Public Hearing – 2025/2026 School Budget – Bridget reviewed the budget with the public. Helen asked for some clarification regarding the Curriculum Director position. We explained that in order to add an Administrative position you have to have all districts vote and add to the following year’s budget. It’s already embedded in the tuition rate paid to Clarksville as they pay an assessment for this position currently. Helen mentioned there are only 4 students in High School for next year and 1 in Charter School. Helen asked about Charter school enrollments and if we have noticed an influx. Dana explained that we haven’t seen an influx in that but there has been some with homeschool students. Homeschool is very different than no school which we all know occurs. We are not allowed to reach out to them after they provide a letter of intent to homeschool. No communication can occur. It’s unfortunate as the kids suffer. Helen noticed the insurance cost increased. We will speak with Primex to discuss the minimum amounts charged for worker’s comp and unemployment insurance. It far exceeds the actual cost at the rate set.
