## Lake View Primary School - Summer Reading Academy

Dear Parent/Guardian:

This summer Lake View is taking steps to close the learning gap in regards to reading. Part of the plan is to provide a Reading Academy that uses established district curriculum and resources (Benchmark Advance and SIPPS) as well as teaching and learning tools to accelerate the learning of how to read. With the programming, a student also has access to FREE breakfast and lunch as well as transportation. This letter is to inform you of your child's current level of need. Regardless of the cause of reading difficulties, we believe that providing ongoing support, through the summer, can help accelerate reading and close learning gaps. Everyday attendance is expected with each program. Take a look at the calendar to ensure the program dates work with your family's summer schedule.

Your child will need the following support through Summer Reading Academy:

- Reinforcement of grade level reading curriculum through Benchmark Advance, AVID WICOR strategies, and/or STEM activities
- High-dosage reading interventions through SIPPS

Open enrollment has closed. Call Alyssa Covington at 928-608-4201 for information about open seats in the reading academy.
