form, then donations will be returned to donors in the form of "account credits." Likewise if an approved crowdfunding campaign cannot be completed (e.g., the requesting employee has left the District) then donations shall be returned to donors in the form of account credits.

Receipt of Donated Funds and/or Items and Supplies

Where a fundraising campaign requires the electronic transfer of funds, the Director of Finance shall ensure that such transfer is made properly and in accordance with acceptable standards of practice. Where such transfer cannot be properly achieved, the campaign should not be approved. The Director of Finance shall be promptly notified of any unused funds and determine the appropriate way to expend or return the unused funds.

The District reserves the right to refuse funds that have been raised through an approved fundraising campaign if it discovers that the project violated this policy or was in violation of a crowdfunding site's requirements, policies and/or regulations. The District likewise reserves the right to terminate any pre-approved fundraising campaign for any reason or withhold approval for any fundraising campaign project for any reason. Items obtained through fundraising must fulfill the purpose of the approved fundraising campaign.

Business/Non-Instructional Operations

School Fundraisers

All items/materials obtained through District-approved fundraising campaigns are the property of the District. While preference shall be given for the items/materials to be used and maintained by the employee who originally obtained them through initiating the fundraising campaign (where applicable), the District reserves the right to transfer such items/materials to another classroom and/or teacher, where necessary. Items received in response to a fundraising campaign must be delivered directly to the building administration of the building in which they will be used, if applicable.

A summary list of all approved fundraising campaigns and the funds and/or items/supplies received from each will be reported to the Board of Education by the Superintendent or his or her designee on an annual basis.

Sale of Merchandise

The sale of merchandise in connection with District-approved fundraisers must be conducted in accordance with all applicable state and federal taxing requirements. Generally only merchandise that is exempt from sales tax requirements will be permitted to be sold in connection with District-approved fundraisers. The District will not approve the sale of any merchandise that requires the District to collect and remit sales tax except without the prior approval of the Superintendent and the Director of Finance.

Delegation of Responsibility

The Superintendent shall adopt and implement all necessary administrative regulations to implement this policy. The Superintendent or his or her designee shall disseminate and explain information to building administration and post information on the District website. Building administration will be responsible for forwarding all information to staff and eligible organizations.

COMMENTARY: This policy is not legally mandated but may be useful for providing guidance in dealing with vendors. The suggested revisions on the first page are for clarity. On the second page, the reference to affirmative action contracting obligations has been replaced by a Non-Discrimination section. This change is recommended because Connecticut General Statutes § 4a-60 and 4a-60a only directly apply to “municipal works projects” and the Board ordinarily would not enter into such contracts since items like school construction and remediation projects are typically governed by school construction committees which are deemed town rather than board of education bodies. The added section on Non-Discrimination achieves the same objective and reflects state and federal non-discrimination statutes.

3313(a)

Business/Non-Instructional Operations

Relations with Vendors

The Board wishes to maintain good working relations with vendors who supply materials, supplies, and services to the ~~school system~~ **District**.

Constructive efforts by the administration to seek advice and counsel of vendors on how to improve such relationships are encouraged.

The **New Milford Public Schools** ~~schools~~ shall not extend favoritism to any vendors. Each order **placed with a vendor** shall be based on quality, price, and delivery **of services**, with **history of** past service being a factor if all other considerations are equal.

~~Representatives of sales entities shall limit their visits to administrative personnel at or above the level of business administrator, or if requested to do so, to other groups as determined by the above.~~

District staff below the rank of Director of Finance shall not meet with vendor sales representatives for the purpose of discussing District business except where expressly authorized to do so by the Superintendent.

In order to avoid the appearance of conflicts of interest:

1. No purchase of goods individually and/or collectively exceeding \$20 will be made from an employee of the school district nor from any enterprise in which he/she holds an interest or is employed unless the bid process has been followed.
2. No purchase of goods or services will be made from a member of the Board, nor from any enterprise in which he/she holds an interest or by which he is employed, except for public utilities or a company whose stocks are listed on **a** recognized stock exchange.

Business/Non-Instructional Operations

Relations with Vendors

3. The provisions of sections 1 and 2 shall also be observed when an employee or board member is involved in a purchase in a capacity such as a sales representative where he/she would profit financially as a direct result of the purchase. [The Board of Education may waive the provisions of sections 1 and 2 if the member's or employee's interest or employment relationship is fully disclosed and the Board of Education determines that the purchase is in the best interests of the school system.]
4. No employee or Board of Education member shall endorse for individual profit any product of any type or kind in such a manner as will identify him/her in any way as a Board member or an employee of the school district.

The provisions of this policy are subject to any more restrictive Town ethics rules applicable to school district employees or Board of Education members.

~~Affirmative Action~~

~~The school district shall require contractors to agree and warrant that they will not unlawfully discriminate or permit discrimination against any person or groups of persons on the basis of race, color, national origin, ancestry, sex, marital status, age, disability, religion, sexual orientation, gender identity or expression, veteran status, genetic information or any other status protected by law either in employment practices or in the provision of benefits or services to students or employees. The vendor or contractor will affirm that it adopts as its policy to support the nondiscrimination agreements and warranties required under Connecticut General Statute 4a-60(a)1) and section 4a-60a(a)(1), as amended.~~

Non-Discrimination

The District shall not contract with any vendor that it knows or has reason to believe discriminates against any person on account of such person's religion, national origin, alienage, color, race, sex, gender identity or expression, sexual orientation, blindness, mental disability, physical disability or status as a veteran.

Definitions

A "bid" is a formal procedure which indicates written specifications, a newspaper notice to advertisers, and a fixed date and time at which the vendors' returned sealed bids will be opened and publicly read.

5. Convenience of delivery
6. General reputation of business firms

FOR SECOND REVIEW

COMMENTARY: This is an optional policy that sets out a structured procedure for the consideration and approval of new proposed sports programs. If the Board wanted, this framework, or an alternate framework, could be expanded more broadly to apply to all proposed extracurricular activities. The October 1st date cited below is more or less an arbitrary date that could be moved as the Board deems fit. The procedures set forth below are also subject to adjustment as may be appropriate.

6145.3(a)

Development or Expansion of Athletic Programs

New Program Implementation

The Board of Education recognizes that the needs and interests of students may foster support for new athletic activities. Students, staff, parents or community members may recommend the development or expansion of a new athletic program not currently available by submitting a written proposal to the Athletic Director or the Superintendent. All proposals must include a proposed faculty advisor/coach, list the details of the proposed activity and provide an analysis of the factors listed below. Proposals for such new or expanded programs must be received by October 1st each year for consideration in the following year's budget.

The Athletic Director shall review and present such proposals to the Board along with his or her recommendation with respect to the proposal in light of the factors identified below. The Superintendent and applicable building principal shall also give their recommendations with respect to the proposed new athletic activity to the Board. Recommendation for the implementation of a new or expanded athletic activity may be carried out through the annual budget process before the Board.

All new sports programs will be designated to begin as either a freshman or junior varsity sports activity. A new sports program must first be conducted for at least one sports season (as an intramural or club program) before it is eligible to become a regular athletic activity. At the conclusion of an initial season for a new sports program

The Athletic Director, Superintendent and applicable building principal shall prepare a written evaluation of any new sports programs at the conclusion of its initial season and forward such evaluation along with a recommendation for the continued offering of the program to the Board for action in the context of the next budget cycle.

Development or Expansion of Athletic Programs

New Program Implementation

The Board, Athletic Director, Superintendent and applicable building principal shall consider the following factors below in considering whether to approve a new sport or athletic activity or to expand the scope of any existing sport or athletic activity:

- Demonstrated interest in the new or existing sport or program;
- Availability of local, same-level competition;
- Sustainability of student participation over time;
- Availability of practice and game facilities and space;
- Availability of staff, including quality coaches and trainers;
- Availability of adequate administrative supervision;
- Anticipated costs for coaches, equipment, uniforms, possible travel, competitions, etc.
- Liability and safety risks and projected insurance costs;
- Compliance with Title IX and other applicable state and federal laws

GUIDELINES FOR EXTRA-CURRICULAR ACTIVITIES

The Board of Education believes that not everything worth learning is learned in a classroom. Much that students and society value about education occurs outside of the classroom walls in extra-curricular or co-curricular activities. The Board of Education believes such activities are valuable and vital in educating our youth. As such, the Board of Education is committed to doing what it can, within resources available to it, to offer a range of activities - extra-curricular and co-curricular clubs or programs - that promote students' interest and involvement in their own education and in their own school.

In order to ensure that resources are in place to support such activities/clubs guidelines are set that allow the Superintendent and staff to respond to the always changing dynamics reflecting the needs and interests of students.

Establishment of a New Activity

When teachers propose a new extra-curricular activity, they must first put their proposal in writing to their principal, stating simply the following information:

1. The name of the proposed activity.
2. The purpose for the activity.
3. The approximate number of students the activity will serve.
4. The approximate costs to the school system for the activity for the coming year.
5. An estimated cost associated with the activity for at least two ensuing years.
6. The approximate number of hours the activity would meet.
7. Any unusual other information pertinent to the activity, including whether or not a supervisor would require any special expertise or training to offer the activity, and any special travel or events associated with the activity.

The principal will review the proposal. If he/she endorses the activity, it will be brought forward to the Superintendent for approval.

If the Superintendent approves the activity, he/she may recommend it to the Board for approval. If it is approved by the Board the responsibility rests with the administration to provide a plan for adequate funding for the activity in subsequent budgets.

Elimination of an Activity

A principal may recommend deletion of an activity or suspension of an activity for a year if there appears to be lack of interest among students for that activity. If he/she recommends elimination of the activity, that recommendation should be put in writing to the Superintendent, who will inform the Board.

If an activity is eliminated, the responsibility rests with the administration to eliminate funding for that activity in ensuing budgets.

Substitution of an Activity for Another Activity

If in the judgment of a principal, when a request is received for a new activity and the requisite funding already exists in an activity that is being recommended for elimination, the principal may request in writing to the superintendent the substitution of the new activity for the old activity.

If the Superintendent approves, the request will be brought to the Board for approval. If the Board approves, then the inclusion of funds for the new program is the responsibility of the administration in subsequent budgets.

The Board reserves the right not to approve the new program.

Accepting Donations or Gifts to Fund New Activities

The Board of Education may accept gifts and donations to underwrite extra-curricular activities recommended to it by the administration, including gifts for the stipends that advisors for such activities would command.

However, such extra-curricular activities remain under the purview of the Superintendent or his/her designee. Supervision and evaluation of the club advisors are entirely conducted by New Milford school administration.

Groups making gifts and donations may be required by the Superintendent to also submit details of plans involving the activity they are funding that may require additional funds on the part of the school system or require additional gifts/donations on the part of the individuals/or groups underwriting the activity. The reason for such

a requirement is to ensure the school system and the Board of Education have adequate understanding of what resources are necessary to begin and to sustain the activity.

Petition to Re-evaluate the Amount of a Stipend

The NMEA may request the Superintendent re-evaluate the stipend associated with an approved activity without prejudice to other contract language if it can be shown that the activity has clearly changed significantly in its demands on its advisor(s).

Such a re-evaluation would include submission of documentation on the part of the advisor of the variables by which the activity was originally categorized (i.e. number of students served, travel required, expertise required, number of hours required for activity to be run well). The Superintendent may, upon study and verification of the data, recommend to the Board that the stipend associated with the activity be revised.
